children amung them.

Life iz like a mug ov beer, froth at the top, oil in the middle, and settlings at

We should liv in this life az tho we war walking on glaze ice, liable to fall at enny moment, and tew be laffed at bi the by-standers.

Men, if they ain't too lazy, live sumtimes till they are 80, and destroy the time a good deal ez follows: The fust 30 years they spend throwing stuns at a mark; the second 30 they spend examining the mark tew see where the stuns hit, and the remainder iz divided in oussing the stunsthrowing hizzings and cussing the stun-throwing bizziness and nussin the rumatizz.

This settling down and folding our arms and waiting for something to turn up, iz just about as rich a spekulation as going out into a 400-acre lot, setting down on a sharp stone, with a pail between our knees and waiting for a cow to back up and be milked.

A curious incident recently occurred on the Pacific Railroad, as the train was going up a steep grade in Echo Canon.
The cars gradually slowed down until at
last they came to a dead halt. Upon
going out, it was found that they were was perfectly alive with them, and so many of them were crushed by the wheels of the engine, and the track was so greased, that the wheels would not take hold. Sand and brooms were brought into requisition, and when the hotel train overtook the other, by dint of its pushing, and men on the cow-catcher holding brooms on the rails in front, the cars got along, and soon left the grasshopper region.

A case of the old-fashioned, genuine sort of spontaneous combustion is reported by L'Union Medicale, in an article from the pen of Dr. Bertholle. The subject of it was a woman thirty-seven years of age, who was addicted to alcoholic drink. She was found in her room with the vicera and some of the limbs consumed, the hair and clothes having escaped. The very minute description of the state in which the deceased was found shows that ignition could not have been communicated from without.

A girl near Dayton, Ohio, recently won a bonnet by throwing her father twice out of three times in a wrestling match.

DR. J. BRADFIELD'S Female Regulator:

WILL bring on the Menses when they have not been established, also when they have been suppressed from unnatural causes. Will cure Rheimatism and Neuralgia of the back and womb. Will cure Painful Menstruation, and relieve the head, back and loins of those distressing pains and aches. Will check Menorrhagia, or "excessive flow." Will cure "Whites," and falling of the womb, when it is the result of relaxation or bad health.

It is as sure a cure in all the above diseases as Quinine is in Chills and Fever.

Ladies can cure themselves of all the above diseases sas Quinine is in Chills and Fever.

Ladies can cure themselves of all the above diseases without revealing their complaints to any person, which is always mortifying to their pride and modesty.

Mr. L. H. Braditeld—Sire. Please forward us, immediately, another supply of Bradfield's Fomale Regulator. We find it to be all that is claimed for it, and we have witnessed the most decided and happy effects produced by it. Very respectfully, HUNTER & ALEXANDER.

ATLANTA. GA. December 29, 1868.

Dr. J. Bradfield—DEAR SIR: I take pleasure in stating that sometime previous to the late war, I used, with utmost success, on a servant girl, your Female Regulator, prepared then at Bradfield's Drug Store, West Point, Ga. She had been suffering severely from suppressed menstruation, and this medicine restored her to health. She is, to-day, living in Atlanta, sound and well.

I will state further, that I know of its being used, with equal success, in other cases. I do WILL bring on the Menses when they have not been established, also when they

to health. She is, to-day, living in Atlanta, sound and well.

I will state further, that I know of its being used, with equal success, in other cases. I do not hesitate to endorse your preparation for the purpose for which you recommend it.

Yours truly, JOHN C. WHITNER.

LAGRANGE, GA., March 23, 1870.

Bradfield & Co., Atlanta—Dean Sirs: I take pleasure in stating that I have used, for ithe last twenty years, the medicine you are putting up, known as Dr. J. Bradfield's Female Regulator, and consider it the best combination ever gotten together for the diseases for which it is recommended. I have been familiar with the prescription both as a practitioner of medicine and in domestic practice, and can honestly say that I consider it a boon to suffering females, and can but hope that every lady in our whole land, who may be suffering in any way peculiar to their sex, may be able to procure a bottle, that their sufferings may be not only relieved, but that they may be restored to health and strength.

With my kindest regards, I am respectfully, w. B. FERRELL, M. D.

Messrs. William Root & Son—Gentlemen:
Some months ago I bought a bottle of Bradfield's Female Regulator from you, and have
used it in my family with the utmost satisfaction, and have recommended it to three other
families, and they have found it just what it is
recommended. The females who have used
your Regulator are now in perfect health, and
are able to attend to their household duties,
and we cordially recommend it to the public.
Yours respectfully, Rev. H. B. JOHNSON.

Messrs. William Root & Son: About one year
ago I bought a bottle of Bradfield's Female
Regulator from you, for one of my daughters,
who had been suffering with suppressed
menses for some time. I have had several
Physicians attending, but met with no success
until I was persuaded to buy a bottle of the
Regulator, and it is the very thing for which
it is recommended. She is now in perfect
health. I hope all suffering females will, at
least, try one bottle, and have health again.
Yours respectfully, D. DOBBINS,
We could add a thousand other certificates;
but we consider the above amply sufficient
proof of its virtue. All we ask is a trial.
