Courage to do Right. To start at honor's call,
To start at honor's call,
To meet a foe, protect a friend,
Or face a cannon ball!
To show the world one hero lives,
The foremost in the fight—
But do we always manifest
The courage to do right?

To answer No! with steady breath,
And quick, unfaltering tongue,
When fierce temptation, ever near,
Her syren song has eung?
Te care not for the bantering tone,
The jest, or studied slight;
Content if we can only have
The courage to do right?

To step aside from fashion's course Or custom's favored plan; To pluck an cutcast from the street, Or help a fellow-man? If not, then let us nobly try,
Henceforth, with all our might,
In every case to muster up
The courage to do right!

How a Dutch General was Circum-vented by an Actress.

It will be remembered by many of those who, during the early period of our "late unpleasantness," were so unfortu-nate as to acquire the title of "rebel prisoner," that there were many, very many, beautiful young actress in Philadelphia, ceive and distribute these benefactions among the prisoners soon became annoying and troublesome to prison commandants. This order, as might well be office of the commanding general, and as she entered, he was standing at a sheet while very effectuation with his back to the door. He ven-tured, however, to show the letter to one of the old inhabitants, who explained the whole matter to him, and advised him, by all means, to answer the letter at once. He did so; whereupon a cor-respondence ensued that proved profita-ble to him and agreeable to his fair benat once. efactress. The soldier was a well educated young Virginian, who managed to make his letters very interesting to the young actress.

Time wore on and the Confederacy wore out; and with the loss of the noblest and most righteous cause that ever evoked human effort or enlisted human sympathy, came a proclamation from President Johnson, releasing from im-prisonment all prisoners below the rank of major, upon condition that they took the oath of allegiance to the Government of the United States. Under these circumstances, it is not surprising that he became restive, and that every minute seemed a month with him.
