SHANGHAI, June 19.—Intelligence has been received from Chin-Kiang, that a body of native soldiery insulted the United States Consul and his wife. WASHINGTON, June 18.—A telegram was received by Adjutant-General Townsend, this morning, from Gen. Whipple, of Gen. Sherman's staff, dated St. Louis, Mo., June 17: A despatch received from Gen. Sheridan states a large war party of Sioux Indians attacked the settlement on Rock Creek, on the 5th, and stole about 400 horses, which were driven North and secured, notwithstanding the efforts of the troops to recapture them. Another war party of seventy-five were seen on the 14th, just South of Camp Robinson, supposed to be going South. The troops at Sidney Barracks have been ordered to attack this party and give it a severe punishment if possible. The period for the annual depredations of the Sioux has now arrived, and unless we strike some of these parties the settlements will be greatly annoyed. Gen. Sheridan says he presumes it is well known to the Indian Bureau that the Sioux Indians have violated, almost every month in the year, in the most outrageous manner, provisions of the treaty of 1863.

I came here not expecting to speak, and I think we have had enough speeches, and fully understand everything; but I unite with these gentlemen in thanking you, and in thanking the city of Boston and its vicinity through you, for the very cordial and gratifying reception which we have met here. We expected to be the recipients of some little civility at the hands of the gentlemen of Boston, even those who differed most widely with us; but we were not prepared to meet with this enthusiastic and splendid demonstration, which we have witnessed at your hands. We will return to Virginia and tell those people that they should come here and see for themselves, as we have seen, the people of Boston, and they will."

AN ORDINANCE FOR THE BETTER OBSERVANCE OF THE SABBATH DAY.

SECTION 1. Be it ordained by the Mayor and Aldermen of the City of Columbia, in Council assembled, That from and after the passage and promulgation of this ordinance, any merchant, shop-keeper or vender of wine, spirituous or malt liquors, in any quantity, either under a tavern or retail license, who shall keep his, her or their store, shop, bar-room or saloon open for the transaction of business on the Sabbath day, shall be subject to a penalty of not more than forty-five dollars, nor less than twenty dollars, at the discretion of the City Council of Columbia, for each and every violation of this ordinance.

SEC. 2. And be it further ordained, That any person who shall publicly work or labor, or employ any other person to do so, on the Sabbath day, (except in cases of emergency,) shall be subject to a penalty of ten dollars for each and every offence.

WHAT THE WEAK NEED.—Why do the debilitated and feeble dread the summer? It is because heat is an exhausting element, and they are not in a condition to bear the new drain upon their languid systems, which they think must necessarily commence with the warm weather. But cannot this evil be obviated? Most indubitably it can. What these weaklings need—in fact, what nine-tenths of us need at this season—is an accession of physical vigor, and this desideratum can be secured, with absolute certainty, by a course of the mightiest, yet mildest, of all vegetable tonics, Hostetter's Stomach Bitters.

Thousands of men of business, mechanics and professional men, break down, partially or wholly, under their summer labors, simply because they have neglected to reinforce the powers of nature in this way. To persons who use the celebrated invigorant and corrective regularly in hot weather, the exhaustion which excessive heat is apt to produce under other circumstances is unknown. They are not troubled with nausea, their appetites are good, their digestion excellent and their habit of body all that can be desired. This for twenty years has been the uniform testimony of all who have taken the Bitters as a summer tonic and alterative. Its efficacy is due to the care and scrupulous fidelity to the teachings of experimental science, with which its medicinal ingredients have been culled from the vegetable kingdom, the admirable proportions in which they are combined and the unequalled purity of its stimulative basis.

It is truly wonderful, the variety and ingenuity of the conveniences for the desk and office—pens of varied patterns, inkstands possessing unnumbered advantages, letter files, each one the best, envelopes of size and qualities infinite. It is almost bewildering to enter the large Broad street store of Walker, Evans & Cogswell, in Charleston, and see the number of these attractions. Here you find the largest stationary stock South of Baltimore, and you only have two troubles—first, sufficient cash; and, second, the difficulty in deciding among the many things offered, each equally suitable to your wants.
