the possessor of a quarter of a million of dollars, will be borne to his grave from an obscure part of the District of Southwark. Truth is quite as strange as fiction.

Later from Europe--Arrival of the Niagara. BALTIMORE, March 31. The Royal Mail steamship Niagara, Captain Ryrie, arrived at Halifax on Wednesday night from Liverpool, which port she left on the 19th instant. Her advices were not received in Baltimore until I o'clock on Thursday morning. The U.S. Mail steamship Arctic arrived at Liverpool at midnight on the 17th instant, in ten days and twelve hours from New York, and the British steamship Alpa, on the 18th in twelve days and twelve hours. THE LIVERPOOL MARKET .- In the Cotton market prices for American descriptions infproved under the influence of the Arctic's ad-

vices, fair and middling qualities having ad-, vanced from a sixteenth to an eighth of a penny. The sales during the week comprised 58,-250 bales, of which speculaters took 10,250, and exporters 750 (?)

On the 18th, the day preceding the departure of the Niagara, the market opened active, but fell off at the close, the sales having amounted to between 7,000 and 8,000 bales.

The Circular of Messrs. Hollinshed, Fetly & Co. attributes the advance to the natural reaction after depression, and to the short stock now in the hands of spinners. McHenry's Circular quotes a sixteenth advance for the week.

The quotations are as follows : Fair Orleans 6 3 8d; Middling Orleans, 5 5-8d; Fair Mobile, 6d; Middling Mobile, 5 1-2 to 5 5-8d, Fair Upland, 6d, and Middling Upland 5 1-2d. STATE OF TRADE .- At Manchester Trade

has slightly declined.

THE LONDON MARKETS .- The Coffee market is firm with an upward tendency. The Botton market is firm at an advance of an eighth of a penny. In Rice there is but a small business doing, and the sales during the week ouly comprised 100 casks.

HAVRE MARKETS .- Prices in the Cotton market have advanced under the influence of the Arctic's American advices. The sales on the 18th inst. amounted to 2000 bales, and Orleans Tres Ordinaire was quoted at 92 francs. The Rice market opened active, but fell off at the close. The sales during the week summed up 250 casks, at from 31 to 32 francs.

ENGLAND .-- Lord John Russell stated in the House of Commons that the Sardinian Government had requested British intervention against the sequestration, by Austria, of the property of Sardinian subjects, and that in consequence of this request, he had written a strong letter to Vienna. Lord John also informed the House, that the Mexican Government had reduced the duty on printed calicos.

Advices received in London from Alexandria, Egypt, state that there existed in that city a commercial crisis, and that there had been heavy failures among the grain speculators there.

The news from the Cape of Good Hope holds out a prospect of peace. The U.S. steam frigate Mississippi sailed on the 2d of February for Japan.

Advices received in England from Buenos Ayres to the 2d of February, state that the civil war was still raging, and that the attack was expected to be made on the city the next day. Mr. Gore, the British Charge d' Affairs, had been expelled. The British Minister at Rio had died.

France was quiet. It is now said to be uncertain whether the Pope will be present at the coronation. There was a rumor on the Bourse that an English Fleet had entered the Dardanelles, which caused the funds to fall. The report, however, was subsequently denied. The

LARGE SALE OF RAILBOAD IRON .- A sale of five thousand tons of railroad iron was made in New York on Thursday by an agent of one of the largest Welsh manufacturers at £9 per ton, cash, free on board in Wales. This brings the price here to about \$70 per ton. There has been a pause is the market for two or three weeks; but this is a new movement, and indicates that the prices of rails are to be kept

up. The railroad iron production of this country is now about 75,000 tons per annum. The wants of the country this year, it is believed, will be 300,000 tons, and next year 400,000, if the present prosperity of the country continues.

A Mr. D. McCullough, of Alabama, was recently in Cuba, where he saw the Hon. WM. R. King. He communicated the following information in reference to the editor of the Mobile Advertiser, in whose paper it appeared on Saturday last. We truly regret to hear such sad intelligence from our esteemed Vice President:

"While at Cuba, Mr. McCullough paid a v to Col. King, who is comfortably settled at a gar estate called Lamerales, about twenty-f miles from Matanzas. He found the Vice Pre dent very much emaciated, unable to stand with out support, and only able to converse in a l tone of voice. Col. King expressed himself without any hope of recovery, and desirous th the people of Alabama should know his real s uation. It is his wish to return to this State the first of April, should he live so long. He d not wish to die abroad. The Fulton, it is unde stood, is to await his orders. He had not taken the oath of office, neither had he refus to take it, as has been stated by the papers. Judge Sharkey had some doubt as to his author ty under the act of Congress to administer t oath out of Havana, but having recently received full instructions from Washington, he informe Mr. McCullough just previous to his departure, SALT......per sack. that he intended visiting Col. King immediately for that purpose. The oath has doubtless been administered before this."

"A WALL AROUND THE HEART."-The habit of obedience or submission to rightful authority, is the foundation stone of the character of the good boy. To obey is the first lesson to be impressed upon the child, and long before he reaches his tenth year the habit of obedience should be a part of his very nature. Nearly all the other virtues and graces of character depend upon the existence of this habit; and if it is wanting the heart is thrown open to a rude train of vices which seldom fail to take possession of the citadel. Obedience is a wall around the heart. So long as it stands, all is safe; but let even a small breach be made, and the enemy will begin to pour in .- The Boy's Own Guide.

OBITUARY.

DIED-On the 24th ult., at his residence in Kershaw District, near Flat Rock, Mr. WILLIAM D. McDOWELL, after a protracted illness, in the 46th year of his age. He had been a member of the Baptist Church for 20 years, a Deacon and Secretary of the same. His virtues were rarely to be found, and excelled by none. He was a consistent christian, with a soul filled with

love to all mankind. In his circle of life he was beloved by all-at home, he was hospitable, a kind and affectionate husband, a loving father, a merciful and generous master. But he has left us and all those earthly virtues, and also a beloved companion and two little children to mourn their loss, and, we trust, practice his virtues.

We feel satisfied death, to him, is the gate to Heaven-so then, our loss is his infinite gain. If so, let us inscribe on his tomb, he has loved virtue, he has died happy, and death has no more dominion over him-he is now where the wicked cease from troubling and the weary are at rest. His happy spirit has his hopes realized, his faith turned into sight, and is forever to be with the Lord to behold his beauty, and live in his
