

In application to the next session of the Legislature for an increase of capital stock.—Salisbury (N. C.) *Watchman*.

Later from Europe.

BALTIMORE, May 5.—The Royal Mail steamship Asia has arrived at New York from Liverpool, which port she left on the 23d ult. Her arrival from Havre are to the 20th ult.

THE LIVERPOOL MARKETS.—The demand for Cotton for the trade and for export has been moderate during the week, and prices have declined an eighth of a penny on the rates prevalent on the 15th ult. The middling and lower grades have declined most. Holders, however, are not pressing on the market. The sales during the week have comprised 42,000 bales, of which speculators have taken 5,000 and exporters 3,000. The quotations are: Fair Orleans 6 5-8d, Middling Orleans 5 3-4d, Fair Uplands 6 1-4d and Middling Uplands 5 5-8d. Another despatch however, quotes Fair Orleans at 6 1-2d, Middling Orleans at 5 7-8d, Fair Uplands at 6 1-4d and Middling Uplands at 5 3-4d.

The demand for Rice has been good, and prices have advanced one shilling per cwt.

STATE OF TRADE.—In the manufacturing Districts has slightly declined.

HAYRE COTTON MARKET.—The sales of Cotton during the week ending the 20th ult. amounted to 10,000 bales.

FOREIGN ITEMS.—Dr. Achilla is about to leave England for America. Lord Clarendon stated in the House of Lords that negotiations were still pending with the United States respecting the North American Fisheries, and that in the meantime Admiral Seymour's Squadron will continue on the fishing grounds as she did last season. Kossuth's friends are taking steps to prosecute the London Times for libel.

A difficulty has arisen between Turkey and Greece, the former insisting on its right to three villages claimed by the latter, and both parties have moved troops to take possession of them.

The difficulty between Russia and Turkey is still unsettled, and the former is growing impatient.

A Democratic conspiracy has been discovered at Hanover. The conspirators attempted to seduce the soldiers from their allegiance.

In conformity with a resolution of the City Council, the following citizens have been appointed Delegates to attend the Commercial Convention, to be held at Memphis, Tennessee, on the first Monday in June next, to consider various objects of interest to the South and West, according to invitation from the authorities of that place tendering the hospitalities of the city to the Delegates from Charleston:

- T. L. Hutchinson, G. A. Trenholm, Henry Gourdin, Chas. M. Furman, Henry W. Conner, Col. Jas. Gadsden, Edward Sebring, Wm. M. Lawton, Otis Mills, M. C. Mordecai, W. J. Bennett, Jas. M. Caldwell, Geo. H. Ingraham, J. T. Tupper, F. Lanoue, Wm. C. Dukes, Abraham Tobias, Geo. H. Walter, Jas. S. Bowie, John E. Marley, S. Hayden, A. F. Browning, J. Schriener, T. P. Huger, J. D. Aiken, Wm. Calkins, Geo. W. Brown, Richard Reynolds, Chas. Kerrison, M. P. Mathiessen, A. G. McGrath, John Ravenel, W. R. Taber, John Deas, Robert Adger, P. A. Aveline, J. E. Blacklock, G. S. Cameron, Motte Pringle, P. C. Gaillard, W. A. Wardlaw, W. D. Porter, R. W. Hare, Jas. M. Wilson, Thos. G. Budd, S. S. Farrar, Alex. Gordon.

DAMAGES FOR CRUEL TREATMENT OF A SAILOR.—A seaman named Nelson, has recovered \$400 damages in the U. S. District Court at Boston, from a captain of a vessel named Richardson, for cruel treatment, inflicted, by the mate, with the consent and knowledge, as the court held, of the captain. It was proven on the trial that he was severely beaten nine times, with the fist and a rope, and also kicked; at one time he was dragged the whole length of the deck by the hair of the head, and at the same time whipped with a rope. At night he was confined in the store room among the rubbish, without a bed, and where he could not stand up. At another time he knocked him down senseless with a belaying pin, and afterwards kicked him. When he recovered, he sent him out on the end of the boom, where he followed him and beat him with a rope for twenty minutes.

SOUTH CAROLINA COLLEGE.—At a meeting of the Board of Trustees held last evening, the report of the Special Committee on the Bursar's department was adopted, modifying the present compulsory attendance on Commons.

A Bursar will be annually elected, who shall have the use of the buildings, garden, and furniture of the Bursary, and receive three dollars per week for each student who boards with him, as compensation for the obligation to keep a good boarding house.

The Faculty are allowed to license private boarding houses, with certain restrictions, and students will be privileged to board at them on the written request of parents or guardians—the charge for board being left to private agreement. Students will have the option of boarding either at the Bursary, or the licensed houses.—*Columbia Banner of Thursday*

TAKEN UP.—On Sunday night week, a negro man was captured in this town, who turns out to be Jim, the slave of the late Mrs. Cunningham, of Liberty Hill, Lancaster District. Mrs. Cunningham, some eight months ago, was found dead, hanging to a peach tree in her garden. The circumstances were such as to lead to the conclusion that Jim and his wife were concerned in her death. Jim ran away, and has lain out up to this time. He was taken from Marlborough Jail on Saturday last, and carried back to stand his trial.

Cheraw Gazette.

WHICH IS THE WEAKER SEX?—Females are called the weaker sex, but why? If they are not strong who? When men must wrap themselves in thick garments and encase the whole in a stout overcoat to shut out the cold, women in thin silk dresses, with neck and shoulders bare, or nearly so, say they are perfectly comfortable when men wear water-proof boots over woolen hose, and encase the whole in India rubber to keep them from freezing, women wear thin silk hose and cloth shoes, and pretend not to feel the cold! When men cover their heads with furs and then complain of the severity of the weather, women half cover their heads with straw bonnets, and ride twenty miles in an open sleigh, facing a cold north-wester, and pretend not to suffer at all. And then is not woman's mental strength greater than man's? Can she not endure suffering that would bow the stoutest man to the earth? Call not woman the weaker vessel!

for had she not been stronger than man, the race would long since have been extinct. Her's is a state of endurance which man could not bear.

A GOOD LIFE.—The beauty of a holy life constitutes the most eloquent and effective persuasive to religion which one human being can address to another. We have many ways of doing good to our fellow creatures, but none so efficacious as leading a virtuous upright, and well ordered life. There is an energy of moral sensation in a good man's life, surpassing the highest efforts of the orator's genius. The seen but silent beauty of holiness, speaks more eloquently of God and duty than the tongues of men and angels. Let parents remember this. The best inheritance a parent can bequeath to a child, is a virtuous example, a legacy of hallowed remembrances and associations.

TO THE SICK.

For the effectual rooting out from the system of a disease brought on by indigestion, biliousness and in purity of the blood, it is a widely and well known fact that **WRIGT'S INDIAN VEGETABLE PILLS** are the great PANACEA. Throughout the entire South, these Pills have long been held in the highest repute, both by private individuals and by the Medical Faculty of our country. Southern fevers and Southern diseases generally, yield to their influence at once; and the unfortunate victim to "early illness and woe" is made to thank Heaven that a sovereign balm has been provided.

Let each try them for himself and if the medicine fails to satisfy, the experiment shall cost him nothing.

THOS. J. WORKMAN, Agent for Camden, S. C., and sold by Druggists and Merchants throughout the country. June 28—ly.

POISONING.

Thousands of parents who use a Vermifuge composed of Castor Oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundation for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hobe'sack's Medicine, to which we ask the attention of all directly interested in their own as well as their children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobe'sack's Liver Pills.

Do not be deceived, but ask for Hobe'sack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBE'SACK, as none else are genuine.

ANOTHER SCIENTIFIC WONDER.
IMPORTANT TO DYSPYPTICS.
DR. J. S. HOUGHTON'S PEPSIN, THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, prepared from RENNET or the FOURTH STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiologist and Chemist, by J. S. HOUGHTON, M. D., Philadelphia. This is truly a wonderful remedy for INDIGESTION, CONSTIPATION, JAUNDICE, LIVER COMPLAINT, DYSPEPSIA and DEBILITY, curing after Nature's own method, by Nature's own Agent, the GASTRIC JUICE. Pamphlets, containing Scientific evidence of its value, furnished by agents gratis. See notice among the medical advertisements.
