To the Physicians of the State of South Carolina.

WOLFFEN CELEBRATED SCHIEDAM AROMATIC SCHNAPPS.—Denying it unnecessary, to remind any regular member of the Medical profession of the established medical properties of pure Holland Gin in many diseases of dropsical tendency...

Amid the influx of inferior distillations with which the market is now flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can prescribe with confidence in its beneficial effects...

It is now scarcely one year since I have prepared and distributed my SCHIEDAM GIN exclusively for medical purposes; yet within that brief period, I have received numerous letters, both from physicians and patients, testifying to its really extraordinary efficacy...

The Aromatic Schiedam Schnapps is put up in strong bottles, pints and quarts, neatly covered and labelled with my name embossed on the bottle; also a fac simile of my signature on the label, and my seal on the cork...

Holland Gin as a Medicine. In our last number, we accompanied the publication of a circular on this subject, from our fellow citizen, Udolpho Wolfe, Esq., with a brief commentary...

We know not the object of Mr. Wolfe in designing his preparation by the singularly unappreciated name of "Schnapps"; nor of his denouncing it in his advertisements the "concentrated Tincture of Juniper"; instead of perpetuating its ancient title of Holland Gin...

As respects its medicinal and curative effects, we understand him to claim only that it is a pure and reliable article of Holland Gin, and as such, worthy of the confidence of Physicians, to those diseases for which they are strained by finding it impracticable to obtain the article in its pure state...

as being in every respect pre-eminently pure, and devoid of medical patronage. It is indebted for its superior quality, not to some essential materials, and to the highly moderate method of distillation which it has undergone, but to the choice botanical variety of the aromatic Italian Juniper Berry, whose more virtuous extract is distilled and rectified with its virtuous solvent, and thus becomes a concentrated tincture of exquisite flavor and aroma, altogether transcendent, in its cordial and medicinal properties, to any Holland Gin heretofore known.

Amid the influx of inferior distillations with which the market is now flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can prescribe with confidence in its beneficial effects.

It is now scarcely one year since I have prepared and distributed my SCHIEDAM GIN exclusively for medical purposes; yet within that brief period, I have received numerous letters, both from physicians and patients, testifying to its really extraordinary efficacy in Gravel, Incipient Dropsy, and affections of the Kidneys and Bladder generally; also in Dyspeptic Maladies, when taken in proper quantities as a Diet Drink, and especially at dinner, is found, by uniform experience, to be eminently efficacious in the most obstinate cases, when even the best of the usual remedies are failed to afford more than temporary relief, and I have no doubt that it would yield similar results with precision and certainty in your own professional experience.

The Aromatic Schiedam Schnapps is put up in strong bottles, pints and quarts, neatly covered and labelled with my name embossed on the bottle; also a fac simile of my signature on the label, and my seal on the cork, with an essay upon its properties.
