ARRIVAL OF THE ATLANTIC. NEW-YORK, Nov. 29 .- The steamship Atlantic has arrived from Liverpool with dates to

Consols, 94 5-8. Trade at Manchester had slightly declined.

There is no later information from the seat of war, but there were rumors of a decisive following official battle having been fought near Bucharest, though it was not stated who were victorious.

Details have been received of the recent affair at Ottenitza, which prove it to have been a brilliant Turkish victory, in which 1200 Russians were killed and wounded, and eight guns were captured by the Turks.

The Turks have nearly one hundred thousand men across the Danube. The Fourth Regiment of Poles in the Russian service, are evidently disaffected, having favored the passage of the Turks over the Danube, and neglected to give the alarm when they saw them brossing the river.

Gortschakoff, the Russian Commander, has received orders to act on the offensive.

The Turkish fleet are in the Black Sea; the Anglo French fleet are in the sea of Marmora. Russia has proclaimed an embargo on Turkish shipping from the 23d October, but neutral flags will be respected.

Count Nesselrode's diplomatic circular has been published, and has excited strong remarks from the French and British press. The Turkish Government will have nothing to do with the proposed amendment to the Vienna note, but insists on a perfectly new treaty, as a definite settlement.

KLAPKA, the hero of Comorn, has received a command on the Danube in the Turkish service. The Circasians continue to gain suc-

Louis Napoleon expresses himself strongly in favor of active operations to aid the Turks, but the British Government evidently vacillates. Prussia has given notification that she reserves to herself perfect liberty of action in Eastern affairs. Austria professes neutrality.

Shangai was captured by the Chinese insurgents on the 7th of September.

BALTIMORE, Nov. 29 .- Private advices from China state it was understood at Canton, that a party of rebels disconnected with the regular force, had taken possession of Shangai, and plundered the treasury.

BALTIMORE, Nov. 29 .- The Brazilian Government has sent out special Ministers to Peru, Bolivia, Equador and New Grenada; to effect a treaty to monopolise the trade of the Ama-

The Amazon gold discoveries are exciting great attention. Arrived at New York, 27th, bark Peter De

Arrival of the Asia.

BALTIMORE, Nov. 29 .- The steamship Asia arrived on Sunday forenoon. Steamer Andes sailed for Boston on the 16th. 'The Bank of England has given notice that it will discount amount stocks due in January, at three per cent. instead of four, as previously notified. The Bank of Amsterdam has raised the rate interest half a cent. Hamburg letters quote tight money market; discount sales rates 4 3 4

The Sultan has announced that he would place himself at the head of his army.

Latest.

VIENNA, Monday, 8.-The Russian commander moved forward to Ottenitza with twen ty-four thousand troops, mostly infantry. On the 11th met the Turks, and a pitch battle ensued. The Russians were compelled to retreat a second time in disorder on Bucharest. having lost three thousand men by four attacks on Oltenitza It is reliably stated, that on the 9th the Turks were driven from the island opposite Gerirgero; reinforcements came, when they retook the island, and held it. The Czar sum marily discharged the English operatives from the Russian Navy Yards.

Cotton remains quiet, except Middling Orleans, which is scarce, at freely offering prices quoted. Consols, ninety-four and five eights to three quarters.

The passengers by the Atlantic report that Aberdeen was about resigning to make way for a more warlike Ministry.

The Herald has letters from Consul Saunders at London, stating the Porte had notified Austria she must withdraw her troops from the frontier or have her neutrality guaranteed by France and England, or she will declare war against her, and march an army into Hungary under Kossuth, whose agent has been openly received at Constantinople.

The ship Marathon, arrived from Liverpool,

has had 64 deaths. BALTIMORE, Nov. 29 .- The rumor of an alliance between the Czar and Dost Mahomet reached England by different sources. Letters from Cabal state that a large Russian army was marching to the capital of Khiva, with the avowed purpose of conquering the country. These rumors, added to serious apprehensions of a movement among the Affghans, led to large reinforcements of British troops at Betaisor (?). The report that Persia was collecting an army to operate against Turkey was unfounded. The British are in a bad position in Burmah. The troops are everywhere in a state of siege. Nearly the whole of the new provinces are in the hands of the enemy. A famine was raging in Burmah.

CHARLESTON COTTON MARKET.—Sales Saturday 273 bales, confined chiefly to the lower

qualities-prices ranging from 7-3-4 to 10c. In the absence of three steamers now due, our market is dull and inactive. All grades above strict good Middling are firmly held.

The qualities of Cotton now arriving will not average over strict Middling; consequent- crat of the 15th instant has returns showing a ly the better descriptions are scarce and a dis-majority for a prohibitory law in the State of position on the part of Factors to hold on.

South Carolina Conference. The session of this body closed at Newberry on the 29th ult. Bishop Paine was compelled to leave on Monday, and Dr. Wightman presided during the remainder of the session. A large accession to the membership of the Church, white and colored, was reported. The missionand dollars, of which sum seventeen thousand sions within the bounds of the conference, principally to the blacks on the Low-country plantations. Twenty-eight Ministers of the Conference are employed in missionary services among the plantation negroes-a gratifying fact, showing how much attention is paid to the religious instruction of this class of the population, outside of the regular ministrations among them, where they have access to organised churches in town and country. HAS NOT BLED SINCE.

In all cases where persons are afflicted with bleed ing at the Lungs, take the resolvent, in table-spoon doses, three times per day. Also, take internally, one tea-spoonful of Radway's Ready Relief, in some water. It will instantly stop the most severe attacks. Keep the system regular, by by taking one of Radway's Regulators per day. As a styptic, Radway's Ready Relief is superior to all styptics in use. We have seen it stop violent bleeding of the nose, when all other means that were tried failed. Bad Coughs, Colds, Consumption in the earlier stages, the R. R. R. Reme-
