

AWFUL SUICIDE.—A man by the name of Palmer, a tailor by trade, (who has worked in this city,) came to his death in a horrible manner on Monday night last at Gaston. Just before the arrival of the freight train of cars from Petersburg, he went on the track, laid himself down between the rails crosswise, his neck on the iron bar and his feet firmly braced against the opposite rail. In this awful situation he awaited the approach of the locomotive, having attached thereto twenty-five heavily laden cars—all of which passed over his neck, producing of course instant death. He had placed his hat at a convenient distance, in which was found a letter announcing his determination to "shuttle off this mortal coil," and asking certain gentlemen named therein to make some provision for his destitute wife and three children. This is the same man who last year jumped out of the third story window of the Bollingbrook hotel, Petersburg. *Raleigh Register.*

It is truly gratifying, says the Dahlonega Watchman of the 7th instant, in a year of scarcity to see a flattering prospect of an abundant crop. From every source of information both by our exchanges and otherwise, we anticipate an unusually good crop of wheat.

The Milledgeville Recorder of the 28th ult. says of the crops:—"We have had an opportunity recently of looking at the crops in nearly a dozen counties, and we have heard from a great many more, and all seems cheering. The grain crops are especially fine, and promise a rich harvest."

The bay State Democrat tells this anecdote of a Boston Physician of olden times. When a young man, he occupied a chamber separate from that of a married couple by a thin partition. One cold night he heard the rough voice of the husband—"Take away your hoofs!" to which the wife replied, in a querulous tone, "Ah! you did not speak so when we were first married—and then you used to say to me, 'take away your little hoofsy footsy tootsys!'"

A large number of the citizens of Philadelphia have tendered the Hon. Daniel Webster a public dinner as a mark of their respect for him. Mr. W. passed through Philadelphia on Friday, with his family, en route for Boston; and during a temporary rest there, a committee awaited on him and made known their desires. He acceded to their request, and the dinner will take place, it is said, early next week.

REMOVAL OF FOREIGN BODIES FROM THE EYE.—A German writer has recently proposed that when a foreign body, such as a particle of straw, dust, &c., gets between the eyelids and the globe of the eye, but without being fractured, a solution of gum arabic, dropped into the eye, may be advantageously employed for its extraction, as the solution does not produce any disagreeable sensation.

PAUPER EMIGRANTS.—G. H. Goundie, U. S. Consul in Switzerland, has addressed a letter from Basle to the city authorities of N. York, in which he states that the evil of sending paupers and criminals to this country is on the increase. To counteract this shameful practice, Mr. Goundie translated, and caused to be published extensively in Switzerland and Germany, the Act of our Legislature, which requires that "owners, captains and agents, give a guarantee that such emigrants as they may land at New York, shall not fall a charge to the City or State, within two years after their arrival."

TRUE GALLANTRY.—Among a number of excellent toasts given at a late festival in a Western City, we find the following. **The Ladies:**—"We admire them because of their beauty, respect them because of their virtues, adore them because of their intelligence, and love them because we can't help it."

POTATO ROT—A CURIOUS FACT.—In the latter part of the summer of 1844, a farmer of the township of Lincoln, Addison county, Vermont, was quite behind all his neighbors in cutting his grass in his meadows. At night some waggish boys went into one of his meadows and cut down all the grass in it. They also went into his potato patch and cut a few swaths through it. When the time came for digging, his potatoes were principally rotten except where the boys had mowed off the tops. Those were found to be sound and good.

This experiment would seem to show, that the rot or disease begins in the tops; and suggests as a means of saving a crop, to apply the scythe as soon as the tops begin to die.

We see it announced in a New York paper, that at a recent wedding in that city, the bride, bridesmaid, bridesgroom and groomsman, were all cousins, and that thirteen other cousins, (making seventeen,) were present; also, an uncle to the whole party; and that the groom's father was brother to the bride's mother.

A Dutchman speaking of the avaricious propensities of one of his fellow workmen, said, "He is so mean dat, in de wedder wot ish so cold as it never was, he never wears drawer nor oonder shirt, and goes barefooted in his boots!"

PAT'S READINESS.—Pat called on a lady and gentleman, in whose employ he was engaged, for the purpose of getting some tea and tobacco. "I had a drame, yer honer, last night," said he to the gentleman.

"What is it, Pat?"
"Why, I dreamt that yer honer, made me a present of a plug of tobacco and yer ladyship there heaven bless her! gave me some tay for the gude wife!"

"Ah, Pat, but dreams go by contraries you know!"
"Faith, and they may be that," said Pat without the least hesitation, "so it is your ladyship is to give the tobacco and your honer the tay!"

EASTERN ANECDOTE.—As a woman was walking, a man looked at her and followed her.

"Why do you follow me?" she asked.

"Because I have fallen in love with you, he replied."

"Why are you in love with me," said she, "my sister is much handsomer; she is coming after me, go and make love to her?"

The man turned back and saw a woman with an ugly face. Being much displeased, he turned to the first and said—

"Why did you tell me a falsehood?"

"Neither did you speak the truth," replied she, for if you were really in love with me, why did you leave me to look upon my sister?"

There is much good sense in the remark, says an exchange, and if more were as sensible as this, there would be less inconstancy.

Dr. Spencer's Vegetable Pills, and Vegetable Tonic and Restorative BITTERS.

The value and efficacy of Spencer's Vegetable Pills have long been known and appreciated in a great variety of diseases, and as the best and most important of Family Medicines. Dr. Spencer having been actuated by a desire to benefit his fellow beings, has also prepared his Vegetable Tonic and Restorative Bitters, which he now offers to the public, as the result of an extensive practice, and thorough investigation of the laws which govern the human system.

They are purely Vegetable, and may be taken with perfect safety by all ages and sexes in youthful, adult and declining life.

The design of Spencer's Vegetable Pills and Vegetable Tonic Restorative Bitters, is to create a flow of pure healthy bile, instead of the stale and acid kind.

The object of the Pills is to stimulate all the vital organs of the system into action, and thereby cleanse the stomach and bowels of all the morbid and offensive matter with which the system is clogged, and which promotes disease. The Bitters are to strengthen and restore the stomach and vital organs, to their proper tone and vigor. When this is accomplished, good health must be the result.

The complaints that come most directly under their influence, and for which they are so particularly designed, are as follows: Biliary Fever, Fever and Ague, Dyspepsia, Liver Complaints, ick head-ache, Enlargement of the spleen, Jaundice, Piles Cholice, Bowel and summer complaints, Impurities of the blood, Female Obstruction, Heartburn, Incipient Diarrhoea, Habitual Costiveness, Determination of blood to the head, Loss of Appetite, Blotched or sallow Complexion and in all cases of Torpor of the bowels, where a cathartic or aperient medicine is needed. As many of the above enumerated diseases come on imperceptibly, and become far advanced in their progress before it is suspected that they exist in the system, no one should expect in such cases, to be at once relieved entirely, but should continue the use of the Medicine for a considerable length of time. Full directions accompany the medicines for their use, in all those complaints for which they are recommended.

Price 25 cents per box for the Pills, and \$1 per bottle for the Bitters.

Reader! do not fail to notice the following certificate from Mr James Lindsay, of Jefferson, Jackson co., Geo.

To Dr. p. n— March 18, 1846.

Dear Sir: I have made great use of your Vegetable Pills in my family for the last three years, and I consider them the best medicine in use. I have made considerable use of Peters' Vegetable Pills, and many others, but I am convinced that yours are superior to any of them. For ick Head Ache they are an excellent medicine; for Bowel Complaint I think them the best medicine I ever used. One of my neighbors are also using your Pills with the most decided benefit. In fine, I candidly confess that I have derived more real benefit from them than from any other medicine I have ever used; and I think that every family should always keep a supply of them on hand.
