 Give this a Trial. It has all the most important features of the most business it has ever.

APRECIATE great and for Family and have been especially prepared to supply the demand for large quantities and for the most part from the countries of the world. We are assured that our flour is entirely successful. To those who tried our MILL, we would say, believe it to be their interest to give a trial. After having tried the MILL, we have no more to say. Their interest in growing public flour, and since it has been put up, the flour has been improved in use in the States, which we would mention to our facilities for the flour. We have a separator and the latest improved flour in use in the States, which we would mention to our facilities for the flour.

Cleans Wheat Without Waste.
 This alone is of interest, we think, of advantage to farmers. It runs a mill, is superior to anything of the kind now. Our bolting is not surpassed, machinery is best. We have for and stable the stock of those who from a distance.

All Grs Weigh before they are Unpd.
 The MILL gives the person supervision and an experienced miller, and those who with their grain may rest assured of attention being given to their interest, the best quality and the best yield of flour given for quality of their wheat.

GIUS A RIAL.
 That best favors, would solicit a continuing same.

THE UNIVERSAL LIFE INSURANCE CO.,

It is incorporated under the laws of the State of New York, which legalize an expenditure of \$200 per annum, out of the funds of the husband for the purpose of Life Insurance, for the benefit of wife and children, which is always exempt from the claims of the husband's creditors. THERE IS A SECURITY DESIRED BY ALL WHO HOLD A LIFE POLICY.

THE UNIVERSAL IS SOUND.

Ratio of Assets to Liabilities 189 to 100

The plans of the UNIVERSAL, secures the largest amount of Insurance for the smallest possible premium.

Life Insurance is not an expense, it is money for a future day.

A Policy in the UNIVERSAL is far preferable to a deposit in a Savings Bank, in merely business view.

In the UNIVERSAL, the insured is safe against forfeiture.

The conditions are few and clear. The contract plain, and rates of premium as low as possible. Joint Policies are issued in favor of the Survivor, payable at the death of either party.

In advantages to the insured, the UNIVERSAL ranks high. The privilege of self-insuring (as Company) after three premiums have been paid, and receiving them in CASH. An equal value of a Policy, is among the many advantages offered in the UNIVERSAL. Much has been said about paying losses (Policies). The UNIVERSAL was incorporated to do that. Promised to do it, and has done so, and will do so promptly, upon receiving the necessary proofs of death. The UNIVERSAL is at work, and when it is known, the people like it. Try it now—at once. You may get sick and lose your life. You are sure to die some time; therefore, secure your family against want while you are.
