THE best evidence the world can have that negroes do not begin political riots in this State, is the fact that Beaufort County has eight colored to every white vote and yet we are at peace with all mankind. Democrats are not even inti midated into voting the Republican ticket and in many instances they have been placed in public positions by Republicans.

Ex-Gov. B. F. Perry says the republican party did not free the colored men but that the Convention of 1865 representing the slave holders did. Gov. Perry seems to have forgotten that they were compelled by a republican Congress to ratify the emancipation proclamation and that the democratic legislature of 1865 tried to undo the work by passing the Black Code.

EVERY Republican vote must be got out this fall. No business transaction, no public or private engagement must be allowed to interfere with voting. This must be considered a sacred obligation to be kept at all hazards and under all cirermstances. Republicans must work as if on one vote depended the salvation of the Republic. The lukewarm must be aroused to activity, the doubters must be convinced by the presentation of facts; every friend of the country must be enlisted in the great work of defense. The signs of times indicate a Republican victory, but our friends must remember that the result depends upon the work accomplished. If the work is thorough the triumph will be complete.

THE Republican party is like a staunch ship that has been tested by wind and wave and proven sea-worthy in every respect. She has met the fiercest tempests and brought her passengers and freight tbrough in safety. THE REPUBLICAN CANDEDATE.

Viewed Through Dearstratic Speciacles,

The interchange of courtesies between ov. Chamberlain and Gen. Keishaw, on Wednesday, must have been exceedngly pleasant and Gan. Keishaw never represented the popular seatiment more conceptly than when he said that "no one would give Gov. of the state.-News and Courier. We would like to be convinced that

we are wrong. But until this is done, until some one shows us how 30,000 republican majority, with a leader like Gov. Chamberlain in command, can be whipped out at the polts, we shall not draw our support from him, who, by his many official acts, has satisfied us that he is doing the best he can possibly do with

this state, for it required an assembly of six thousand persons to enforce such a decree. After a thousand years the democracy take it up, and the party of reform add another of of its principles, proscription ', and in some countirs the shot gun policy. "

In ancient times ostracism only lasted ten years and was afterwards held very honorable and a mark of great popularity. It will prove so again to the shame and disgrace of democracy in Carolina.

Be of Good Cheer. The Republican campaign in the

Southern States will begin next week, and the matter. ? ' as soon as the Indiana and Ohio elections are over will be made "red hot' by an army of leading Republican speakers, mostly distinguished Generals in the Union army.
