Notice

To the Widows and minor Children of deceased soldiers.

The widows and minor children of soldiers that died in the service of the United States, during the late war, are informed, that the law giving them communication, or five years' half pay pension, in lieu of land, expires on the sixteenth of February next, (1819.) Those persons that are entitled to the pension, amounting to 240 dollars, that do not apply for it before that period, will probably be forever after debarred from obtaining it. This notice, which is given by an agent in one of the Northern States, in the shape of an advertisement to claimants, inviting their application to him, we publish gratuitously; reminding them, at the same time that no agency is necessary in the case. Claimants who are ignorant of the mode of transacting the business, may avail themselves of the aid of the Representatives of their respective districts, in Congress, who will take the pleasure in affording it, at the approaching session, to make the necessary application, &c at the public offices.

A Lad

Of respectable character, who can read and spell, is wanted immediately as an apprentice to the Printing Business; he will be well treated. Apply at this Office.
