P. E. EZEKIEL,

Christmas comes but once a year. but Echard will soon depart and may never come again. Go at once and see the various styles of pictures he makes. All good and all cheap.

LOST, STRAYED OR STOLEN.-Two Beaufort editors. - Standard.

One of these travelled a hundred miles to see the "Black Crook" and when he returned was found seeking "Love among the Roses" in the front garden of a friend. When discovered he was trying to open a rose bush instead of the gate. Poor fellow! We drop a tear and pass on.

The Cotton Presses.

The press under the care of Mr. Graham is now in good working order. The same parties expect to put up another press near the present one at an early day. Mr. Bennett, superintendent of will be ready with two powerful presses in about ten days. There are two vessels waiting for their cotton freights for Liverpool.

There is some complaint by shipmasters that the Port Royal pilots are hard to find. Two vessels were sixty and seventy hours respecttively waiting outside for a pilot last week.

The new sidewalk on Bay street is a great improvement. It would be well to establish a uniform grade for our streets and compel the curbing and side walks to be put in good order.

Fire on St. Helena,

The store on the Land's End road, St. Helena, formerly owned by Mr Taft, but lately occupied by Nichols & Co., was destroyed by fire on Thursday night last. Eleven thousand pounds of seed cotton was lost, beside other things of value.

De Gun Shoot.

On Tuesday evening, between six and seven o'clock, the firing of heavy guns was heard here. The concussion shook the houses in town causing inmates a deal deal of surprise. Some thought of thunder some of an earthquake, and some remembered a time when we were all familiar with such sounds. The colored people, in some instances, were sure the Spaniards had come, and that we had a new war indeed. The firing seemed to be at sea south of us, and was heard again at a later hour in the night.

Christmas Ball.

Kingman has not let the hard times make him misanthropical. He loves his follow-creatures, especially some of them. So on Christmas there is to be an exemsi n from Augusta and a hall at the Sea Island Hotel. Music will be on hand f.om Augusta, and really a happy time

Dancing will commence at n ne o'clock. Tickets three delars.

What more acceptable present can you give your loved ones than a picture of likeness and a nice frame for from one to two ollars.

On Sun lay night thieves broke into Odell's smaller s ore and stole a dozen pies and some cakes. Dy-pepsia will probably catch the rogue, but the police ought to be more alert.

Johnson says he could not make out the Standard bill by the multiplication table. He had to do it by arithmetical progression.

The flats, boats, oars, sails, etc., belonging to Whitehall ferry will be sold on Saturday. See advertisement.

A testimonial is to be given to the steamer which takes out the first load of cotton from Port Royal. Subscriptions are received by J. C. Mayo. We think the Alice Reed ought to have something to commemorate the taking of her first load from Port Royal.

The Beaufort Club.

A meeting of the members of the old Beaufort Club, desirous of reviving it, will be held at the office of Geo. M. Wells, Phosphate company's dock, on Friday evening at half past seven o'clock.

A course of Lectures.

A meeting was held on Tuesday night, at the house of Mr. Lockwood, to take measures to institute a course of lectures in Beaufort this winter. Messrs. Lockwood, Wells and Johnson were appointed a committee to co-operate with a committe of ladies, with a view to immediate action on the subject.

of game, fish, turtle, clams and fine single oysters. None but the very best quality is wanted. If you have venison, ducks, quails, turkeys, fine poultry, fish, oysters, go to the Express office and get the cash for them. dec. 18 tf.

Twenty-five cents Reward.

The Town Marshal offers a reward of twenty-five cents for every dog delivered to him, found running at large within the town limits, not having a badge. Go in boys and get money for Christmas.

John P. M. Epping, of Grahamville, Beaufort county, has been appointed a special commissioner to take testimony in behalf of claimants from South mission at Washington.

The Taxable Property of Beaufort. OFFICE COUNTY AUDITOR, "Reaufoit, December 17, 1873

Will you allow me a small space in your column o correct sh error? Gen'l, Smalls was informed by one connected with the tax department in Columbia that the value of personal property of this county, as returned by me for 1873, was \$800,000 less than the mount returned in 1872. The facts are these: The amount of personal property returned by me in 1872 was \$1,510,149.83, while in 1873 I returned but \$1,121,-495, or just \$388,654.83 less than the amount return for 1872. But the return of the Port Royal railroad, amounting to \$373,999.83 is included in the amount returned for 1872, which if deducted will leave the amount of personalty for 1872 but \$1,136,150. Now if we substract from this last amount the \$1,121,495, returned for the present year, we have a difference of but \$14,665, in favor of the year 1872, which is the

The error probably arose from the fact that in 1872, I was instructed to return Railroad property as personalty, while this year I am directed to return said property separately. My abstracts on file at the Comp troll r-General's office in Columbia, will verify this statement.

Respectfully, L. S. LANGLEY, County Auditor

Incorporation for Port Royal.

Senator Smalls introduced a bill for the incorporation of Port Royal as a town, one day last week. We hope our delegation will attend to this at once and give us a charter. Although the population is not large the business of the port draws a great many people here, and the Port Royal Cotton Compressing Co., there should be some incorporated body ready to deal with all who congregate

> Secure the shadow ere the substance fades. Echard can make a beautiful picture at a small cost.

Assessment Blanks.

The town clerk will deliver during the coming week assessment blanks in order that citizens should make correct returns of their personal property. It is hoped that all will promptly comply with the notice of the clerk in order that trouble may be saved. Should the blanks be not filled up the clerk will make such an assessment as he may deem proper.

Dogs.

Anderson county has 2.974 dogs. which her people value at \$3,657, or about \$1.25 per capita. Laurens county has 3,186 dogs which are valued at has 3,186 dogs which are valued at \$15,930, or nearly \$5 per head. Beaufort county has 4,382 dogs, valued at \$24,313, or \$5.54 cents per head. So we are ahead in numbers and also in quality, as indicated by the price set upon them. It is noticeable that we have only \$5,173 worth of sheep and goats in the county, and even in hogs we have only twice the value of our dogs. Some queer communities devote much ime and labor to rai-ing sheep and hogs, but we find dogs much easier to raise.

Deaths on the Rail.

We learn, from relia le authority, that four colored men have been killed on the line of the Port Royal railroad within the last ten days, and that whiskey was the cause, each one having drank to a state of intoxication, laid down on the track and were crushed to death by the passing trains. Coroner James Patterson held an inquest on Saturday last, over the body of the one killed in this county, and the verdict of the jury was in acco dance with the above.- Barnwell

The Most Popular Medicine Extant.

1840, OVER 30 YEARS, 1873 SINCE THE INTRODUCTION OF

PERRY DAVIS' PAIN--KILLER

And after thirty years' trial the PAIN KILLER may justly be styled the great medicine of the world for there is no region of the globe into which it has not found its way, and none where it has not been largely and highly prized. Moreover, there is no climate to which it has not proved itself to be well adapted for the cure of considerable variety of diseases; it is admirably suited for every race. It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every medical chest; and is still receiving the most unquaitied testimonials to its virtues, from persons of the highest character and responsibility. Physicians of the first respectability recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for bruis s, e its, Burns &c., but for Dysentery, or Cholera, or cranberry sauce has been well digest- any sort of bowel complaint it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of India and other hot climates, it has been the Standard Medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Cancatsup, flavoring extracts, canned ker, Asthma and Rheumatic difficutties, it has been tamatoes, corn, peaches, nickles in proved by the most abundant and convincing testinony to be an invaluable medicine.
