SUPERIOR COTTON AND WOOLEN GOODS.

COLUMBIA MILLS.

THE Subscribers, in view of the GREATLY INCREASING demand for goods of Southern manufacture, have added very largely to the machinery in their extensive COTTON and WOOLEN MILLS, and are now prepared to furnish COTTON OSNABURGS, STRIPED OSNABURGS, COTTON YARN, WOOLEN PLAINS, WOOLEN KERSEYS or JEANS—all of which they WARRANT to be of SUPERIOR quality.

We also continue to manufacture Wool into Cloth, at very low rates, furnishing everything except the wool, and charging but 12½ cents per yard for Plain Cloth, and 16 cents per yard for Twills; or we will work it up for one half of the cloth it makes. This arrangement enables planters raising wool to obtain a SUPERIOR ARTICLE of Negro Cloth, at a very small cost. Planters or others sending us wool to work up, can send it *either clean or dirty*; if sent dirty, one half cent per yard extra will be charged for expense of washing it. We would *prefer* the wool to be sent clean, *as the yield will be more satisfactory*—dirty wool loses from 25 to 60 per cent in cleaning. Burrs are not objectionable as they are removed by machinery. THE NAME OF THE OWNER SHOULD BE MARKED DISTINCTLY ON EVERY PACKAGE SENT. This must be strictly attended to. We will also pay a fair CASH PRICE for any wool sent us. We solicit the patronage of the South, and pledge ourselves to give satisfaction to all of our customers. Address

from the eminent manufacturing chemists, Messrs. Potts & Klett, under whose personal supervision RHODES' SUPER-PHOSPHATE is manufactured. This Manure has been used in South Carolina for several years past, with great success in the culture of Cotton and Corn, and is now thoroughly established for these important staples. Do not let the present season pass without the experiment.

Read the annexed letters from gentleman who have tried it the past season.

AUGUSTA, GA.

ATHENS, GA., Nov. 22, 1859.

Dear Sir: Rhodes' Super-Phosphate has been applied by me this year, on a small scale, to both Corn and Cotton. The result exceeded my expectation, although the experiments, for many reasons, were not, and could not be conducted with due caution; yet I am entirely satisfied, that the growth of weed, in both instances, the fruit in corn, and the number of bolls of cotton, were fully double the yield in the portions unmanured, and this when only a table-spoonful of the Super Phosphate was applied as a top-dressing to each hill of corn, and a tea-spoonful to each stalk of cotton—and the last as late in the season as the 18th of July. Some of the weed grew to nine feet high, with six feet branches, covered with bolls, while the unmanured was not half so good. It is my intention next year, to test it more fully.

Very Respectfully,
Your most ob't serv't,
(Signed) M. C. M. HAMMOND.

Messrs. J. A. ANSLEY & Co.:

Gents.—I bought a ton of Rhodes' Super-Phosphate in Baltimore, last Spring, Mr. H. D. Leitner, of Berzelia, to test its value as a manure. I put about 125 lbs. on an acre of cotton, in the drill, on land that would not make over 75 to 100 lbs. of seed cotton per acre, without Manure. The result is entirely satisfactory. I have made at least from 450 to 500 lbs. to the acre on this very poor land. I expect to purchase from 5 to 8 tons for my Spring crop. My Overseer wishes me to put his name to this also.

Yours, in great haste,

MANIPULATED GUANO.

No. 83 SECOND STREET, BALTIMORE *January* 28, 1859.

REPORT OF ANALYSIS

OF

ROBINSON'S MUNIPULATED GUANO

FOR

FRANCIS ROBINSON, ESQ.,

BALTIMORE CITY.

A SAMPLE of the above which was taken at your Mills, was found, upon analysis, to be capable of producing of

Ammonia, - - - 8.31 per cent.

And to contain of

Bone Phosphate of Lime 45.62 " "

The above proportion of Ammonia and Bone-Phosphate of Lime is known to be most proper for concentrated manures. Both theoretical reasoning and the results of numerous practical experiments have approved of it. An application of 200 lbs. of this article article per acre, will supply more of Bone Phosphate of Lime than is required by any crop—thus leaving a considerable surplus of this valuable nutriment incorporated with the soil after cropping, and will furnish a sufficient quantity of ammonia to to act as a nutriment and stimulant.

CHAS. BICKELL, Ph. D.

REPORT ON

MUNIPULATED GUANO,

FOR

FRANCIS ROBINSON.

THE sample analyzed was taken by myself from the bags in the mill where the guano was manipulated.

It contained of

Ammonia, - - - 8.24 per cent.
Phosphoric Acid, - - 21.98 " "
Equivalent to
Bone Phosphate of Lime 47.59 " "

It is therefore an excellent manipulated guano, containing enogh ammonia to produce a rapid and vigorous growth, and sufficient quantity of phosphates to prevent exhaustion of the soil

CHEROKEE REMEDY.

An Infallible Cure for Gonorhœa

And all Diseases of the Urinary Organs.

THIS Remedy cures when all other preparations fail. It is entirely unlike every other compound, containing *no mineral poison* or *nauseous Drug*, as it is prepared solely from *Roots, Barks* and *Leaves*, and has been handed down from one generation to another by the *Cherokee Indians*. It is offered to the public on its own intrinsic merits. It performs its duty quickly and thoroughly. The *unfortunate* of either sex will be repaid by using this *Secret*, instead of placing themselves at the mercy of some quack or Professor. This *Remedy* strikes at the very *Root* of the disease; its tendency is not simply to suspend the poison, but to remove the cause on which it depends.—Full directions in pamphlet form accompany each bottle.—The speedy and permanent relief afforded by this Remedy, in all cases of *Gonorhœa, Gleet, Gravel, Stricture, Fluor Albus, (Whites in Females,)* and all Diseases of the Urinary Organs, has astonished the most scientific men of the age. This remedy not only eradicates all *poison* from the *system* but *invigorates* the most delicate constitution. ☞ It does not affect the breath or interfere with any class of business, or require any deviation from the usual diet. ☞ It requires no assistance from other medicine. And what enhances its value is the entire absence of all nauseous taste, being a pleasant and delicious syrup.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and cheerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it, contains but little of the virtue of Sarsaparilla or anything else.

During late years the public have been misled by large bottles pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little if any, Sarsaparilla but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system the remedy should be judiciously taken according to directions on the bottle.

Prepared by DR. J. C. AYER & CO., Lowell, Mass. Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint that it is entirely unnecessary for us to re-count the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF *Costiveness Jaundice Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.*

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic. Price, 25 cents per box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full description of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by all druggists
