## CARRIAGES.

E. J. TAYLOR

WOULD Respectfully inform those in want of BUGGIES, HARNESS, or light Carriages, that he has in stock a fine lot that he is selling at less prices than ever was offered in this market. To those those that have the cash to pay he would say that they cannot do better than to give him a call. He is selling

#### **NEW BUGGIES**

Lt One Hundred Dollars

His stock cannot be beaten in the upper-country, and the work is warranted, and he defies the country to beat it as to price and quality. He has sold in Abbeville District a great many Buggies and Carriages, and expects to sell many more. Therefore give him a call. He intends to keep on hand a large stock of all style Buggies, with and without Tops, and at prices that cannot be undersold. What is the use of going out of our District to get a fine Buggy when you can get it at Taylor's Shop, with Harness, Umbrella and Whip, all for One Hundred and Twenty-five Dollars,

Warranted for Twelve Months. Let us go and see them-that must be cheap-E. J. TAYLOR. Abbevilie C. H., Oct. 10, 1860, 24, 1f

before buying elsewhere as he is determined to sell as cheap as the cheapest and as good as the best. Every article sold is warranted.

Repatring of every kind done at short notice and on reasonable Terms. Carriage makers Stocksfor sale at low prices.

PHINEAS F. FRAZEE.

## THE SINGER SEWING MACHINE.

THE Marked and evert extending popularity of Singer's Sewing Machines—both in America and Europe—is such as best to establish their superiority over all others in the market. Sewing Machines—so Called—may be bought, it is true, for a smaller amount of dollars, but it is mistaken economy to invest anything in a worthless or unreliable article, and those who will do so must abide the consequences!

#### SINGER'S NEW PAMILY MACHIES.

In order to place the best Family Machine in the world within the reach of all, we have reduced our letter. A Machine beautifully arnamented—to \$60; plain \$50.

Singers's No. 1 and 2 Standard Shuttle Machines, both of very general application and capacity, and popular both in the Smilly and manufactory. Prices reduced, respectively from \$185 and \$150 to \$60 and \$100. Singer's Standard Shuttle Machine, for carriage makers and heavy leather work. Price, camplete \$125. Also, to complete the list, an entirely new article unequalled for manufacturing purposes; Noiseless, rapid, and capable of every kind of work! Price (including from stand and deawers.) \$110—cheaper at that in view of its value than the machine of any other maker as a gift.

tidl of Singer's Machines make the interlocked stitch with two threads, which is the best stitch known. Every person desiring to piecure full and reliable information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing van obtain it by sending for a copy of I. M. Singer & Co's' Gazerze, which is a heautiful pictorial paper, entirely devoted to the subject. It will be supplied Gatia.

The above are the act cash prices—transportation from the New York office to the place of sale, will be charged.

I. M. Singer & Co's Gazerra, which is a heartiful pictorial paper, entirely devoted to the subject. It will be ampplied Gais.

All orders promptly and faithfully executed, and all my work warranted to pice satisfaction.

All orders promptly and faithfully executed, and all my work warranted to pice satisfaction.

## J. A. ANSLEY & CO., NO. 300 BROAD ST.,

AUGUSTA, GA.

ATHENS, GA., Nov. 22, 1859.

Door Sir: Rhodes' Super Phosphate has been applied by me this year, on a small scale, to both Corn and Cotton. The result exceedep my expectation, although the experiments, for many reasons, were not, and could not be conducted with due caution; yet I am entirely satisfied, that the growth of weed, in both instances, the fruit is corn, and the number of bolls of cotton, were fully double the yield in the portions unmanured, and this when only a table-spoonful of the Super Phosphute was applied as a top-dressing to each hill of corn, and a tea-spoonful to each stalk of cotton—and the last as late in the senson as the 18th of July. Some of the weed grew to nine feet high, with six feet branches, covered with bolls, while the unmanured was not half so good. It is my intention next year, to test it more fully. next year, to test it more fully.

Very Respectfully,
Your most ob't serv't,
ed)
M. C. M. HAMMOND.

UNION POINT, (G. R. R.) Nov. 28, 1859.

Messrs, J. A. ANSLEY & Co.:

Gents.—I bought a ten of Rhodes' SuperPhosphate in Baltimore, last Spring, Mr. H. D.
Leitner, of Berzelia, to test its value as a manure. I put about 125 lbs. on an acre of cotton,
in the drill, on land that would not make over
75 to 100 lbs. of seed cotton per acre, without
Manure. The result is entirely satisfactory.
I have made at least from 450 to 500 lbs. to the
acre on this very poor land. I expect to pur-I have made at least from 450 to 500 lbs. to the acre on this very poor land. I expect to purchase from 5 to 8 tons for my Spring crop. My Oversecr wishes me to put his name to this also.

Yours, in great haste,

(Signed)

P. W. PRINTUP,

WILLIAM FOSTER.

### MANIPULATED GUANO.

No. 83 Second Street, Baltimore January 28, 1859. REPORT OF ANALYSIS

OF

ROBINSON'S MUNIPULATED GEANO

FOR

FRANCIS ROBINSON, ESQ., BALTIMORE CITY.

SAMPLE of the above which was taken at A your Mills, was found, upon analysis, to be capable of producing of Ammonia, - - 8.31 per cent.

And to contain of Bone Phosphate of Lime 45.82 " " The above proportion of Ammonia and Bone Phosphate of Lime is known to be most proper for concentrated manures. Both theoretical reasoning and the results of numerous practical reasoning and the results of numerous practical experiments have approved of it. An application of 200 lbs. of this article article per nere, will supply more of Bone Phosphate of Lime than is, required by any crop—thus leaving a considerable surplus of this valuable nutriment incorporated with the soil after cropping, and will furnish a sufficient quantity of ammonia to to act as a nutriment and streamlent. to act as a nutriment and stimulant.

REPORT ON MUNIPULATED GUANO

CHAS. BICKELL, Ph. D.

FOR FRANCIS ROBINSON.

THE sample analyzed was taken by myself from the bags in the mill where the guano was manipulated.
It contained of

Ammonia, - - 8.24 per cent. Phosphoric Acid, - 21.98 " " Equivalent to

Bone Phosphate of Lime 47.59 " " It is therefore an excellent manipulated guand, containing enough ammonia to produce a rapid and vigorous growth, and sufficient quantity of phosphates to prevent exhaustion of the soil

AYER'S SARSAPARILLA

A YER'S SARSAPARILLA,
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints.—

SCROYLLA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PUMPLES, BLOTCHES, TUMORS, SALT Rheem, SCALD HEAD, SYTHILIS AND SYPHILITIC APPECTIONS, MERCERIAL DISEASE, DINOTSY, NEURALGIA OR TIC DOULOUREUX

Crimary Organs, has astonished the most scientific men of the age. This remedy not only cradicates all poison from the system but invigorates the most delicate constitution. It is does not affect the breath or interfere with any class of business, or require any deviation from the usual diet. It requires no assistance from other medicine. And what enhances its value is the entire absence of ail nauseous taste, being a pleasant and delicious syrup.

Price \$2 per Bottle, or Three Bottles for \$5.
