CIRCULAR.
THE BOARD OF TRADE OF THE CITY OF NEW YORK, respectfully address the following circular to the Merchants of the United States, who trade with this city:

You are aware that on the night of the 16th of December last, an unprecedented Conflagration destroyed an important portion of our city between Wall and Broad streets, embracing the stores of many wealthy and enterprising Merchants.

Least an apprehension should prevail that this loss may render our merchants unable to furnish the usual amount and variety of merchandise heretofore exhibited in this market, the Board of Trade have much satisfaction in giving the assurance that the Merchants whose stores were destroyed, have removed to others, and are prepared from fresh importations to continue their business with their usual assortments.

The Board of Trade therefore deem it proper to give this public assurance that none need postpone their usual time of visiting the city, confident that they will find the market as well supplied as usual, and their correspondents equally able to supply their demands.

By order of the Board.
