The Indian's Panacea.

FOR the cure of Rheumatism Scrofula or King's Evil, Gout, Sciatica, or Hip-Gout, Incurable Cancers, Salt Rheum, Syphilitic and Mercurial diseases, particularly Ulcers and painful affections of the bones. Ulcerated Throat and Nostrils; Ulcers of every description, Fever sores and Internal Abscesses; Fistulas, Piles, Scald-head, Scourgy, Biles, Chronic, Sore Eyes, Eye-ropes, Bleaches, and every variety of contagious Affection, Chronic Catarrh, Headache, proceeding from an acid humor; Pain in the Stomach and Dyspepsia, proceeding from vitiation; Affections of the Liver, Chronic Inflammation of the Kidneys, and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious by renovating those constitutions which have been broken down by injudicious treatment, or juvenile intemperities. In general terms, it is recommended to all those diseases which arise from impurities in the blood, vitiation of the humors, of what ever name or kind.

Some of the above complaints may require some trifling assistant applications, which the circumstances of the case will dictate; but for a general remedy or Purifier, to remove the cause, THE INDIAN'S PANACEA will generally be found sufficient.

To the Public.

How true it is, that modern Physicians—in their ambition to excel in their profession; to explore the vast field of science by the aid of Chemistry, and seek out new remedial agents; is short to arrive at perfection in the practice by means of ART, OR—overlook and neglect, as beneath their notice the rich and bounteous stores of medicine, which the Almighty has caused to spring out of the earth in every clime? And how much more true it is, that while the American Physician looks to foreign countries for many of his most common and necessary articles perpetually changing as they are the dictates of fashion or fully he is surrounded in his own country with an endless profusion.

The congeniality, efficiency and SAFETY of vegetable remedies over mineral, may be estimated by contrasting the ancient practice with the modern; or to bring it more immediately under our own observation, the Indian practice with that of the whites. Who, in America, has not known or heard of repeated instances, wherein some desperate, unpretending male Indian by means of her simple remedies alone, has effected the most rapid and astonishing cures, after the whole Materia Medica of the common practice, directed in the most skilful manner has failed? And who has not been surprised at beholding the comparative ease and facility with which the Indian frees himself of any disease, and at the almost total absence of chronic disease among them. Who has ever heard of an Indian with a constitution broken and ruined by ill treatment? And can a doubt exist, that this happy exemption of the savage from most of the ills which the flesh of civilized man is heir to, is chiefly owing to the more genial and safe remedies which he employs. This astonishing difference in success, is a fair and ample application of the infinite superiority of the simple and safe means of cure, which God has created for the benefit of his children, over those which the pride and the art of man have invented.

From a long residence among a portion of the aboriginal inhabitants of this country, and an intimate acquaintance with the methods of cures of some of their most successful practitioners, the proprietor of THE INDIAN'S PANACEA, acquired a knowledge of some of their most powerful and favorable remedies. From these he selected such as were most efficacious and appropriate, and after various experiments to test their principles and strengths he has combined them in the form here presented, as the most perfect and beneficial for the purpose for which it is recommended.

The proprietor offers this preparation to the public, with the consciousness that he is placing within its reach, a remedy capable of relieving many of his afflicted fellow beings, who are suffering under the various chronic and obstinate complaints, to which it is applicable. To such it will prove an incalculable value, as the means, and in many cases the only means of relieving their sufferings and restoring them once more to health and happiness. This is not offered as a common remedy, that may perchance be equally good with many others now in use, but as one which is capable of saving life in many extreme cases, when all the usual remedies fail. Thus it has done repeatedly; and this is the reputation it has obtained wherever it has been introduced.

It is only about three years since this preparation was first presented to the public: but in that short space of time, some hundreds of persons might be found, who would solemnly declare that they believed that their lives were saved by it, and in most cases after they had tried many perhaps all the common remedies in vain. Wherever it is known it is rapidly coming into use, and this affords the most substantial and convincing proof of its merits.

The value of the Panacea, is most conspicuous in those long standing and obstinate syphilitic and scrofulous affections which have defied all other remedies, and particularly in those cases where mercury has been so lavishly used as to cause distressing pains in the bones, nodes, mercurial ulcers, derangement of the digestive organs, &c. These it completely removes and in all cases entirely eradicates the disease and the effects of mercury renovates the constitution, and leave the patient sound and well. In Rheumatism, and in ulcerated sore throat, its happy effects are not less apparent, giving almost immediate relief.

Taken in proper doses, THE INDIAN'S PANACEA operates as an alterative, and detergent; a diaphoretic, diuretic and laxative; an antispasmodic and anodyne, and in proper cases, as a stomachic and emmenagogue. Generally expressed, it stimulates all the secretions and exertions, gives tone to the stomach, and excites action in the glands in a particular manner. From these principles the operation may be understood.

many ambiguous diseases not here specified, and it has been used with wonderful success as a Spring and Fall purifier, by those who are subject to complaints of the chest, and whose constitutions require new vigor. Such persons will do well to use two or three bottles in small doses. Wherever used it will be considered necessary, the Panacea, taken in a small dose, will answer all its purposes in such less time, at less expense, and in a far more agreeable manner, than the common diet.

The following certificates, out of hundreds similar which might be procured, are given to show the effect of THE INDIAN'S PANACEA, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over the syrups in common use.

CASES OF RHEUMATISM.

CHARLESTON, Nov. 15, 1831. During the last winter and spring, I was afflicted with a very severe and distressing Rheumatism occasioned by exposure in bad weather. I now take great pleasure in stating, that six bottles of the Indian's Panacea, restored me to perfect health, and I cordially recommend it to all similarly afflicted.

JOHN FERGUSON, King-st. CHARLESTON, March 27, 1832.

I was seized about three years since with a distressing Rheumatism caused by taking a severe cold while under the influence of mercury, and which has disabled me from business nearly ever since. During this period I have been a patient in the Marine Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital, and tried almost every remedy, with little benefit. On the 10th of February and at that time scarcely able to move about upon crutches, I commenced the use of THE INDIAN'S PANACEA. In one month I found myself entirely freed from the pain, and am now happy to state that I feel myself perfectly well.

WM. TUCKER, 13 Market-st.

CURE FOR SCROFULOUS ULCERS.

New York, Sept. 10, 1830. This may certify, that in the fall of 1825, I was seized with a swelling in my neck and face, which afterwards ulcerated and became large ghastly ulcers to no advantage, I went to Philadelphia, and placed myself under the care of Drs. Physic and Beach, when, after repeated salivation to no effect, I was pronounced totally incurable. Afterwards I took twenty bottles of Swan's Panacea and eight bottles of Potter's Catholicon, with no material benefit. Despairing of life, which had now become a burthen to me, I returned to my parents in New York in 1829, and gave myself up to a lingering death. Hearing of the great success of THE INDIAN'S PANACEA, I was induced, in cases similar to my own, I was persuaded to try it, as a last resort. To my great surprise as well as satisfaction, I soon found myself rapidly recovering and upon taking seven bottles, the ulcers healed and became perfectly well in the course of two months, and have remained so ever since. I make this statement and wish it published for the benefit of those who are suffering under similar scrofulous or syphilitic affections, that they may know what has cured one who has suffered every thing but death, and who considers his life saved by the above syrup. WM. HINMAN.

The sketch book of Character

Or Curious and Authentic Narratives and Anecdotes respecting Extraordinary Individuals. In preparing the following work from ample materials, care has been exercised to avoid, in the main, the beaten track of former compilers; to present the reader rather what was inaccessible, than to copy well known biographies and events.

The principal object of the present collection, is to supply a pleasing variety of that kind of incident, which, by exhibiting the marvellous in circumstance, and the extraordinary in character, displays the occasional waywardness of event and its frequent curious operation upon the human mind. It would be easy to prove that, independently of mere entertainment, a knowledge of remarkable facts is necessary to correct the judgment, even upon every-day transactions; and that in the science of life, as well as in every other, it is necessary to become acquainted with the exception to the general rule.—To estimate properly what is, we must possess some knowledge of what may be; and the information is only to be acquired by an attention to the memorable and peculiar, which have been.

The publication was commenced in July. It will be issued in semi-monthly numbers, containing 80 pages each, and will be completed in five months, or sooner, at the option of the Publisher, and will contain, in all, over 400 pages. The num-

bers will be sent by mail to any part of the Union, carefully packed.

Terms.—One Dollar for the complete work, or six copies for Five Dollars.

Celebrated Trials, and cases of

Critical Jurisprudence,

OF ALL AGES AND COUNTRIES FROM THE EARLIEST RECORD.

Selected by a member of the Philadelphia Bar. Treason—Sedition—Witchcraft—Robbery—Mutiny—Heresy—Libel—Murder—Piracy—Forgery, &c. &c.

These remarkable and deeply interesting Trials have been collected from all the best sources which the public and private Libraries of this country afford. The numbers will embrace many recent cases furnished exclusively by the London Annual Register, and recourse has been had occasionally to manuscripts where printed documents could not be procured.

It is believed that the collection supplies a striking deficiency in the library of the Lawyer, Physician, and general reader.

To members of the Bar the publisher need hardly recommend it, as they must know its worth, but to the general reader, who may be misled as to its character, the publisher assures them that it will be found when completed, a volume of the most intense and exciting interest.

One singular and alarming fact presents itself in the murder cases, and it is that so many should die protesting their innocence. Is it to be believed that upon the verge of eternity they could so loudly proclaim that which they knew to be false, when not a hope of escape is held out to them; the "Circumstantial" Evidence

cases, of which there are five; would make us think otherwise. It is a subject that may well make one ponder upon the law which demands life for life.

The publication was commenced in July, and the numbers are issued semi-monthly, each number containing 120 pages each, printed on fine white paper of the size of the Marryatt Novels, and will be completed in October—making a volume of 600 closely printed octavo pages. The numbers will be sent by mail to any part of the Union, carefully packed. Terms \$2 for the complete work, or three copies for five dollars.

It is worthy of remark, that a similar work is published in London at about 75 cents a number, and contains only 75 small duodecimo pages. This edition will cost but 40 cents a number, and contains 120 pages.
