

**For the Removal and Permanent Cure of all NERVOUS DISEASES,**  
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

**DR. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,**  
is used with the most perfect and certain success in all cases of

**GENERAL DEBILITY.**  
Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and FALSI, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE OF THE SPINE. ILL COMPLAINTS, DISEASES OF THE KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and ALL NERVOUS DISEASES, which complaints arise from one simple cause—namely,

**A Derangement of the Nervous System.**  
In NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of **Dr. Christie's Galvanic Curatives,** consists in the fact that they arrest and cure disease by our word application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances, since the introduction in the United States, nearly three years since, more than

**60,000 Persons**  
including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

**ENTIRELY AND PERMANENTLY CURED,**  
when all hope of relief had been given up, and every thing else had been tried in vain.

To illustrate the use of the **GALVANIC BELT**, suppose the case of a person afflicted with that base of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with increased faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the **GALVANIC BELT**. Take a Dyspeptic sufferer, even in the worst stage of an attack, and simply lay the Belt around the body, using the **MAGNETIC FLUID** as directed. In a short period the insensible perspiration will act on the positive element of the disease, causing a galvanic circulation, which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. BY OFTEN AN EASY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

**CERTIFICATES AND TESTIMONIALS**  
From all parts of the Country could be given, sufficient to fill every column in this paper.

**AN EXTRAORDINARY CASE,**  
which conclusively proves that

**"Truth is stranger than Fiction."**  
CURE OF RHEUMATISM, BRONCHITIS AND DYSPEPSIA.

**Rev. Dr. Landis, a Clergyman**  
of New Jersey, if distinguished attainments and exalted reputation:—

Sonnet, New Jersey, July 12, 1848.

Dr. A. H. Chen—Dear Sir: You wish to know of me what has been the result in my own case, of the use of **THE GALVANIC BELT AND NECKLACE**. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year my symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became the subject of a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Farther in the winter of '43 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now thoroughly prostrated, and my Bronchitis became so violent, also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the **GALVANIC BELT AND NECKLACE**, with the **MAGNETIC FLUID**. This was in June, 1846. To my great astonishment, in two days my Dyspepsia had nearly every case, no matter how young or old the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.

These alarming and terrible complaints are always caused by a derangement of the Nerves. The **BELT, BRACELETS AND FLUID** will cure nearly every case, no matter how young or old the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.

Many hundred certificates from all parts of the country of the most extraordinary character can be given, if required.

No trouble or inconvenience attends the use of **DR. CHRISTIE'S GALVANIC BELT, BRACELETS AND FLUID**, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.

**HOME TESTIMONY.**  
MR. Z. J. DEHAY—Dear Sir—I feel it a duty which I owe to society at large, and those who suffer with Dyspepsia in particular, to add my testimony to the virtue of Allen's Compound, not for the sake of seeing my name in print, but for Truth's sake. I procured a bottle of you last June, which relieved me so much that I was induced to try a second, which completed what the first began—my appetite, which before was insatiable, became natural and regular, and I now enjoy better health than I had done for three years previous to using this invaluable medicine. You are perfectly at liberty to make whatever use of this your praise. Respectfully yours,

**For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA and CONSUMPTION**

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "AYER'S CHERRY PECTORAL."

The remarkable cures of the disease of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unadorned testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be placed.

**Dr. PERKINS, President Vt. Medical College,** one of the most honored and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

Norwich, April 26, 1846.

**Dr. J. C. Ayer—Dear Sir:**—Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral was used. And that has cured her. George Watson Esq., had to our knowledge been afflicted with asthma, for eleven years, and grown yearly worse, until the Cherry Pectoral was used, when the disease was cured, and he is as free from any of its symptoms as we are. The Rev. Mark Dane had been severely attacked with the Bronchitis, as is described in your Pectoral, which cured him, at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never fail. We have great pleasure in certifying to these facts; and are respect d sir, your humble servants.

**BER. D. THORNING,**  
**HON. J. BATTLES.**

Among the distinguished authorities who have given their names to recommend "Cherry Pectoral," as the best remedy that is known for the Affections of the Lungs, are "London Lancet," "Medical Journal of Medical Science," "Boston Medical and Surgical Journal," "Charleston (S. S.) Medical Review," "New Jersey Medical Reporter," "Prof. Webster, Harvard College, Prof. Bartlett, Transylvania University of Medicine, President Perkins, Vermont Medical College, Dr. Valentine Mott, New York City, Parker Cleveland, Bowdoin College, Prof. Butterfield, Willoughby College, Ohio, Prof. Brantworth, Leeds (Eng.) Medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipzig.

The public have not to know the virtues and astonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel sure in these dangers, whenever this remedy can be obtained.

Prepared by J. C. AYER, Chemist, Lowell Mass and sold in Camden at McKAIN'S Drug Store and by Druggists generally throughout the United States.

The Faculties, for intellectual abilities, moral worth and professional acquirements, will compare favorably with the most distinguished in our country. The medical faculty constitutes an anomaly in this or any other country—all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that ANY OTHER CITY has MORE.

A common error exists in the minds of many students relative to the place of studying medicine; those who intend practicing among the diseases of the West and South should certainly educate themselves at a school whose faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it our duty to state, that the Trustees and Faculty form a unit in action which augurs well for its future success; and that the peculiar internal organization which connects them, cannot be interrupted.

E. W. M. KING,  
President of the Memphis Institute.
