## Special.

It is with pleasure that we announce to our many patrons that we have made arrangements with that wide-awake, illustrated farm magazine, the *American Farmer*, published at Fort Wayne, Ind., and read by nearly 200,000 farmers, by which that great publication will be mailed direct, FREE, to the address of any of our subscribers who will come in and pay up all arrearages on subscription and one year in advance from date, and to any new subscriber who will pay one year in advance. This is a grand opportunity to obtain a first-class farm journal free. The *American Farmer* is a large 16-page journal, of national circulation, which ranks among the leading agricultural papers. It treats the question of economy in agriculture and the rights and privileges of that vast body of citizens—American Farmers—whose industry is the basis of all material and national prosperity. Its highest purpose is the elevation and ennobling of Agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price of the *American Farmer* is \$1 per year. IF COSTS YOU NOTHING. From any one number ideas can be obtained that will be worth twice the subscription price to you or members of your household, YET YOU GET IT FREE. Call and see sample copy.

We have moved the JOURNAL office to more convenient and comfortable quarters in the building one door West of the Post Office, where we will at all times be glad to welcome our friends and patrons.

## Apologetic.

## Send us the News.

We would thank our friends living in the country to send us any items of news from their section—such as accidents that may occur, condition of the crops, marriages, deaths, &c.; and we would be glad to have our friends, when in town, to call and see us and give us any dots that may be of interest to our readers.

## Larceny from the Field.

Five negro hands on Mr. Baum's plantation were arrested on Monday morning and put in jail charged with the above mentioned offence. They pulled the corn from twenty-four rows in a large corn field, shucking and shelling the corn in the field, leaving the shucks and cobs as evidence of their cheek. Of course they were found out and will have to suffer the penalty imposed by law. It is said that the lamentations among the other colored people, caused by this arrest was like unto the time of Jeremiah. The parties arrested were: Ben English, Jake Patterson, Joe Kelley, Frank Johnson, and

## Before the Trial Justice.

Several weeks ago at the instigation of Ben Perkins, Thomas Brisbane was arrested, charged with larceny from the field. Brisbane gave bond and immediately, as is usually the case, had Perkins indicted for selling property under lien. Perkins was not so lucky in getting bond and had to stay in jail. While he was in jail it appears that his wife was alone. The latter part of last week she was heard to scream and a man was seen leaving her house, who was reported to have said: "If you tell this I will kill you." This man was recognized as Thomas Brisbane, and he is now in jail, having been arrested on Monday morning, charged with an outrageous assault on Ben Perkins' wife.

# GILT EDGE STORE.

WE HAVE ADOPTED A NEW TRIPPLICATE CHECK BOOK, BY which mean everything bought of us, a bill goes with it, so that there can be no such thing as a mistake, and if it should occur, return the bill and have it corrected without a question of memory coming in. It costs us money to make the change, but we believe our customers will appreciate our efforts to prevent errors which otherwise might occur. Those who can't read or calculate will be just as safe trading here as those who can, for they can carry their bills home and let others examine them. We adopt this change as it will convince (should there be any that might doubt) that we want no errors and mistakes, but want our customers to feel that they can come in person or send any one and every thing will be straight and correct.
