NERVOUS DEBILITY,
However obscure the cause may be which
contribute to render nervous debility a
disease so prevalent, affecting, as it does,
nearly one-half of our adult population, it
is a melancholy fact that day by day, and
year by year, we witness a most frightful in-
crease of nervous affections from the slight-
est neuralgia to the more grave and
extreme forms of

NERVOUS PROSTRATION,
Is characterized by a general languor or
weakness of the whole organism, especially
of the nervous system, obstructing and pre-
venting the ordinary functions of nature;
hence there is a disordered state of the
secretions; constipation, scanty and high-
colored urine, with an excess of earthy or
lime sediment, indicative of waste of brain
and nerve substance, frequent palpitations
of the heart, loss of memory and marked
irresolution of purpose, and inability to
carry into action any well-defined business
enterprise, or to fix the mind upon any one
thing at a time. There is great sensitiv-
ness to impress, though retained but a short
time, with a flickering and fluttering condi-
tion of the mental faculties, rendering an
individual what is commonly called a
whiffle-minded or fickle-minded man.
This condition of the individual, distress-
ing as it is, may with a certainty be cured by

J. N. ROBSON,
68 EAST BAY,
COMMISSION MERCHANT AND
DEALERS IN FERTILIZERS.
ORANGEBURG, S. C. November 1, 1875.
Having been engaged for twenty years in
the Guano Trade with eminent success, I
desire it advisable to introduce Fertilizers
under my own name and guarantee. I have
made arrangements to have prepared a
Guano under my inspection and control,
called **ROBSON'S COTTON AND CORN
FERTILIZERS.** This Guano is of the
highest standard. It contains, among other
valuable ingredients, three per cent. of Am-
monia, one and a half per cent. of Phos-
phate, and fourteen per cent. of Available Phos-
phate. I also have prepared for use a
COMPOUND ACID PHOSPHATE of the
highest standard. These Fertilizers are
compounded of the purest materials, and
are manipulated and tested under the su-
pervision of Dr. St. J. Ravenel, of this city
whose name gives a warrant for their high
character and adaptation for our soil. I offer
these Fertilizers to Planters on the follow-
ing favorable terms:
**ROBSON'S COTTON AND CORN FER-
TILIZERS.**
Cash \$11 per ton; on time, \$50.
**ROBSON'S COMPOUND ACID PHOS-
PHATE.**
Cash, \$28 per ton; on time, \$31.
Planters ordering immediately will be at-
tended to the first of April to decide which
they prefer, cash or time. An order for a
carload of eight tons will be sent free of
drayage; but for a less amount, \$1 per ton
will be charged. On orders for large lots
from Grocers or dealers, a liberal discoun-
t will be allowed.

I take this occasion to return my thanks
to those who have so largely patronized the
Fertilizer advertised by me, and in
solidifying their favorable attention to another
I pledge my best efforts to merit a contin-
uance of confidence by keeping the highest
standard of Fertilizers adapted to cotton and
corn.
