HYMENEAL.

On Tuesday evening the 12th inst., by the Rev. Neal McDonald, Mr. B. F. McLeod of Sumter District, S. C., and Miss Mary B. McRae of Robinson Co., N. C.

On Sunday the 13th inst., by Thos. H. O'Steen, Esqr., Mr. E. H. Norton, to Miss Maria Garrett, all of Sumter District.

OBITUARY.

DEPARTED this life on the 21st. day of April 1855, at his residence in Sumter District S. C., Francis London, aged 75.

The deceased was a native of France, and a soldier in the Cavalry service under Bonaparte, and took part in several of his most desperate battles. The wounds on his person, he received in sustaining the honor of France and the flag of his country. He never recured to them without deep emotion.—His affection for the land of the "vine and the olive," the frost of age never chilled—the name of Bonaparte, or France, always brought a tear to his eye.

He emigrated to this country in 1801.

He deserved a tribute to his memory for the great integrity of his character in every relation of life. He was a man of untiring industry, sincere piety, unpretending modesty, and unwavering benevolence.

If the turf which wraps his earthly form may have neither "storied urn or sculptured bust," to rescue his memory from oblivion, it is because his spirit needed none.—He feared not the desolation of the grave.—He lived as he died, in the hope, that at the last day he would rise to a blessed immortality.

In early life a soldier at arms, in latter days, a soldier of the cross. His commission was the promises of the Gospel.

The solace of his latter days—when disease had made sad havoc upon his frame—was the cheering recollection, that he had been chiefly instrumental in erecting a Baptist Church, where his whole neighborhood might worship, and where he hoped they might receive the benefit of that Gospel which he had enjoyed, and which was to lead him to "life everlasting."

While living, Francis London was respected and esteemed for his many virtues, now dead, the recollection of them will make sacred his memory.

D. J. T.

Died:—In this Town, on the night of the 15th inst., Mrs. Sarah Ann, consort of Dr. W. W. Brunson, and daughter of the late Henry Britton, Esqr., of this District, aged 24 years and 11 months.

☞ A SECRET FOR THE LADIES.—HOW TO PRESERVE BEAUTY.—Don't use Chalk, Lilly White, or any of the so-called cosmetics, to conceal a faded or sallow complexion.

If you would have the roses brought back to your cheek, a clear, healthy and transparent skin, and life and vigor infused through the system, get a bottle of Carter's Spanish Mixture, and take it according to directions. It does not taste quite as well as your sweetmeats; but, if after a few doses you do not find your health and beauty reviving, your step elastic and vigorous, the whole system refreshed and invigorated like a Spring morning, then your case is hopeles; and all the valuable certificates we possess, go for nought. It is the greatest purifier of the blood known: is perfectly harmless, and at the same time powerfully efficacious.

Sole Agents for the Proprietors.

THE STOMACH PREPARES THE elements of the bile and the blood; and if it does the work feebly and imperfectly, liver disease is the certain result. As soon, therefore, as any affection of the liver is perceived, we may be sure that the digestive organs are out of order. The first thing to be done, is to administer a specific which will act directly upon the stomach—the mainspring of the animal machinery. For this purpose we can recommend Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia.—Acting as an alterative and a tonic, it strengthens the digestion, changes the condition of the blood, and thereby gives regularity to the bowels.

DR. GUYSOTT'S IMPROVED EXTRACT of Yellow Dock and Sarsaparilla is a sure remedy for *hereditary taint*.

Thousands of individuals are cursed with grievous complaints, which they inherit from their parents. The use of the *Yellow Dock and Sarsaparilla* will prevent all this, and save a vast amount of misery, and many valuable lives, for it *thoroughly expels from the system the latent taint*, which is the seed of disease, and so takes off the curse by which the sins or misfortune of the parents are so often visited upon the innocent offspring.

Parents owe it to their children to guard them against the effects of maladies that may be communicated by decent, and children of parents that have at any time been affected with Consumption, Scrofula or Syphilis, owe it to themselves to take precaution against the disease being revived in them, Guysott's Yellow Dock and Sarsaparilla is a sure antidote in such cases.
