Whiskey Interests are Squalling.

A reader sends us the following letter which we publish that the public may see just how the whiskey dealers are trying to defeat the bills introduced in congress to make it unlawful to make or sell liquor in the United States.
 "The writer received a letter yesterday from a whiskey distillery in Covington, Ky., containing a blank to be signed and sent to our congressman and to our two senators from this state. Information at the top of the blank led me to think the whiskey dealer is getting scared. The instructions read as follows:
 House joint resolution 168 was introduced by Congressman Hobson of Alabama; senate joint resolution 88 was introduced by Senator Sheppard, of Texas. These two resolutions provided for the submission by congress for ratification by the legislatures of three fourths of the states of an amendment to the United States constitution providing for nation wide prohibition of the manufacture and sale of wine, beer and other fermented and distilled liquors except for mechanical, scientific and medical purposes. Senate joint resolution 50 is offered by Senator Works, of California. All are measures supported by the antisaloon league and other "dry" organizations, which are flooding congress with letters and telegrams urging their passage. No state denies to the individual the right to use liquors. The right to use necessarily implies the right to purchase. The right to purchase is of small avail if this attempted national legislature, by prohibiting manufacture and sale should make it impossible to purchase. We urge you to protest this sumptuary legislation which effects the right of each individual to regulate his own conduct. We urge you to detach the slip below, sign, address and mail to the congressman from your district at once."

Wesley Bible Class Meeting

Chesterfield, March 10.—One of the most important religious gatherings to be held in South Carolina during this year will be the Wesley Bible Class Federation which meets in Columbia March 17th, 18th and 19th.

The Wesley Bible Class Federation of the South Carolina Conference is one of the liveliest organizations in any of the churches of this day.

In this department of church work the men of the church are waking up to the possibilities of united effort on the part of Christian men.

Dr. C. D. Bull, superintendent of the Wesley Bible Class work of the Southern Methodist church, Miss Elizabeth Kilpatrick teacher of the largest class of men in the South, Dr. H. N. Snyder, Mr. J. M. Way, Dr. S. A. Steele all have places on the program.

The railroads have granted reduced rates, and the hotels and boarding houses of Columbia are offering special rates to delegates. Fully 1,000 delegates are expected. The outlook is for not less than 100 from the Florence district. J. L. Tyler
 Dist. S. S. Sec.

A Fair Offer.

The Taylorsville Time.
 We learn that some people are not satisfied with the way we run The Scout. Now we have this to say: If any man in Alexander thinks he can make a better paper than The Scout all he has to do is pay us for the material we have in the office and give us a good bond to keep The Scout running regularly for five years and we will let him have our lease on the office and work eight hours a day for him if he wants us and will do as we do pay our wages every Saturday evening. Now this is the chance for you smart people who know how to run a paper, to try your hand. The Scout must run and we will stand ready to take it up as soon as you run it in the ground and forfeit your bond. Now we ask you to take up or shut up and give the paper your support which some of you have never done since our name has been Scout.
