

Local News

Mr. Lee Watts has a position with the C. & L. road at Cheraw

Mr. C. A. Sanders has moved his family back to Georgia, this time to Lyon.

Mrs. J. A. Arant who has been ill about three weeks, is thought to be improving.

Conductor Averill on the local freight had a hand mashed while coupling cars on the C. & L. Sunday.

Hands on Mr. P. M. Arant's farm dug up a stump the other day, and under it they found four big rattle snakes.

It is impossible to say about schedules and rates on the C.&L next Saturday. Mr. Burroughs says he'll do the best he can.

Policeman Gregory has been away for several days, and Mr. J. H. Whitmore has been policeman. Mr. Gregory carried his wife to a hospital in Chester for treatment.

More than \$25 was raised at the box party at the school building Saturday night, despite the snow and biting cold. This makes a little more than \$200 that has been raised by the school during the term and entitles the school to \$100 state aid.

Mr. C. W. Porter, Sr. returned Saturday from Helena, Ga., where he has been under treatment for several weeks. He suffers with eczema, and he went to the mineral springs at Helena in the hope that a cure might be effected. He is much improved but not entirely well.

Mr. Mode Faile, son of Mr. Nathan Faile of the Union Hill station and Miss Della Wright, daughter of Mr. Amos Wright

Mr. J. C. Sanders, who is one of the county commissioners, believes that the county ought to have a traction engine and some heavy scrapes for working the roads of the county. He has figured the cost of the machines, the cost of operating them and the cost of the present system, and he is thoroughly convinced that the traction will do more and better work at less expense. He says he will use his influence with the county board to buy an engine and begin road work in earnest.

Mr. B. C. Parker, son of Mr. B. F. Parker, of Lanes Creek township, has been elected cashier of the newly organized bank at Oakboro, Stanley county, N.C. Mr. Parker is teaching at Indian Trail, N. C. at present but the school will close in time for the opening of the bank on Monday, March 30th. Mr. Parker is a young man of ability and he will doubtless succeed in his new field of labor. He is a brother of Mr. L. L. Parker of Pageland. Mr. C. B. Covington of Marshville is president of the new bank. Oakboro is a new town on the Norfolk Southern road from Charlotte to Raleigh, and is growing rapidly.

Mr. Shultz, of Charlotte, representing an engine manufacturing firm in Laporte, Ind., was here last week telling about a small traction engine his company expects to put on the market about July 1st. He says it will be a two-wheel engine, 5-horse power, with wheels adjustable in distance apart from 26 to 43 inches. It is designed for use on farms where the land is too rough for big engines. It will have a speed of from 1 to 4 miles per hour, and it is expected to supplant, to some extent at least, the plow mule. They are now trying to perfect an arrangement whereby the operator may ride in the shade and plow. How many of our readers would like to have one now.

The 4-year-old child of Mr. Joe Kirkley was burned to death at Mr. Kirkley's home near Jefferson Monday afternoon. The child was playing some distance from the house with some other children when some of them fired some grass, from which the child's clothing caught. All the clothing was burned from the little body before help could reach it, and the flesh was terribly burned and blistered. The child lived until about 4 o'clock Tuesday morning. It will be buried at Plains today, services being conducted by Rev. A. W. White.

Work on the new Methodist Protestant church has begun in earnest, and it will be pushed to completion as rapidly as possible. Mr. John E. Smith is foreman, and the members of the church will do the greater part of the work themselves. The main part of the building will be 30 x 45 feet, and there will be a Sunday school room 16 x 18 feet and a vestibule 9 x 9 feet. The tower will be about 45 feet high. The building will be storm sheeted and substantially put together throughout. The walls will be plastered, and the church when finished will present a neat and attractive appearance inside and outside.

The county board of equalization met at the county seat yesterday to go through the tax returns of the whole county. The township board for Old Store township and the town board for the town of Pageland made general raises in the property values, and is to be hoped that all the other township boards did the same. It is estimated that the real estate values have been raised about one fourth in Pageland and nearly that much in the township. An effort was made to equalize the returns as nearly as possible, which of course caused quite a raise in some instances. This in turn raised a howl.

position with Mr. W. T. Edgeworth.

Mr. T. W. Turner, has given up his place as manager of Mangum's drug store and moved to the farm about two miles east of town where he was raised.

Dr. Gale, of Mt. Croghan, has accepted the position as manager of the above named store, and will move his family here about April 1st. He is a licensed druggist and has been in the business about twenty-five years.

Mr. J. V. Thompson, formerly of Pageland, has returned from a school of pharmacy in Atlanta, and has accepted a position with Pageland Drug company, to begin work about April 1st, when Dr. Poole will leave for Cornelia, Ga., where he will go in business with his father, Dr. C. L. Poole, of Laurens, S. C.

Mr. B. B. Eubanks has purchased the F. C. Edgeworth & Co., stock of jewelry and has moved to the Pageland Drug Co. stand. Miss Mae Edgeworth, who has been manager of this business has returned to her home in Kershaw.

Delegates Will be Met.

Some who might find it more convenient to attend the Union meeting at Union Hill church traveling on the train will be met at either or both Pageland and Jefferson if they will notify Bro. Cato, the pastor, in time for him to make the arrangements. So those who will come on the train would do well to notify Bro. R. W. Cato at once whether you would like to be met at Jefferson or Pageland and also the date of your expected arrival.

Now Brethern let's not make any excuses about attending the Union but come on, putting the Lord's work first.

We can if we will give this time to our Lord and then without running everything off the plantation make as many bales of cotton as if we had not gone.

J. M. Sullivan.

Program for Field Day.

Cotton Requires Fish-Scrap—

ROYSTERS

TRADE MARK
F. S. R.
REGISTERED

Are the original fish fertilizers

Fertilizer ammoniated with Fish-Scrap is universally admitted to be the plant food best suited to the cotton crop.

This is not a theory, but a fact proven by the experience of many. The popularity of Royster's, the original and genuine fish-scrap fertilizer has caused a host of brands to appear with fish in the name: if you want to be sure of getting fish in the goods as well, be sure to buy the brand that made fish-scrap famous; F. S. R.

If you are not already acquainted with the splendid results from ROYSTER'S fish-scrap fertilizer, we simply ask that you test it alongside any other brand and abide by the proven results.
