Suppose we agreed with some folks in their opinion of us? The installation of a self-kicking machine would be a crying need, says an exchange.

If we believed that Chesterfield is half as good a place to live as the Advertiser has pictured it in the last several issues we would move there and try to persuade everybody else to go with us.

Theodore Roosevelt, who was defeated for president in the last election and who has been on an extended expedition in South America, is back home preparing to go the length and breadth of the country on a hot air campaign in the interest of the Progressive party. The big news papers are putting him on the front page again.

The Monroe Journal still refers to our county seat as "Chesterfield courthouse," notwithstanding the fact that the Chesterfield Advertiser is using nearly two columns a week in telling what a great town it is. Make it three columns, Marsh, and compel them to recognize your town as something more than a place to hold court.

The Chesterfield Advertiser thinks that President Wilson is one of the strongest men ever produced by any nation but thinks he made a mistake when he re-

The reasons for the... represents the... element in Mexico and that he sent three strong men to the mediation conference in Canada but in the same breath acknowledges that Huerta came into power by questionable methods. The Advertiser says, "nevertheless there was the form of an election and on the face of the returns he had a small majority for the Presidency."

What better reason did our president need to refuse to recognize Huerta as the rightful ruler of Mexico?

The county commissioners are coming in for a big share of criticism because they bought an automobile for the county supervisor. The supervisor receives eight hundred dollars a year with no allowance for expenses. The law says he must devote his entire time to work, and his work requires that he travel over the county. In turn requires that he have the kind of conveyance.

Here-to-fore he has... in his own buggy, and we consider the fast age which we live, this is coming rather slow. The commissioners believe that he will be enabled to do so much more work that the purchase price will be money well spent. A Ford roadster is what the county paid for at the regular price of five hundred and forty-seven dollars.

To this Mr. King added the necessary fifty dollars and bought the four passenger model. Mr. King furnishes his own gasoline, oil and repairs, and at the expiration of his term surrenders the car to his successor. The machine belongs to the county and not to Mr. King.

Many other counties provide automobiles for the supervisors, Darlington and Florence being in this number.

CHURCH NOTES

Baptist

J. M. Sullivan, Pastor.

There are many things for which we are grateful, but among other things we are thankful that we were permitted to attend the great Southern Baptist Convention at Nashville, Tenn.,—the largest attendance and best convention yet. Over nineteen hundred delegates enrolled, and visitors variously estimated at from two to three thousand were in attendance.

We felt that it would be selfish not to tell our people about it. So last Sunday at Pageland and Providence we took time to tell them just a little—and some have actually had the courage to say that they enjoyed it very much.

We were, as we always are, delighted to be with the Providence church last Sunday afternoon. These good people are always anxious to know what is being done religiously elsewhere.

The "enlistment campaign" is on. We understand that it started off well at Dudley last Sunday, and Pageland Sunday night inasmuch as Dr. Langston was very tired from the heavy work of the day, Bro. B. S. Funderburg was pressed into service Sunday night and gave us a real good sermon along the line of being good ourselves and the joy of finding grace in the hearts and lives of others.

Dr. Langston had charge of the services Monday morning giving us one of the best talks or lectures on "Christian Literature in the home," we have ever heard. Monday night was another good service for us here. Tuesday Dr. Langston was at White Plains for all day services. Bro. Sutton was with us at Pageland Monday and at Plains Tuesday.

Others are expected to join in later on. Jefferson Wednesday, Mt. Croghan Thursday, Ruby Friday, Chesterfield Saturday. Next Sunday is the fifth, and we do as we please. We are free to be in the campaign and hope to enjoy it with our friends on our former field.

Methodist Episcopal

By Rev. J. A. McGraw

Next Sunday we will preach at Zion in the morning and at Price's at 4 p. m. We will not have any services at Prices on the next first Sunday.

The children's exercise will be next Sunday night, at Pageland. A collection will be taken for the establishment and maintenance of Sunday schools in strictly mission sections of our county.

The next Annual Conference will be held in Sumter, and the date for holding the session has been fixed for Nov. 25. So our conference year is now just half gone.

The general conference which is the law making body of the church and which meets only once in four years has just now closed its quadrennial session at Oklahoma City. One action that concerns South Carolina Methodism was an act authorizing the division of the South Carolina conference into two conferences. This division will not be finally made until the session of 1915 conference. The conference as it now is, is almost too large to be entertained in any one town in the State.

A Coaxer for Baby.

When the doctor called to see the baby its mother informed him that the medicine left for the infant the day before was all gone.

"Impossible," declared the surprised physician. "I told you to give him a teaspoonful once an hour."

"Yes, but John and mother and I and the nurse have each had to take a teaspoonful, too, in order to get baby to take it." —Youths Companion.

To The Voters of Chesterfield County:

The State Convention has adopted rules which require a new enrollment of all voters this year.

To enroll you must be a white Democrat, twenty one years old before the next general election and must have lived within the State two years and the county six months before the next general election and the precinct sixty day before the primary. You must enroll personally and sign the roll yourself.

You can enroll on only one club—the one nearest to you in your township or club district.

Now, it is important for every voter of Chesterfield county to enroll, hence let every club have a representative at Chesterfield Court House on Monday, June 1st, to arrange for this. The books will be there by that time and must be opened by Tuesday, June 9th and close on Tuesday, July 28th, thus giving seven weeks in which to enroll, and it will be published where the books will be for each precinct. Let every man go and enroll and see that we have our full vote enrolled.

After this year people who do not move do not have to enroll in the county any more, only new voters have to do so, but the cities have to enroll anew every election year. If a voter cannot sign his name to the roll he can make his mark. No white man is to be denied the right to vote. See that your name is enrolled. See that your club is represented at Chester-

field, June 1st. I was a member of the convention, but as your secretary of the State committee I want to see every white democrat in this county vote once and have his vote counted and not killed by some fellow voter three or four times in the cities and big towns.

Here are Two Machines You Need

Admiral Mower
because it is the only mower that has genuine underdraft, "floating" frame and uniform tilt, the three big mower features no farmer should be without if he values his own time or his team's strength, and wants the machine that does most work the easiest.

Steel Hay Rake
because every tooth is held individually and has a coil spring to protect it against sudden strains; because it is made entirely of steel and can be depended upon to stand up under constant wear and tear of work in all kinds of fields. Its long life makes it the most economical you can buy.

Make us prove these claims or convince yourself by examining the machines at our store.
