

Local News

Mr. C. W. Clark has moved his family into the house just vacated by Mrs. C. E. Whitaker.

Read again the adv. of the moving picture show. Maybe you don't know it is being run three nights a week and that string music is being furnished.

Miss Hattie Rape, the 15-year-old daughter of Mr. and Mrs. Jack Rape, of Buford township, died Friday morning about 2 o'clock and was buried at Wolf Pond church Saturday morning.

A revival meeting lasting 14 days closed at Union Hill church Sunday night. There were 15 additions to the church, and much interest was manifested. "The church is in the best spiritual condition it has ever been in," said the pastor, Rev. R. W. Cato Monday morning while telling of his work there.

Mr. J. C. Blackwell has a position with the tick eradicating force and is stationed in the lower part of the county with McBee as headquarters. This ends his campaign for county auditor, they say, though The Journal is not authorized to say this.

Mr. John E. Robeson, who lives near Five Forks on Mr. J. M. Arant's farm, has had sickness in his family all the spring and Friday his neighbors gathered in and worked out his crop and left it in good shape. This is another expression of the neighborliness of the people of that community.

Mrs. Mattie Gardner, wife of Mr. Julius Gardner, of Kershaw county, died last Thursday morning after a lingering illness with which she has been afflicted for several years. She is survived by her husband, thirteen children and a number of grandchildren. She was 45 years old, had been a member of the church for 25 or 30 years and was a devoted christian and a good wife and mother. She was a daughter of the late James Cato, of Kershaw county, and a cousin of J. R. and R. W. Cato of this section. Her body was laid to rest in the cemetery at Mt. Pisgah church Friday in the presence of a very large crowd. Rev. R. W. Cato conducted the services.

Mr. B. F. Clark, who had both hands cut off by a saw mill more than a year ago, came up Friday morning and announced that he had shaved himself before he started. Just think of a man shaving without hands. His right hand is off a little below the wrist and he has the use of the wrist joint. He has a piece of stiff leather made to fit and buckle on this arm and extend down to the end of the arm. He picks up small objects, handles his pocket book and tobacco, feeds himself and uses this in a thousand other ways, and now he is shaving! His other arm is off between the elbow and wrist.

Mr. M. L. Raley and Miss Clara Francis Gilmore were married on Tuesday evening of last week at the home of Rev. J. R. Millard at Ruby. This was a surprise, as the wedding had been planned for Wednesday, but their intentions had become known, and they stole a march on their friends and were married on Tuesday evening. Mr. Raley is the cashier of the Bank of Ruby and Mt. Croghan, and is one of the most prominent young business men of the county. Mrs. Raley is a daughter of Mr. and Mrs. A. W. Gilmore. She is a graduate of Columbia college, and is a very popular teacher. She taught at Mt. Croghan the past session and had been re-elected. They will make their home at Mt. Croghan, where Mr. Raley is erecting a beautiful residence.

Mr. J. T. Threath killed two coachwhip snakes at one shot on Sunday, May 24th. The snakes were the same length, each measuring 6 feet and and 9 inches.

The annual children's carnival was held at Ruby last Saturday, and Miss Maude Campbell, was crowned "Queen." A bounteous picnic dinner was served and the children and the older ones enjoyed a very pleasant day.

Miss Elsie L. Cody, of Jacksonville, Fla., is expected to arrive here today to train the children for the "June Wedding" all children that are to take part in exercises should meet at school house Thursday evening.

Lightning struck the telephone wire near the Mt. Croghan Drug store Monday afternoon and jumped to the metal roof of the drug store and followed the metal into the pipes of the lighting plant. No serious damage was done.

Mr. L. D. Robinson and his wife are both sick at their home in the Providence section, and there is an excellent opportunity for doing good by visiting and ministering unto these good old people. "Uncle Levi" is one of the most consecrated christians of his section, and he and his good wife deserve every kindness in word or deed that may be shown them.

In two days after the burning of his dwelling and barns on Monday afternoon of last week Mr. Frank Courtney's neighbors had gathered in and built for him a good new barn 30 by 30 feet. Twenty-five or thirty men who work with determination can do much in a short time. Deeds of this kind take much of the sorrow out of misfortunes like that which befell Mr. Courtney.

The closing exercises of the Cheraw high school were held Friday night. The address was made by Associate Justice Gage. Superintendent B. C. McIver and all of the teachers have been reelected. There was a total enrollment of 515 the past session and the session was one of the best in the history of the school.

Mr. L. L. Whitley, son of Mr. Philip Whitley of Buford township, who is a medical student in Atlanta, is spending his vacation with his parents, says the Monroe Journal. Last week Mr. Whitley went to Tennessee and successfully passed the examination for practicing medicine. Mr. Whitley has not completed his course in Atlanta, and it is quite an honor to be able to pass the examination before graduating, which he expects to do next year.

Local rains have fallen in many sections during the last few days, and the drouth has been partially broken, but there is still need for a general rain to thoroughly wet the land. There has been practically no rain in or around Pageland, but a few miles away in nearly any direction there has been more rain. The farms where there is a stand of corn and cotton have suffered very little, but where the stands are poor there is need for rain. There is no prophet hanging around The Journal office, but we predict that there will be plenty of rain this month.

Graham, the seven-year-old son of Mr. and Mrs. George Walters, of Cheraw, fell from a tree last Friday and broke an arm, and was hurried away to the hospital in Florence. He fell a distance of about 30 feet and the broken bone punched through the flesh and could be seen with the eye. The little fellow seems unlucky indeed. This is the second time he has had an arm broken and he had an eye almost ruined by a berry shot by another boy, to say nothing of the many other ailments to which a youngster is subject. He is getting along nicely with the broken arm.

The county campaign will open Wednesday, August 6th at Brocks Mill, and continue as follows: Cheraw, Wednesday night, 6th; Patrick, 7th; McBee 8th; Jefferson 18th; Pageland 19th; Mt. Croghan 20th; Odom's Mill 21st; Chesterfield Saturday 22nd. The first primary will be held on Tuesday August 25th.

The record hawk and owl catch is reported by Mr. B. D. Nelme, one of the county's most reliable young farmers and also a justice of the peace. He says that with the assistance of a neighbor, he has caught in five steel traps this year 153 hawks and 31 "hooting" owls.—Wadesboro Ansonian.

John Robert, theseven-month-old son of Mr. and Mrs. Kirby Rivers, of near Chesterfield, died yesterday afternoon about 3 o'clock and will be buried at Hopewell today at 3 o'clock. Services will be conducted by Rev. B. S. Funderburg.

Miss Jessie Quick left this morning to spend a few days in Clio.

Mrs. Mary A. Sowell, Mrs G. C. Mungo, Mr. C. W. Porter, Sr. and little Mary Quick left this morning to spend a few weeks in Asheville, N. C.

The Stitch In Time

A sore shoulder or breast on his horse is a reproach to the owner. It means carelessness or indifference or ignorance. Harnesses that are kept clean and that fit do not make sores when horses are properly worked. Do not try to make a collar fit by using pads, they sweat the shoulders and make them tender. Throw away the pads and buy collars that are the right size, keep them clean, don't overcrowd the horses and you will have no trouble from galls or sores.—Our Dumb Animals.

A Longer Dry Spell

Wadesboro Ansonian Speaking of the dry weather here, Mr. Isom Davis of upper Anson said Monday that he remembered a "long dry spell" in 1852, when it stopped raining on March 20th and not enough water to run the roads fell until July the 4th. Mr. Davis is 87 years of age and says that he made the best crop of corn that year he ever had made. Cheer up, the worst may be just ahead. The weather man has promised rain the latter part of this week, and if he fails us he ought to resign his job.

Hail Insurance—Cotton!

Mr. A. F. Funderburk has his entire cotton crop insured against loss by hail in the amount of \$40.00 per acre. The Carolina Hail Insurance Co., of Marion, S. C., has been doing business since 1906, and has paid out over \$20,000 a year to farmers. They have never had a lawsuit in settling a claim. Any one wishing insurance or information can see Mr. A. F. Funderburk. The cost is very little. Adv.
