Congress Will Not Adjourn.

Washington, July 19.—Members of Congress who are standing valiantly by the Administration in the effort to complete its legislative program despite the approaching campaign, while admitting they are weary of legislative duties and anxious to get home to their districts have resigned themselves to the conclusion that there is little hope for adjournment before Fall.

Both houses of Congress already are having trouble in rallying a quorum for the trans-

action of business but the party whips are keeping constantly at work bringing members who have left town back to Washington and they hope to expedite what business remains as rapidly as possible. Some Senators and Representatives are permitted to go from time to time to look after their political fences, but it is the aim of the Democratic leaders to keep a quorum present at all times from now on.

The county board of registration will be in Pageland tomorrow.
