# TEN CENTS FOR COTTON

Realizing that we are assuming a great risk, but being desirous to assist our patrons in getting a fair price for cotton we have decided to allow ten cents per pound for cotton on accounts. If you owe us bring us a bale or so and we will appreciate it.

Yours for better times,

## Crimson Clover

Is Best Quality Obtainable, of High Tested Germination and Purity.

Crimson Clover is a wonderful soil-improver; also makes splendid fall, winter and spring grazing, the earliest green feed, or a good hay crop.

A crop of Crimson Clover turned under is equal to a good application of stable manure, and its value as a soil-improver is worth \$20. to \$30. per acre.

Wood's Description Fall Catalog giving full information about CRIMSON CLOVER, ALFALFA, WINTER VETCH,

and all FARM and GARDEN SEEDS for Fall sowing, mailed on request. Write for Catalog and prices of any Seeds required.

### Sow Crimson Clover and Save Fertilizer Bills

The indications are that prices of fertilizer the coming season will be much higher than usual, owing to the fact that the supply of fertilizer materials will be largely cut off on account of the European war. This should cause farmers everywhere to put land in crops that will save fertilizer bills. Nothing will do this better than Crimson Clover. It is unquestionably one of the best soil-improvers that can be put in, and wherever it is grown, it gives largely increased crops of corn, cotton and tobacco.

We have secured more liberal supplies of Crimson Clover than was expected and will be able to sell at much more reasonable prices than was anticipated.

WOOD'S CROP SPECIAL gives full and interesting information about the fertilizing value of Crimson Clover; also about other seeds for Fall sowing. Write for Crop Special and prices of any seeds required.
