ANNOUNCEMENT.

In announcing this The Third Annual Chesterfield County Fair, the Committee desires to thank our good citizens of the town, county and adjoining counties for their hearty and liberal support and cooperation in the past events of this kind and ask that you again lend your efforts in making this one equally as successful. As the public is generally aware, this is not in any way a money-making proposition—our idea is only to meet expenses, and as our program will show, they are heavy. The Committee get absolutely nothing for their services, therefore it may be readily seen that it is the duty of every one to lend a helping hand and to hold out all encouragement for the success of the undertaking. Each year we strive to make many improvements in every department of the Fair. We are offering more classes, and more prizes and we strive as hard as we know how to entertain you in every way we can while you are a visitor and exhibitor at this—YOUR FAIR.

The Committee will select Judges that they have confidence in and that will give to each exhibitor a fair and square deal, and we therefore ask that you uphold them in their decisions, which we trust will meet with your approval.

All who wish to participate in riding and driving events must make entries with the Secretary not later than Nov. 10th; those who fail to sign entry sheet will not be allowed to contest.

For all information address SECRETARY CHESTERFIELD COUNTY FAIR, Chesterfield, S. C.

Two ribbons will be awarded for each kind of exhibit in each department; the blue ribbon will indicate first prize, and the red ribbon second prize.

"GEE.....!"
BUT THAT'S
GREAT SOAP!

Oh, I'm a Soapmaker all right.
And it's so EASY--so QUICK!
Just dissolve a can of me in a quart of water. Now pour this water into four pounds of melted Grease, no **BOILING** at all.

And you will have seven pounds of fine, hard soap, 50c. worth, and I only cost 5c., a nickel, a half dime.

Sow Crimson Clover and Save Fertilizer Bills

The indications are that prices of fertilizer the coming season will be much higher than usual, owing to the fact that the supply of fertilizer materials will be largely cut off on account of the European war. This should cause farmers everywhere to put land in crops that will save fertilizer bills. Nothing will do this better than Crimson Clover. It is unquestionably one of the best soil-improvers that can be put in, and wherever it is grown, it gives largely increased crops of corn, cotton and tobacco.

We have secured more liberal supplies of Crimson Clover than was expected and will be able to sell at much more reasonable prices than was anticipated.

WOOD'S CROP SPECIAL gives full and interesting information about the fertilizing value of Crimson Clover; also about other seeds for Fall sowing. Write for Crop Special and prices of any seeds required.
