

**ANOTHER OPPORTUNITY TO DO GOOD**

The boys who go from home into army life find themselves in another world. The whole some influences of the home and church life are withdrawn, and the young man is thrown into a hotbed of temptation. The vices are open to him, and, left to himself, the average boy will yield to the strong influences about him. Ere he is aware of it his good impulses begin to slip away and evil ones to come in. The military training is not to make good men, or good boys but good soldiers. The physical side is stressed. The biggest ruffian may fight better than the most devout.

Only one channel is open for carrying home and church influences to the soldier boy in the camps or in the trenches. Only one organization attempts to carry good cheer and holy influences into the lives of the brave young men who have surrendered everything that they may battle for the safety of home and loved ones, for liberty and for justice. The young men's Christian Associations is trying to make army life as much like home life as possible. To do this money is required. The task is a big one, but the American people are this week showing again the stuff they are made of. President Wilson has asked that \$35,000,000 be raised this week for this great work. Every state is organized, and then the organizations reach right on down to the county and township. South Carolina is asked for \$200,000. Of this Chesterfield county is asked for \$3,500. Old Store's part of this is \$500. Mr. L. L. Parker has been named chairman in this township, and he has named the following to assist him in a canvass of the township this week: J. W. Elkins, R. S. Latimer, S. W. Watts, U. F. Moore, H. N. Askins, J. A. Turner, D. B. Harrington, D. E. Clark, G. B. Dukes, P. M. Arant. Mr. Parker believes that the amount will be raised.

An old couple in the South were much distressed owing to their increasing poverty. Thinking their son in the North would help them, they wrote, stating their trouble, and saying if he did not aid them they would be obliged to go to the poorhouse. A couple of weeks passed and then came a letter from the son saying:

"My dear parents: Just wait another week and I'll come home and go with you. Your affectionate son."—Ex.

An official who has scrutinized the reports made by German diplomatic representatives to their government before the declaration of war furnishes this extract from one of them:

"The Americans are very rough. If you call one of them a liar he does not argue the matter after the manner of a German gentleman, but brutally knocks you down. The Americans have absolutely no kultur."—New York World.
