<p>Special Sale of Women's PATENT LEATHER SHOES.—Formerly sold at \$3.00 and \$3.50. This Sale at \$2.35</p>	<p>The story of the Piercing Arrow and its Mission in Orangeburg.--In the days of old the bow and arrow as well as the lance and shield played a prominent part in the mighty battles waged in every land. Christopher Columbus, the undaunted navigator found the bow and arrow in the hands of the wary Red Man upon his landing in this--The Land of the Free and the Home of the Brave--Grand and Glorious America. In later years Piercing Arrows in the hands of these same Red Men who at first joyfully greeted the great Discoverer, left death and desolation in the wake of these bold and hardy pioneers who braved the dangers of the Great Unknown, and in every battle of early times these piercing shafts played their part in the history that Destiny had preordained. These Piercing Times of Peace finds the Red Warrior calmly dreaming his life away upon the plains of the fertile West and contentment reigns supreme--except that civilization has wrought queer changes and today the Modern Merchant is fighting Trade Battles that for intensity of purpose are as mighty as any ever waged by the warriors of old and learning through the school of ingenuity and thrift has completed the ancient and modern to respond to his call and has turned the Piercing arrow to his advantage, and here today in Orangeburg it is not only casting death and desolation upon high prices but is doing yeomen service in dollar saving for the people.</p>	<p>Neckwear.
