The Best of All Economy is the Economy of Securing the Best.

It is not economy to take your child to a cheap and inefficient teacher when an experienced and well trained one may be secured for a slightly greater fee. If you must have a cheap teacher, it would be better to reserve the cheap teacher for some later period, as the most important period of all is when your child is commencing the study of Music. A poor teacher has wrecked many a promising career. The best of all economy is the economy of securing the best. If you put up with cheap things at the start, you will find that you will go through all your musical life, seeking for bargains,-bargains that are far more expensive than you have any means of determining. Music tuition in the North and West is far in excess of that in the South. In the South, it runs from six to ten dollars per menth for first class instruction.

Prof. T. L. Tinsley and Mrs. Della Gilbert, who will have charge of the Departments of Piano and Voice, respectively, in Orangeburg College during the coming year, have both studied with some of the very best American as well as European trained teachers, and have had wide experience in their profession. Students from the city and surrounding country solicited. Students from the city taken in the afternoons from three to five. Rates \$5 per calendar month. Session opens September 20th. Send applications to President W. S. Peterson, Orangeburg, S. C.

FINDING A LOST BIBLE 11 Chronicles 34:14-33-July 30 "Thy word have I hid in my heart, that I might not ein against thee." — Pealm 119:11.

N conjunction with Josiah's reformation and cleansing of the temple, a copy of the book of the Law was found. Presumably this book contained the Pentateuch or five books of Moses. The long period of idolatry preceding Josiah's work of reformation had placed the Testimonies of the Lord at a discount, so that evidently the king had never seen, perhaps had never heard of the Divine Law up to this time. The royal copy was doubtless destroyed long before. The king caused the manuscript to

be read in his hearing. It detailed what blessings would come upon the nation of Israel if obedient to God. It also portrayed the penalties which would be theirs if they neglected the service of the Almighty and His Laws and became idolatrous. Deu-

teronomy 28 is a The Book of the Law. very clear statement of what appeared to be the penalty due Josiah's kingdom because of idolatry preceding his day. The king was astonished. Evidently Divine judgments were due. Why they waited he knew not. He reflected that possibly something might yet be done to offset the evil. He sent therefore to make inquiry on the subject.

The inquiry came to Huldah, a prophetess of that time, who gave the Lord's answer, saying that all the woes foretold in the Law would surely come to pass because of the idolatrous course followed by the nation. But the message declared that this trouble, this chastisement, would be deferred and not come in King Josiah's day because of his earnest repentance and. manifestation of sorrow in connection with the matter as soon as he learned

The Bible Lost Today

It may amaze some when we say that to the masses of the people today, God's Book is lost. What! do you say, have we not over a hundred million Bibles in Christendom, and are we not printing more than a million copies every year?

Alas! Bibles we have, but to the malority of the specially cultured they are Bibles no longer-they are the inspired Word of the Almighty no longer! They are studied, believed and obeyed no longer. It is still fashionable to have Bibles; it is still customary to take texts from them-this is done even by ministers who privately confess that they have no faith in the Bible-that they have no more faith in the Bible than in Shakespeare. And the number of religious teachers who have thus rejected the Word of God as the Divinely inspired Message is much greater than the majority of people surmise. Nearly all ministers graduated during the past twenty years om nearly all of the colleges and seminaries of Christendom, in Great Britain, Germany, the United States and Canada-are really inficels, unbelievers. These today are styled High er Critics, but Higher Critics are really infidels-some of them even profess atheism, denying a personal God, rec

ognizing only nature as God. How did the Word of the Lord com to be thus lost?

We answer that history shows a long period called the Dark Ages in which the Word of the Lord was set aside in favor of church councils and decrees

ormation. The Bible was translated by the Catholics into the English and styled the Douay Version. It was translated by the Protestants into English and styled the King James Ver-

Luther Finds the Bible. sion, and once more the Word of God began to exercise a transforming influence upon hu-

But alas! the errors, the darkness the superstition of the Dark Ages already in the human mind gave to the Word of God peculiar distortions and hade it appear through the colored glasses of sectarianism to mean things wholly irrational and inconceivable.

As a result school men, college pro fessors, Doctors of Divinity, etc., bave charged up against the Word of God various doctrines which it does not teach-amongst others Purgatory and eternal torment for all except the "very

Finding the Word of God Now, in due time, the Word of God is being found. The dust of the Dark Ages is being brushed aside. The Book is being investigated in the light of its own teachings. It is shining with wonderful brilliancy upon the path of the just. We are seeing fulfilled before us God's promise that the path of Poplar Glen, Saluda, N. C. Near the just will "shine more and more unto the perfect day." Its bright shining at the present time betokens that the New Day, the New Ern of Messiah's Kingdom is nigh, even at the door (Matthew xxiv, 33; II Peter i, 19)
