MAGNOLIA ACADEMY.

Marriages, Deaths and Other News From That Place.

On Thursday afternoon Aug. 24, the home of Mr. and Mrs. L. E. Kennerly near Neeces, was a scene of loveliness having been decorated for the marriage of their beautiful and accomplished daughter Annie Bingham, to Mr. Gary Corbett, the decorations were of ferns and many other beautiful flowers, which had been so arranged by deft fingers that they made the parlor a marvel of beauty.

At four-thirty o'clock the bridal party entered Miss Annie Mae Lide and D. Felder Salley preceded the bride and bridegroom to the parlor, while Miss Marie Hooker played the Wedding march.

Then came the bride, a vision of loveliness in a beautiful blue silk dress with a net over it leaning on the arm of the bridegroom. They were met by the Rev. Tom Posey of Wagner, who with the beautiful and impressive ceremony pronounced them man and wife.

After the ceremony the guests were invited into the dining room, where ice cream, cake and lemonade was served. The bride was the recipient of many handsome and useful presents, consisting of china and silver, etc.

COTTON SEED IN CALHOUN.

Farmers Disgusted Over Conditions in That Market.

The St. Matthews correspondent of The News and Courier says: "The rain storms have seriously damaged the open cotton, which had begun to be picked in dead earnest. It is estimated that over a thousand bales are now in the territory feeding this market and 425 have been sold."

"The farmers are plainly disgusted over the low price of cotton seed, 21 cents, but few are selling unless under the thumb screws of some overlord. The cotton seed traffic has gotten to be a driving business in this section. It is rare to find even a good and successful farmer who does not trade his seed for meal, as they argue that the comparative value is largely in favor of the meal.

But there is no doubt about the fact that the seed problem among the negro tenants, of whom there are many in this country has gotten to be a serious matter. Stacks of the seed among these tenants are practically bought long before the season opens and they have got to sell at any price previously fixed. They sell every seed as fast as they get their hands on it, and when planting time comes around it is a frequent occurrence to find them without a seed in the world to plant their crop. Everybody recognizes this state of affairs as a great nuisance and detrimental to the agricultural interests of the county, but there is no remedy in sight and it will probably go on from bad to worse."

THEY GET TOGETHER.

Cotton Buyers Will Not Deduct \$1 From Light Bales.

At a conference Thursday afternoon between the cotton buyers of Orangeburg, two committees from the Chamber of Commerce and a representative of the Farmers' Union of the County, the cotton buyers unanimously decided to refrain in the future from deducting \$1.00 from the price of light weigh (under 400 lbs.) bales of cotton brought to this market. At the same time the importance to the farmer of packing his cotton so it will average at least 400 pounds to the bale, or better still 500 pounds, was emphasized in the discussion which took place at the conference.

This action of the cotton men of the city can not be too highly commended and we trust will result in making this market one of the best in the whole State. The price paid here for cotton the year round averages higher than any other point in this section of South Carolina and we hope our farmer friends will take advantage of this condition and help Orangeburg county as well as themselves by marketing their cotton here. We will welcome them and accord them the very best treatment.
