

REMARKABLE CURES.

Mr. W. Q. Hipp, of Pomaria, Discovers a Remedy for Rheumatism and Proves Its Efficacy.

Mr. W. Q. Hipp, of Pomaria, suffered very severely with rheumatism for four years. About a month ago he tried a very simple remedy, and today he says he would not take many thousands of dollars for the change which that simple remedy wrought in his condition.

This is not a medicine advertisement. It is not desired to sell you anything. It is simply desired to suggest to those suffering with rheumatism, and everybody knows how very painful such suffering is, a simple remedy which may help them.

Mr. Hipp could not walk upstairs, so sorely was he afflicted. He gave the remedy to Mrs. D. A. Ruff, who suffered with rheumatism, and the same remarkable cure was wrought in her case. He gave it to an old negro woman who could not raise her right arm, and that woman today handles her arm as freely as she ever did.

The remedy is very simple. It is as follows:

- Gasoline, 1 quart.
- Camphor, 2 bars.
- Mix and rub parts affected.

Mr. Hipp advises those suffering with rheumatism to try it. He does not guarantee a cure, but the experiences given above are true.

INTERESTING LETTERS.

The Editor of the Abbeville Press and Banner Ver. Pleasantly Remembers Judge and Mrs. Crosson.

The following is taken from the Abbeville Press and Banner:

"Judge James M. Crosson, now of Woodville, Texas, but formerly of Newberry, this State, is writing interesting letters to the Newberry Herald and News, giving his recollections of Newberry before the war, when he was a younger man than he is today, and when the generation lived and flourished on the Bush River.

"The Judge now was a Colonel in the former days, and no man in Newberry county stood higher with the people. Whenever he offered himself as a candidate for office they manifested their love for him and showed their confidence in his ability to serve them. He was for years editor of one of the county papers, and no man of his day ever came nearer filling the requirements of the time.

"We are not surprised that the people of Texas recognized a good man when they saw him. A better woman than Mrs. Crosson never lived in Newberry. Her ability and her womanly graces made her the noblest of the queens of Newberry households, and in her outward life she was among the best to be met on the King's highway.

"Away back in the fifties the Crosson family consisted of several little ones, among the number were Master O'Neill and Miss Bettie. The names of the younger children I do not remember. The Judge ought to write all about his children. Miss Bettie and Master O'Neill, I presume, have long since gone out from the home nest. I was glad to note recently that Mrs. Crosson was still living. They must now be far on the way to four score."

Judge and Mrs. Crosson recently celebrated their golden wedding. They have lived for more than half a century together, enjoying the respect and esteem of all who know them. Judge Crosson was at one time editor of The Herald and News. His letters to this paper are interesting and form a valuable contribution to the history of the county, and it is hoped by the people of Newberry that he will write often and long.

FLORENCE POSTMASTERSHIP.

Roosevelt, Pursuing His Contemptible Policy, Will Renominate a Negro for the Position.

It is reported from Washington that despite the somewhat violent opposition of the white people of Florence, S. C., President Roosevelt will renominate Rev. Joshua E. Wilson, colored, as postmaster at Florence. The negro cry has been raised by those who are conducting the opposition to the appointment, but the President, who has carefully looked into the facts, has concluded that there is no ground for this issue in view of the facts and about the middle of December he will send to the Senate the nomination of Wilson to succeed himself. Wilson is presiding elder of the Florence district of the South Carolina conference of the Methodist Episcopal Church, colored, and was appointed postmaster at Florence by President McKinley four years ago, at which time there was little or no material opposition and no injection of the question of the color of the appointee. Under a previous Republican administration Wilson served four years as postmaster at Florence. He is nearly

white in color, and was never a slave, and the peculiar fact about his family is that, although of negro blood, they owned and worked slaves themselves. There is said to be no objection to the renomination except on color lines.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by W. E. Pelham & Son, Newberry, S. C., and Prosperity Drug Co., Prosperity, S. C.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by W. E. Pelham & Son, Newberry, S. C., and Prosperity Drug Co., Prosperity, S. C.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by W. E. Pelham & Son, Newberry, S. C., and Prosperity Drug Co., Prosperity, S. C.
