THE NEW SCHEDULE.

The new schedul: now in effect on the Southern railway can not but help Newberry. Every day since the change was made we have had people from Chappells, Silver Street, Old Town and points above the county line come to Newberry to do their trading. They can come to Newberry in the morning and return shortly after noon or spend the day and return in the late afternoon. Or they can come after dinner and spend the afternoon. The new schedule means that we are getting much of the trade which ought to be ours but which has heretofore been going to Greenwood and other points above.

The mails have been very irregular since the change but no doubt they will run regularly in a few days.

We hope there is truth in the reports that Hanna will not support Roosevelt for the presidential nomination but that he himself will be a candidate. As matters now stands it seems probable that Mr. Hanna could secure the nomination. True, neither one of the gentlemen is fit to be president, but Mr. Roosevelt has already proved his unworthiness and Mr. Hanna could not do worse and might do better, should he secure the nomination and the Republicans win the election.

THE PRESIDENT'S MESSAGE.

President Roosevelt's annual message was read in Congress shortly after the convening of the regular session at 12 o'clock on Monday. The paper is written in that strong \$10,824.759; department of agriand terse English which is characteristic of Mr. Roosevelt's papers.

startling. It is written from the standpoint of the Republican party entirely, as was to be expected, and defends the acts of the administration and lauds the various departments of the government.

The Garlington Publishing Company, at Spartanburg, is engaged in the work of printing records of the privates ond officers of individual companies in the Confederate Army. The roll of each company is separate and contains the record of the service of each officer and member. The rolls sell for \$2.00 each. The work will no doubt appeal to every one interested in preserving the records of the Confederacy.

The Seaboard Air Line Railway takes pleasure in announcing to the traveling public the following improvements in the equipment of their passenger trains:
