Ask Your self These Questions!

When You Are Disabled or Sick. Will your income stop? Will your grocer quit sending the bill the first of the month? Will times be harder for your family?

Who will pay your rent? Who will pay your doctor bills? Will your family expense increase? Who will keep your home together? If you cannot spare a few dollars now for insurance, how will you get along when your income stops?

Do you want to let the North American look after these matters for you? If you do—Insure today! Tomorrow may be too late! Delays are always costly! \$25 weekly will look mighty good when you have been disabled by accident or sickness.
