Friday, October 12, 1917.

TWO MORE DAYS.

On account of the rush and other things we have been unable to correct our mailing list and for that reason we have not taken off those whose time has expired. A good many paid under our special offer of ten months for one dollar, but as we could not get the list corrected and for fear we might take off some who had paid we have decided to let the offer remain open today and tomorrow, but the offer will positively close on Saturday, and we will then correct the list and take off all who have not paid. This is a rare opportunity to get a saving of 25 cents, or 25 per cent.

We missed part of our mail on Monday on account of first one trouble and then another, but it is going to be our purpose not to do so any more. We had to carry over a good many things that we should have printed on Monday. In these times if it is not one thing it is another, but there is one consolation, it takes more grit to smile when everything goes dead wrong and go on and do your best, than when everything runs smooth. And that is the sort of grit we have.

There are those, unfortunately, and may God pity and have mercy on their little souls, who seem to take a special delight in saying unkind things and being disagreeable, generally, but we just smile and let such go their route, and the end is sure and certain. Then there are others, God bless their sweet souls, who are always lending a helping hand and giving a kind word and a word of encouragement. They are the light of the world and are sure to have a crown of glory with many bright and shining stars as their portion.

"There was no sleeping of patriotism among the negroes last Friday morning, when the increment of thirty-three men left on the Southern train No. 117 for Columbia."

So says the Yorkville Enquirer of the negroes who left that county for Camp Jackson and the same may be said of the fifty-six who left Newberry on Saturday by the C. N. and L for the same place. As we stated they were a happy bunch and seemed to be as jubilant as if they were going to a feast or on a picnic excursion. And it must be said also to their credit that the large crowd that was in town to see them off demeaned themselves properly and the day passed as orderly as if there had been only the usual crowd in town.

And the speeches so far as we have heard were in good taste and temper and calculated to do only good. We are pleased to be able to say this for our colored population.

VARIOUS AND ALL ABOUT.

Mr. Geo. C. Swittenberg returned several days ago from Atlanta, where he had undergone treatment in the National Surgical institution. His friends will all be glad to learn that the treatment was beneficial.

Rev. E. W. Babb has been requested by the senior editor of the Baptist Courier to be the representative of the Reedy River association in assisting Dr. W. J. McGlothlin and Mr. Herbert Hoover in the work of food conservation. Mr. Babb will prove valuable in any conversation for food conservation.

Mr. George P. Hill got a letter Saturday from his brother, Dr. L. T. Hill, of Abbeville, stating that their brother, Mr. Tabor H. Hill, who has been and still is very ill at his home in Greenwood, would have to be taken to Baltimore this week for hospital treatment. The sick man, who is the father of Mrs. Frank C. Sligh of this city, has many friends in Newberry, where he formerly lived, and they will regret to hear of his illness, while hoping for the best.

Miss Sadie Gggans, Miss Teresa Maybin and Mr. B. V. Chapman are delegates from the society of the Lutheran Church of the Redeemer to the Young People's Federation which meets in Columbia Friday, Saturday and Sunday. Miss Rosalyn Hipp and Prof. Gilbert P. Voigt will attend as members of the executive committee and Dr. Jno. B. Setzler as vice-president. Dr. George B. Cromer is to be there to make an address at the closing exercises.

Mrs. W. H. Wallace left Sunday for Ridge Spring to attend the funeral of her niece, Mrs. Glover Scaife, who was formerly Miss Nellie Jones. Mrs. Scaife died in Chattanooga Sunday morning at 3 o'clock, of heart failure, after an illness of only a few

hours. Her husband is at the officers' training camp at Fort Oglethorpe, and Mrs. Scaife had gone to Chattanooga to be near him. They were married the first of the year. Mrs. Scaife was a graduate of Winthrop and was well known in Newberry where she had visited her aunt. After the burial Mrs. Wallace will remain for a little while with her sister, Mrs. L. P. Jones.

There will be preaching at Red-dick's chapel in High Point Sunday afternoons at 3:30 o'clock by the pastor, the Rev. J. C. Smith, of Chap-pells, the well known Pentecostal Holiness advocate.

Mr. J. Y. Floyd's residence in No. 6 township was destroyed by fire Thursday afternoon. It is not known how the fire originated. Mr. Floyd was at Silverstreet where he is engaged in buying seed. It was learned that the dwelling was completely destroyed and only a few of the household effects were saved.

Mr. T. J. Wilson, township chairman, and Mr. T. A. Dominick county secretary of the county Sunday school association, will meet the Sunday school at Bachman Chapel next Sunday morning at 10 o'clock and would be glad to have the entire school present. These two officers are visiting all the Sunday schools in the township and are endeavoring to arouse an interest in the Sunday school work. Don't fail to see the Hearon Sisters Concert company at the court house Saturday night.

Liberty loan agents have been appointed for the various cities and towns. We have the following: Newberry, Jno. M. Kinard; Pomaria, Dr. Z. T. Pinner; Prosperity, Hon. T. A. Dominick; Whitmire, H. C. Leaman. Mayor Wright and Alderman Baxter, Summer, Senn and Hardeman have been nominated for reelection.

Mr. Claude H. Williams is announced as a candidate for alderman for Ward 1.

The Trinity school will open next Monday, with Miss Lucy Bowers, principal, and Miss Rosa Radcliffe, assistant teacher.

Governor Manning has decided not to interfere with the sentence of Mackey Palmer, who is to be electrocuted at the State penitentiary Friday for the murder of Police Sergeant Howard H. Franklin in Orangeburg last March.

The court at Anderson has given a verdict for \$7,000 to Miss Elma Clayton against the Southern railway. Miss Clayton lives at Liberty, Anderson county, and was teaching school in Newberry, when, on or about the 25th of last April, while alighting from the train here, fell from the steps to the station platform and received a severe twist of her right leg and ankle, her right foot and knee striking against the car step, fracturing a bone of the foot and giving her a severe wrench, which she claimed was caused by negligence on the part of a railroad man.

Three trains of New York artillery for Camp Wadsworth passed through Newberry last week.

Today and tomorrow you can get ten months good reading by leaving your name and postoffice ad one dollar at The Herald and News office.

If you get this copy of The Herald and News and your subscription is out don't worry you will not get any more unless you renew. The loss will be ours.

Miss Lucile Baxter is at the Baptist hospital in Columbia undergoing treatment.

Mr. N. D. Gruber and family have moved to Charlotte.

LOOK AT INSYDE TYRES!

Insyde Tyres Answer the Tire Question?

No more trouble from punctures and blow-outs which rob you of half the enjoyment of motoring. Eliminate 90 per cent. of all punctures. Adds from 1000 to 5000 miles to the life of a casing. Insyde Tyres save their small cost in a short time and may be used over and over again in several casings. Insyde Tyres are made of tough rubber and tough fabric vulcanized over tire moulds.

Insyde Tyres relieve the outer casing of the air pressure load and at the same time protect the inner tube. A stone-bruise results in a blow-out and that is the end of the tire. Insyde Tyres prevent these blow-outs and make the tire casing wear-out instead of blow-out.

A test made in Newberry with Insyde Tyres exposed in an old casing, running in this condition over 600 miles without a puncture or blow-out show that Insyde Tyres are different and better than any other article of a similar nature and will do the work claimed for them.

Remember tires cost more than gasoline. Insyde Tyres cut the cost from 25 to 50 per cent. They increase tire mileage from 50 to 100 per cent.
