**SUMMER BROTHERS CO.**

Newberry, S. C.

**The Standard Warehouse Co.**

COLUMBIA, S. C.

**SAFETY FIRST**

The Standard Warehouse Company has assets of more than half a millien dollars with liquid assets of more than fifty thousand dollars, and no debts.

Its managers are bonded for one hundred thousand dollars in one of the strongest bonding companies.

It keeps its customers' cotton insured at its market value with The Factory Insurance Associations, composed of thirty-five of the strongest insurance companies, having combined assets of **\$362,757,000.00**

It has warehoused for its customers in the past eight years more than one million bales of cotton without the loss to them of a single bale.

Its receipts are well established in all the money centers and secures the lowest interest rates as it has the highest commercial rating of any warehouse company in the South.

It delivers to the farmer the identical bale of cotton which he puts in the warehouse and has never permitted a substitution.

It is the only warehouse operating in the South in which any farmer can store his cotton, whether one bale or more, and borrow money on the receipt at a low rate of interest from banks in the North.

It is the only company in the South that operates warehouses at several different locations—Columbia, Orangeburg, Greenwood Newberry and Anderson, thus serving a larger number of farmers.

It was the first warehouse system to secure six per cent. money for farmers on their cotton, as it did so in 1909, and last year secured money for them at five per cent.

*No charges are made for selling the cotton of its customers.*
