RUSSIAN FAMINE UNDER CONTROL

STATEMENT BY GOODRICH OF INDIANA

Former Governor Tells President and Secretary Hoover of Investigation

Washington, April 20.—The American relief administration now has Russian famine under control in all the accessible districts, former Governor Goodrich of Indiana declared today after conferring with President Harding and Secretary Hoover upon his recent investigation of conditions in Russia.

Mortality among children has been reduced to normal, he reported, and deaths from acute starvation among adults are rapidly diminishing, while the morale of the people in the famine districts has shown an extraordinary change for the better.

Control of the Russian famine until the next harvest, Governor Goodrich asserted, was purely a question of railway transportation, the "degenerated administration and equipment to the railways" giving no certainty as to the continued movement of supplies. He declared there were enough supplies on the way to Russia or stored in ports to control the situation until harvest if they could be delivered to the famine regions, but added that congestion at junction points, where as many as 50 trains have been stalled for weeks, threatened the continued movements from the ports.

The former governor said there was every indication that the seed provided by the American relief administration would be sufficient to provide for the next harvest. He spoke in glowing terms of the work of the American staff in the famine districts and declared the members had organized thousands of committees in the various communities to a high point of efficiency.

"The gratitude of the Russian people towards America is unbounded," Mr. Goodrich said. "The word 'America' in the American relief administration, which is the protective sign on the whole distributive machinery from cars to warehouses and kitchens, has been embraced as a word in the Russian language expressing the generous action of America.

"No doubt, poverty will continue in Russia, more particularly in the cities and larger towns, for a long time to come, but this great disaster of famine from drought will have been overcome after the new harvest in August. Except for the amelioration of inherent poverty from economic demoralization the work of the Americans will have been accomplished."

NEWBERRY AND CAROLINA PLAY TO TIE

Gamecocks and Indians Play Twelve Innings—Score Seven to Seven

Newberry and Carolina battled to a 12 inning draw at Newberry Thursday afternoon, it being necessary to call the game on account of darkness. Luther pitched a great game, allowing the Gamecocks only five scattered hits but he received erratic support. Two of the hits off his delivery were home runs by Snipes and Balk. Peters for the visitors was wild and was hit hard, he being driven from the mound in the sixth. Wallace, who relieved him, pitched better ball but he was wild also. Luther did not walk a man. It seems that each team tried to see which could put up the most erratic exhibition in the field, although during the last several innings the fielding of both nines was clean and snappy, not a run being scored after the seventh. D. Shealy and Gilliam played sensational ball in the field for Newberry and their work was about the only bright feature of the game. Gressette of the visitors made a spectacular catch in the centerfield.

NUMEROUS NAMES MENTIONED IN RACE FOR GOVERNOR

Columbia, April 21.—The announcement that Former Congressman A. Frank Lever is to be head of the new joint land bank in Columbia has revived talk throughout the state as to who will be the next governor. Mr. Lever had been considered by many as a possible candidate for the governorship, but his definite announcement of other plans is thought by many to leave the way open for announcement by some other good man. It is said that several good men in the state are in a receptive mood, and will probably put their hats in the ring, now that the atmosphere, has cleared up, so far as Mr. Lever's position is concerned. It is expected that the next few weeks will bring developments in the political situation.

To many the recent discussion of the possibility of Hon. John Gary Evans, of Spartanburg, as candidate for governor, is taken to mean that he will be in the race. Mr. Evans has been in Columbia several times lately and during the recent legislative session he was seen several times on the floors of the assembly. This is taken as a pretty good sign that a political bee is buzzing in his bonnet.

Numerous names are mentioned in connection with the race for governor including those of Mr. Evans, Henry Tillman of Greenwood; Col. J. Mon Johnson of Marion; Dr. D. W. Daniels of Clemson college. Col. Holmes Springs of Greenville; Dr. O. L. Sawyer of Georgetown; D. R. Coker of Hartsville; Dr. George B. Cramer of Newberry; Senator Proctor Bonham of Greenville; R. M. Cooper, Jr., of Waysack; Christie Benet of Columbia; and State Superintendent of Education John E. Swearingen of Columbia. Former Governor Blease and A. J. Bethea have announced themselves.

It is said that the anti-Bleese forces will have a candidate in the race, one who has not yet announced himself. Who this man will be is not known, but with the time approaching for the meetings of the Democratic clubs, which means the setting up of the election machinery, there are expected to be announcements soon.

THE JNO. M. KINARD CAMP SONS CONFEDERATE VETERANS

The Jno. M. Kinard camp, Sons of Confederate Veterans, held its regular annual meeting on last Wednesday.

Charles A. Bowman was elected commander and Mr. L. A. Boozer adjutant.

Commander Bowman was authorized to appoint three delegates to the state reunion at Darlington and three to the general reunion at Richmond.

Messrs. J. B. Hunter, I. H. Hunt and J. N. McCaughrin were appointed a committee to provide for quarterly meetings at homes of members, and a program, on the adoption of a resolution to that effect.

If any Confederate veteran is unable financially to go to Richmond his expenses will be defrayed, if he will let it be known. This action is highly commendable and shows a true spirit of brotherly love.

Notice

Memorial exercises and the dinner which is given annually to the veterans and their wives by the Sons of Veterans and the Daughters of the Confederacy will be held this year on May 3rd, instead of May 10th, as is customary, to avoid conflicting with chautauqua.

PRESS OF WORLD HEAR LLOYD GEORGE

BRITISH PREMIER ADDRESSES NEWSPAPER MEN

Russo-German Incident Not Settled After Day of Private Conversations and Conferences

Genoa, April 20 (By the Associated Press).—The economic conference was tonight without a definite settlement of the Russo-German incident after a day given over to private conversations, conferences between the Germans and Russians and all sorts of entente and a great assembly of the world's press, called by Premier Lloyd George, who addressed the newspaper representatives of 40 nations and announced that the Germans would accept the conditions imposed by the allies and that the Russian attitude toward the London experts' report would be such that further negotiations would be possible.

After Mr. Lloyd George had made his statement, the Germans announced that they were still considering their reply to the note of the big and little entente, denying them admission to the conference unless the Russo-German treaty was rescinded or at least amended and approved by the conference. The Germans are said to be divided in their relations. This is the reason for their delay in coming to a decision for submission to the allies. The Russians also have withheld official publication of their reply to the London experts' report which had been promised for today.

In short the day closed with no definite advance over the position of the previous day but with a general feeling that the Germans will take an attitude which will make the situation easier and pave the way for a conference agreement on the Russian problem.

One of the Italian delegates said the German answer was expected Friday morning, at which time Signor Schanzer the Italian foreign minister, would convene a meeting of the allies together with Rumania, Poland, Switzerland and Sweden for an exchange of ideas on the Russian reply, which may have been delivered by them.

According to the French spokesman, tonight the delegates of one of the allied powers, not France, after the announcement of the Russo-German treaty had prepared a resolution calling for adjournment of the conference. The delegation brought the resolution to the meeting which drew up the protest to German, but being satisfied with the text of the protest decided not to present the resolution.

This spokesman added that the French were not so optimistic as Mr. Lloyd George; certainly France was not willing to pay a price without limit merely to bring about a successful conference. As indicative of the confusion here, he explained that the French information tonight was that the Germans might decide to go back to Berlin, with the understanding that they should return to Genoa when their participation in the deliberations was required.

Buenos Aires, April 20 (By the Associated Press).—The Russo-German treaty originally was intended to be kept secret. La Nación's Rome correspondent in a dispatch to his paper today says he has learned from trustworthy sources. News of its signing, he says, leaked out in conference circles through the indiscretion of Italian communists to whom the Russian delegates to the economic conference divulged it.

Thereupon the Germans, in order to avoid suspicion of a disloyal attitude, decided it was best to communicate the treaty officially.

The correspondent names the communist deputies Graziani and Bombacci as among those to whom the treaty was confided.

Paris, April 20 (By the Associated Press).—An international gathering after the Genoa conference, which will include representatives of the Little Entente, is foreseen in French official circles to deal with problems raised or brought to a head by the Russo-German treaty of Rapallo, which will go beyond the scope of the

EIGHTH GRADE STUDENTS HOLD ART EXHIBIT

A splendid exhibition of work done by eight grade students of the domestic science department of the high school was held Friday afternoon at the high school building. Miss Vivian McNeill is the instructor of this department and the results accomplished by her students in sewing and cooking are excellent. In the room where the exhibition was held, numerous dresses and lingerie pieces were on display, as were scarfs, table covers, centerpieces and other articles, done in crochet, tatting and handsomely embroidered designs.

Fruit punch and individual cakes, prepared by the students, were served the patrons and other interested friends present. This wonderful exhibition reflects much credit on both instructor and students and is worthy of highest praise.

MORE NEWBERRY COLLEGE GYMNASIUM BOOSTERS

Look over the boosters list in the New Book store window and see if your name is there. We need a new gymnasium and a new athletic field. We can have both provided we show the board of trustees that the whole town is behind the proposition.

Have you ever stopped to consider what a college is worth to a town in the way of affording amusement in the form of athletic sports? Suppose Newberry college were located in another town what would Newberry do for amusements along this line? The chambers of commerce of Greenwood and of Anderson are constantly sending out invitations to colleges to stage athletic contests in these cities. In Newberry the college sees to it that these contests are provided for us, and the contests have always been of the best, clean and of the highest type. We are confident that the college has merited our support—financially and otherwise.

Let us support our college by investing in athletic tickets. Tickets may be secured at the New Book store. If you do not care to use the ticket yourself no doubt you have a friend who will be glad to use it.

ambassadors' council.

French officials point out that the Rapallo treaty revealed the existence of collusion between Moscow and Berlin which had previously been only suspected, thereby upsetting the balance in Europe, and they declare it is incumbent upon the allies to deal with the new conditions without undue delay.

Marshal Joffre assisted Ambassador Jusserand of France in planting in the grounds of Mount Vernon a tree from La Grange castle, the home in France of Lafayette and he also placed a wreath on the tomb.

Another wreath was placed on behalf of the British embassy and Mrs. George Maynard Minor, president general, placed wreaths on the tomb of Washington and his wife on behalf of the organization.

A tree from Sulgrave manor, the ancestral home of the Washingtons in England, also was planted in the grounds by Major General Bethell of the British embassy as a gift from Great Britain.

Mrs. Eleanor Washington Howard, the last of the Washington family to be born at Mount Vernon, also took part in the ceremonies.

The Daughters of the American Revolution were urged in an address by Dr. L. S. Rowe, director general of the Pan American union, tonight "to develop a spirit of solidarity and community of interest with similar organizations throughout the American continent."

"The great heroines of the Revolutionary period in Central and South America," he declared, "stand forth as examples which have been inspiration to the nations of this continent throughout the century of their independence. I look forward to the time when you—the proud possessors of an imperishable heritage—will cooperate effectively and constructively with the descendants of those who bore the burden of the struggle in Latin America for perpetuation and further development of that spirit of service for which your organization has always stood and which is the watchword of all the Americas."

Mrs. William N. Reynolds of Winston-Salem, N. C., chairman of the committee on international relations, in a report today suggested that France and the United States join in celebrating February 6 as "International Day" to commemorate the signing of the alliance between France and America in 1778 and the signing of the treaties negotiated at the recent armament conference."

PERSONAL PARAGRAPHS PROSPEROUS PROSPERITY

Prosperity, April 24.—C. G. Cushman, extension dairy husbandman from Clemson college was in Prosperity today conferring with County Agent T. M. Mills on dairy work for Newberry county, and made the following statement regarding the Prosperity Guernsey Bull association recently formed: "The Prosperity Guernsey Bull association in Newberry county holds much hope for that section as a dairy development unit. Besides the distinct progressive step toward breeding of better dairy stock or more refined type and productive capacity it serves as a distinct community unit through which much constructive development work may be carried out. This implies that proper feeding of a balanced mixture of home grown feeds, care and feeding of young growing stock, planning of new and reconstruction of old farm buildings suitable to dairying and proper care and management of dairy products to the end that they might be marketed to the best advantage and for the best price. Any community well adapted to dairying and which becomes strongly founded on a dairying basis through the sale of sour cream becomes involved in a diversified system of farming which makes for a prosperous community and one which is always more stable through years of depression. The Prosperity community has a distinct advantage through its new association and has the above goal easily within reach."

The Prosperity Democratic club was organized Saturday afternoon at the town hall. Dr. C. T. Wyche, mayor of Prosperity, was elected president, with E. W. Werts secretary. The following delegates were elected to the county convention which convenes in Newberry May 1st: Mrs. C. T. Wyche, Mrs. T. A. Dominick, Mrs. M. C. Morris, Dr. J. S. Wheeler, J. D. Quattlebaum, Dr. E. N. Kibler, Dr. C. T. Wyche, T. A. Dominick, B. M. D. Livingston, M. C. Morris and S. A. Quattlebaum. Executive committee: Dr. J. S. Wheeler.

J. D. Griffin. The performance showed that the entire cast had been most excellently trained, the brightest particular star being Rev. Griffin who kept the audience in a roar of laughter. Also special mention should be given Willie Mills, who had the part of an Englishman, and filled this difficult role splendidly.

Beginning Friday and lasting through Sabbath there will be held a series of services at the A. R. P. church. Rev. C. B. Williams of Erskine college will assist the pastor, Rev. J. A. McKeown. LAURENS COUNTY SMASHES RECORD

SETS NEW HIGH MARK IN CONTRACTS SIGNED

Cooperative Plan Meets With Success in Various Parts of State

The State.

Laurens, April 21.—The barbecue given here today by the Laurens Business league to farmers in the interest of the Cooperative Cotton Marketing campaign was a great success. Over 500 farmers attended the rally and heard informing addresses delivered by J. D. Coghlan, J. H. McCulley and Mr. Bolinder, all of Texas. Mayor W. H. Dial presided over the meeting, which was held in the court house. The outstanding feature of the day's meeting was the announcement to-night that the farmers signed up 105 contracts and pledged 4,044 bales, which is said to be the record for the South during this campaign.

The barbecue dinner was served shortly after the noon hour, and over 600 pounds of meats were used for the occasion.

A South Carolina county yesterday broke all records in the number of contracts and bales signed in one day in cotton cooperative marketing campaigns. Over 100 contracts representing 4,600 bales were signed at a barbecue in Laurens tendered by the business men of Laurens to the farmers of that county, according to reports received from that city last night at the headquarters of the South Carolina Cotton Growers' Cooperative association.

A message from Orangeburg said that 3,000 bales were signed in that county Thursday and that all indications pointed to a heavy sign-up every day until the close of the campaign. Leading farmers all over the county are signing the contract and the business men of the county are out canvassing for contracts.

The Humphrey-Coker Seed company of Hartsville signed the contract yesterday, a message from that place said. Over 800 bales were signed at Hartsville, sending Darlington beyond the 24,000 bale mark. Although Darlington has already passed its quota a heavy sign-up is expected in that county during the remaining days of the campaign.
