Prosperity, Aug. 28.—The Cokesbury district institute met with the Wightman and Zion Methodist churches at the Prosperity church on Monday and Tuesday. The key note address was made Monday evening by Rev. W. L. Mulliken of Pelzer. In addition to the routine matter on Tuesday, the institute had the pleasure of listening to two addresses by Dr. John G. Clinkscapes of Wofford college. On Tuesday evening the closing address was made by James E. Ellis of Columbia. About 75 young people were delegates to this institute.

Foremost among the social attentions given the Cokesbury district institute was the reception given Monday evening at the Methodist parsonage by the Rev. and Mrs. J. D. Griffin. The guests were received on the lawn which had been transformed into a woodland scene. An improvised well, covered with vines, and surrounded with rustic seats was the main attraction, as each guest eagerly awaited their turn to drink from the "spring of youth." A number of get together games were enjoyed, among which was the secret hand-shake and kidnapping.

On Tuesday the institute was entertained royally with a picnic dinner on the church lawn.

Again in the late afternoon the guests were given an automobile ride around Prosperity and landed at Saluda river where they gathered for a social hour. The cars were festive in their decorations of yellow and white, the league colors.

CITY OF CHAPPELLS INVADED BY NEWBERRY BOOSTERS

A Big Welcome Extended by Citizens of Chappells—Ties of Friendship Are Cemented

On last Thursday afternoon more than twenty-five automobiles loaded with merchants, business men and women of Newberry invaded the city of Chappells for the purpose of getting better acquainted with the people of that good little city. The trip had been arranged in advance and had been termed a "get together" meeting, but before it ended it was termed a "stick together" meeting.

Never in the history of Newberry county has a group of visitors been welcomed into another community as the Newberry visitors were welcomed in Chappells. As the automobile caravan entered the streets of Chappells a most beautiful sight illuminated the eyes, for on every building the colors and in the business section there were two large signs that caught the eye of every one, one began "Welcome" and the other "Cooperation." What more could be said that would mean more than these two words? To cap the climax of this welcome greeting the citizens of Chappells and surrounding communities were lined up on both sides of the street and the smile on their faces could mean nothing more than welcome.

After the Newberry boosters had alighted from their cars they were given time to shake hands with their friends and make new friends before the program for the afternoon started. Even should the program not been carried out the short time spent in shaking hands would have been enough to cement the friendship of the two cities for ages, but the program had been arranged and every one was in a happy frame of mind to hear and receive the good things that were in store for them.

Rev. Pettigrew Speaks

The first speaker on the program was Rev. G. R. Pettigrew, a man who is loved and honored by every citizen of Chappells, as well as citizens from the entire county. Rev. Pettigrew delivered the welcome address, and truly when he had finished every one felt that they were welcome in Chappells. In the course of Rev. Pettigrew's address he stated that the citizens of Chappells had waited for this hour for years—the hour when the citizens of Newberry would come to Chappells on a mission of friendship and better understanding. Rev. Pettigrew drew a picture of Chappells before the state began to build highways, leading on up to the fact that there is now a highway all the way from Columbia to Chappells running through the county seat, Newberry, and one from Greenville running through Greenwood to Saluda river, which in time will be connected with the highway from Newberry. The speaker declared that the hour had come—Newberry has come to Chappells to create a better friendship and that they were all happy over the occasion, and as a result of this hour, Chappells and Newberry would be cemented together as never before.

Col. W. H. Hunt Speaks

At the conclusion of Rev. Pettigrew's address he introduced Col. W. H. Hunt of Newberry. Col. Hunt was the principal speaker for the Newberry delegation and in response to the introductory remarks Col. Hunt immediately gained attention of the hearers by saying that he was as much a Chappells man as he is a Newberry man, pointing back in years to the many happy times he had in Chappells. Col. Hunt is always equal to any occasion, but it seemed that in a way Rev. Pettigrew got the upper hand on Col. Hunt, as in Rev. Pettigrew's address he had grasped the meaning of the visit and answered it in a way that the friendship of Chappells could never be doubted. In the course of Col. Hunt's address he pointed out the fact that now, as never before, the city of Chappells and Newberry should join hands in every movement that has in the progress of the country, getting out the fact that the county is small and that it should have the undivided cooperation of every one of her citizens. In a very forceful manner he pointed out the danger of the failure to cooperate.

Other Trips Planned

The trip to Chappells was planned by the retail trade committee of the Newberry chamber of commerce. This committee has launched a campaign to get better acquainted with citizens in other towns of the county. Other towns will be visited in the very near future. Possibly the next trip will be made to Whitnair, then they will go to Pomaria, Little Mountain, Prosperity and other places. Get ready for us, Whitnair, we're coming!

Messrs. W. Pope Davis and R. M. Gauscy spent last week in Newberry and adjacent territory in the interest of the Provident Life and Accident Insurance company which they represent, with South Carolina headquarters in Columbia. Mr. Davis, who is a well known former Newberry man, is located in Columbia, while Mr. Gauscy is the road man of the company. While we have a good many clever insurance men in our community who seem to be doing well at the business, still these new men appeared to take all right with those coming in contact with them during their brief sojourn here.

A gentleman never finds it necessary to tell that he is one.

No, you never hear the ice man complaining about hot weather.

Men talk of things they want to buy.

By the way, didn't somebody say not long ago that the government was going to prosecute the war profiteers?

Bad luck seldom bothers those who do not worry over it.

One of these diggers he said was patrolling the mail order houses and going to other cities out side of the county to do buying. He urged first that the citizens of Chappells buy everything they could in Chappells, but if they could not buy what they wanted in Chappells they buy it in Pomaria, Little Mountain, Prosperity, Newberry or Whitnair. The speaker pointed out that in these days of rapid transportation all of these towns were just a "step" from each other, and that we should not only buy what we need in these towns, but should visit them often on trips of friendship that we may become better acquainted, stating that when we became better acquainted we would not want to patronize mail order houses and cities outside of the county. Col. Hunt concluded his address by making an illustration of the wonderful progress Newberry county has made during the past few years, stating that this progress is due to the wonderful cooperation of its citizens and an earnest appeal was made by him that the citizens of the county continue this spirit of cooperation and that within a short time Newberry county would be one of the greatest counties in the country.

WEST END DEFEATS JOHNSTON AND PELZER

West End won two more games Friday and Saturday. On Friday Halbrook and Coleman had a pitchers' battle with lefty having the edge. Fielding by Cromer and Mills and hitting by Crooks and Mills were the features.

On Saturday West End went to Pelzer for home coming day and won 2 to 1, 19 innings, before over 600 people. Werts and Simpson had a regular battle and both got sensational support. Hitting and fielding features went to Halbrook who played his last game with us, as he returned home. Fisher's home run gave Pelzer their only run while Werts' single scored Thomas after he had singled and stole, and Bowen's double scored Halbrook after his double.

Werts struck out 12, Simpson 5. Werts got 5 men in succession, also three in the tenth.

Card of Thanks

My family joins me in expressing sincere thanks to the good people of Newberry for the kindness extended me during the time of my suffering from severe burns sustained several days ago. The assistance from these kind people and the thought of having so many true and sincere friends have made it easier for me to bear the severe pains caused by the burns. Under the skillful hands of Dr. Dunn and Dr. Wicker I am recovering from my painful injuries, and I hope soon to be restored to health again. Again thanking you, kind friends, I am,

Very gratefully yours,
Caleb D. Bushardt.

Mr. David B. Werts has returned from a visit to his daughter, Mrs. Robin Cox, in Donaldsville, Ga. He came back by way of Orangeburg, after an absence of two weeks from his old home and friends.

One man paid \$2 in recorder's court Saturday for parking his car too close to a hydrant.

Recorder Chapman had four persons before him Monday on the charge of rock throwing. He sentenced them to pay a fine of \$10 each or else to serve 20 days. That seemed pretty steep for throwing rocks, even if the parties were colored; but the recorder let Joe Wilson off on the payment of \$2, and the rest got off by each paying \$1, the rest being Addy Wilson, Eldred Wilson and Robert Harris.

There is a law against the running of cows at large, but there are lots of unprotected calves seen at large every day. Now we are not saying this "of our own motion."

V., also know that he feels fine and is optimistic even when a vacation is but a memory.—Laurensville Herald, 25.

Mrs. Ruby Holloway Thorpe and little son, Edward, Jr., of Aiken are visiting her mother, Mrs. T. W. Holloway.

John Swittenberg of The Herald and News city delivery force fell while swinging Monday and broke his arm between the elbow and wrist. It was a most serious break, the fractured bone protruding through the flesh. Mrs. Thos. H. Pope and Keifer Wicker attended the suffering boy.

The fire at about 9 o'clock Sunday night was from a defective flue in a tenant house near the Standard Oil tank, among a row of houses belonging to Mr. Jno. H. Wicker. The negro's household goods were about saved, but the house was practically lost, flames having made too great a headway at the start. The fire company did hard work and saved near-

by houses, one house having twice caught and being in danger of destruction.
