## NEWS OF WHITMIRE, TOWN THAT DOES THINGS

### Dr. Cromer Makes Fine Address—Hold Up on Highway—Many Saw Mills Coming

Whitmire, Sept. 26.—The address of Dr. Cromer here last night to the laymen's brotherhood was the best yet delivered to that organization. Logical, literary, eloquent and spiritual, he had the strictest attention of about 600 people from his first word to the last. The doctor did not announce a text or name the subject of his discourse, but the idea around which his splendid discourse revolved was "practice what you preach." Do the Word. Put your religion to work—act it and live it. His message I'm sure will be lasting and like seed sown in good ground, will bring forth an hundred fold—stick to us like a cackle-bur to a sheep's wool.

A new Ford car was seized here Saturday. It was stolen in Charlotte, N. C. The thief, it seems, vanished into thin air. Slipped right through the fingers of our guardians of the law in broad day light and that, too, when there was a \$75.00 reward for him. One of our policemen has thereby gotten a new name—Hawshaw, the Detective, in the funny sheet of The State.

Claud Gilliam and a friend had a hair-raising experience last night. When 15 miles this side of Columbia on their way home 2 men appeared, one on each side of the road, with flashlights, and ordered them to halt. As Claud was not armed he thought discretion to be the better part of valour, and that he who fights and runs away lives to fight another day. Consequently he threw the throttle of his car wide open and broke the speed limit, several shots being fired at the auto, but fortunately the bullets went wild or failed to catch up with the fleeing party. Gilliam says when he goes out at night again he'll remember "Johnny get your gun."

Many strangers are seen in our town every day. Men from the Tar Heel state in search of saw timber. Then Elliott & Son are camped near here where they will be about 90 days. These men are busy building a highway from our town limits to Enoree river, a distance of one mile.

Sam and Bonds McCrackin and Henry Dorran were visitors last week. They seemed to be lost while here, and naturally is. Coming from the little village of Newberry to the bustling, bustling and wide awake town of Whitmire was enough to disconcert them.

Scruggs Howard was elected alderman last Friday to fill a vacancy. Only a small vote was polled.

Miss Fellers of Prosperity arrived today. She completes the required number of teachers for our splendid school.

## SUDDEN DEATH OF MISS KATHLEEN HAYES

Miss Kathleen Hayes, only daughter of the late William Clarke Hayes and his surviving wife, Mrs. Alma Hayes, died suddenly at 8 o'clock Wednesday night. She had just eaten supper and was in the act of getting a drink of water when she fell to the floor, dead, death being instantaneous. The fall bruised her face. She was in her usual health and spirits up to the fatal hour, although not having been in the best of health, suffering from rheumatism in the chest and near the heart. Her sudden death, so entirely unexpected by her mother and brothers, was a severe shock to them and the community heard the sad news with sorrow and in sympathy with the grief-stricken mother and her sons. It was a devoted little family, each taking a pride in the others. Miss Kathleen was 24 years of age. She was a consistent member of Central Methodist church and a very pious Sunday school scholar, having the remarkable distinction of never missing a single time attending Sunday school in thirteen years. What a splendid record for anyone. She was good and sympathetic to those who were in distress.

Besides her mother, she is survived by two brothers, W. C. and David.

The funeral services were conducted at the grave in Rosemont cemetery this afternoon, Thursday, by her pastor, Dr. J. L. Daniel, the procession leaving the house at 4:30 o'clock.

The pallbearers were Nick Merchant, eLe McSwain, Clifton Graham, Otis Bryson, George Rodelsperger and Dr. J. E. Stokes.

Surrounded by sympathizing friends at the grave with their gifts of flowers the departed one, in life one day and in death the next, was laid away.

Among the relatives able to attend the burial were Mrs. W. H. Horton and Miss Mary Paschal of Abbeville.

Hill and family left today, Thursday, on their return home to New Orleans.

As those bright-boy scouts would say on some of their 14-mile hikes, we saw Mr. R. C. Sligh superintending the clearing up of his Scott's creek pasture Tuesday morning and it looked good to us. It makes such a difference in a place with the bushes and thick undergrowth removed.

A young lady school teacher in this county is boarding at a home where there are two sets of twins. Here is where we can safely say a pair of twins.

Monday's State announced that "Mrs. James Chester Taylor of Newberry announces the engagement of moving the rock bed from the ford Francis Gardepa of Columbia, the wedding to take place in October."

Dr. C. T. Paysinger, Jr., is in Sumner filling prescriptions at DeLome's drug store, and his brother, Edgar Paysinger, of the Tryon Drug company in Charlotte, is spending a while at home.

Speaking of twins, there arrived several days ago at the home of Mr. and Mrs. Burton Abel a boy and a girl. In hard times it is not easy for some married couples to support another baby, much less two at a time. The Abels live over the store in lower Main street recently vacated by Mr. W. V. Bledsoe, who has moved to the store room lately occupied as a bowling alley in Friend street, between Mr. A. W. At the early hour of 5:45 o'clock Tuesday morning the fire alarm sounded on account of a blaze on the roof of a house at the Southern Cotton Oil mill. The fire company responded quickly and saved all except the roof. It is thought it was a case of "rat and match," as there had been no fire in the house since the day before.

Miss Pearle Hamm, after recovering from the operation by Dr. Neely for the removal of adenoids and tonsils, has returned to her duties as stenographer for Mr. A. P. Boozer's lumber industry. During her absence from the business her place was filled by Miss Mary Cromer, who has accepted the position of stenographer at the Newberry creamery and is now busily engaged doing the work in that fine institution of commercial and industrial enterprise.

The football season in South Carolina opens officially today, Friday. This no doubt will please a majority of the people of this state, and none better than those in Newberry.

Services will be resumed at St. Luke's Episcopal church Sunday morning at 11 o'clock.

One of the best indications of progress we have seen in some time was the work Mr. Nolan Sligh was commencing Tuesday morning with a force of hands from Street Super-

moving the rock bed from the ford Francis Gardepa of Columbia, the wedding to take place in October."

"Dr. Derrick is an interesting and forceful speaker," is the true way in which The State introduced Prof. S. J. Derrick before his address at Mt. Taber church, Brookland, Monday night, in which address "much interest was centered."

Miss Collie Blease, having recovered from the operation for nose trouble, has returned to her studies at Anderson college.

## WINDOW DISPLAY CONTEST CREATES MUCH INTEREST

### Idea Declared to Be Good by Magazine Writer

The window display contest which was opened by the merchant members of the chamber of commerce Monday morning is proving to be very interesting and attractive. As announced in the papers last week the contest is to continue for twenty-four weeks in order to allow every merchant who is a member of the organization one week to have a display in the windows. The displays are arranged in the windows of the chamber of commerce headquarters and was opened on Monday morning with a display by the Carolina Auto Co., and "The New Book Store," to be followed next week by a display by Mays' Book and Variety store, and L. F. Paysinger.

The contest feature of the displays is attracting large crowds to view the displays and during the few days of the first week it is estimated that no less than five hundred people have stopped to "peer" in the windows to see the beautiful things that are on display and to copy the letters that are featuring the contest. There is one letter in each window and the persons copying these letters each week and at the end of the contest period submit the best wording they will be awarded prizes. Rules and instructions for entering the contest are posted in one of the windows. Of course, the letters in the windows are to be changed every week, which means that persons entering the contest will have to visit the displays every week in order to get the letter.

Secretary McDaniel of the chamber of commerce received a letter from Mr. D. G. Spencer of Spartanburg on Monday, in which Mr. Spencer asked Mr. McDaniel to furnish him with all details of the display contest, and at the same time asked that he be furnished with photographs of two or three of the displays which rank highest. These photographs would be reproduced in some of the trade magazines which Mr. Spencer represents. Mr. Spencer went on to say that the idea of the contest was a very good one, in view of the fact that it would be a wonderful publicity feature for the Newberry merchants. The many magazines which Mr. Spencer represents would be very anxious to feature an article on the contest, as it is almost entirely a new thing, that is, the idea has never been carried out by a group of merchants as it is being done in Newberry. For this reason the many trade magazines throughout the country will watch the results with much interest.

## A Daily For Newberry

Newberry's daily paper made its appearance Tuesday afternoon and if succeeding issues come up to the first edition the Daily Midget will be a great factor in the life of the community, as it teaches the doctrine of expansion, which is a splendid doctrine to teach. The paper will be published every afternoon except Sunday by the Jas. L. Aull Printing company. Among the good things one can say about it is that it is free. It is having a good run of advertisements, which shows the liberality and patriotism of our merchants. It is neatly printed, as is all work sent out by the establishment from which it is distributed. The reading matter is excellent and the local field is pretty well covered for the space available. From what we hear on all sides the new venture is heartily endorsed by the public, and the Newberry public is a good judge. Many of our citizens have been clamoring for a daily paper. Now that they have one it is up to the business men to keep it going by their ads. It is a fine advertising medium. Treat the baby right; it is but an infant in the newspaper world, and will need nourishment to make it grow and expand and bring about the expansion it teaches. In speaking of the initial number some boys said it the "little" Midget, the "tiny" Midget. It is simply what its name implies and its size shows, "The Daily Midget," but we are inclined to think it will grow fast; all it wants is a chance. It is now "little but loud," bright and cheerful, full of optimism and promise for a prosperous future for Newberry.
