Our reading matter is less this week on account of the report of the Commissioners.

There are two male agents on the Central railroad, one of whom is Mr. Jno. S. Richardson, Jr. We are reliably informed that Mr. Richardson was not on duty when the gross negligence, mentioned in last week's Times, occurred.

The State Baptist Convention meets in Greenville to-day. The convention was appointed to meet in Newberry, but on account of the death of the Rev. Luther Broadus the place of meeting was changed to Greenville.

We received yesterday, too late for this weeks paper, a communication from Mr. E. G. Oberlander and another from Prof. Nat. Allen, on the King-tree Examination.

We publish in to-days Times the balance of the premiums offered at the Agricultural Fair which opens on the 23d. The County would be materially benefited if our progressive farmers would make exhibits of the farm produce, which would compare favorably with the products of any other County in the State. We mentioned before that the railroad would transport all articles free. Tickets for the round trip will be sold at Manning for \$2.30 and other places in proportion.

"HACKMETACK" a lasting and fragrant perfume. Price 25 and 50 cents. For sale by J. G. Dinkins & Co.

On Saturday afternoon a number of fakes, or what are better known as "sharpeners," were on the streets of Manning, in the face of police and Council, engaged in their nefarious practices. More than one guileless fellow saw his weeks wages vanish from his view in quest of an imaginary \$10 around a package of soap. With no desire to solve the consciences of the foolish unfortunates, we cannot but express our surprise that this devilish immorality was sanctioned by our Town authorities. The stability and rectitude of her officers has been the boast of every Manningite, but in this instance they certainly erred in judgement, if no more.

SUMNERTON LETTER.

Mr. Editor: We write to say that the people of Summerton do not mean to try to hurt any body. You will please say to all your correspondents, that they can pass through Summerton, unprotected by any body-guard whatsoever, whenever they please, so long as they try to keep in the bounds of decency. We denounce as false any and every circulating report as to the intention on the part of our citizens to take the law into their own hands. The business or duty of this "Vigilance Committee" appointed by our citizens, as we understand it, was to report and caused to be reported to the proper authorities any parties within our midst who might be breaking the laws of our land. From several pieces in your paper recently, one at a distance would believe that Clarendon County wants nothing but misrule.

Mr. Editor speak out, and say whether we deserve any praise for our action. Very respectfully, Jno. C. LANEAM.

Sunday School Convention.

Mr. Editor: The second session of the Sabbath School Convention of the Manning District, A. M. E. Church, convened in Trinity A. M. E. Church, in the town of Manning, Oct. 23d and 24th, Rev. J. W. Lykes, who is quite a grace and honor to the race which he represents, presided over the meeting. In his opening address to the Convention, he said, "The success of the coming generation and church, depended entirely upon the young people of the race. He took education as an exponent to civilization, both in the church and State."

Now, it is a cheering thing to note the rapid progress of our people in the Sunday School work since the last convention. The progress over that of last year is as follows: Education, 50 per cent; Morality, 30 per cent; State and country, 75 per cent; Finance, 10 per cent; Temperance, 5 per cent; Method of teaching, 75 per cent; School of Sunday School, 15 per cent; Parliamentary usages, 15 per cent; It was the finest and best qualified body of colored men that ever met in the town of Manning. We solicit the sympathy, and prayers of every true hearted gentleman to God and humanity for the upholding of our people as a race, for when we find on that is properly educated, he is just like any other citizen.

The generous-hearted brethren and sisters of Trinity A. M. E. Church had every preparation that was necessary to accommodate the delegation and visiting friends. At the adjournment of each session, the sisters had every thing that was nice you know for the inner man.

THE MANNING TIMES was introduced in the Convention and found to be one of the best family and County papers of the age. Every reader in the country ought to subscribe for it.

J. B. PERRY, Sec'y. S. S. Convention.

Cancer Conquered.

For seven years past I have been suffering with a cancer on my face. At first it gave but little trouble, and I paid very little attention to it. After a time it began to increase in size, and also to pain me. The simple remedies were applied to alleviate the pain, but I was not conscious of its true nature, thinking it only a sore of malignant nature, and would soon pass away under the other treatment. In this I was mistaken, as the place continued to grow, extending into my nose, from which came a yellowish discharge very offensive in character. It was also inflamed, and annoyed me a great deal. About eight months ago I was in Atlanta, at the house of a friend, Mrs. C. D. H., who observed the condition of my face, and so strongly recommended the use of Swift's Specific that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the sore; but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved. I am stronger, and am able to do any kind of work. The cancer on my face began to decrease and the ulcer to heal, until there is not a vestige of it left—only a little scar marks the place where it had been. I am devoutly grateful for this wonderful relief from what everybody thought would be certain death. I am ready to answer all questions relative to this cure.
