HOME BANK & TRUST CO. 

Is in the bank for a person when they begin to save. And what a change in their mode of living and working. Saved money makes you independent of the world. Save a little and you'll reap a lot. Build your home and future out of savings that won't be missed.

State prison at Wetumpka for safe twenty-five men held up the automohile in which they were traveling. forced the officers to lay down their arms, and then led the negroes about 100 yards into the woods and opened fire o nthem with shotguns and pistols. Both negroes were charged with criminal assault on a white woman.

negroes were being carried to

Trial Dates Set.

Earlier in the day the two negroes had been granted a preliminary hearing; behind closed doors and their trials had been set for next Friday. After the action of the trial judge had been known, it was said that formation of the mob was undertaken. and with a tip that the negroes would be held in Montgomery, but probably would be carried t o some other jail nearby, the leaders surmised that the Wetumpka prison would be the one selected. The party, numbering twen-

ty-five men all masked, made its vay te a point on the Wetumpka road a1... t five miles east of the city and there awaited the arrival of the sheriff's car carrying the prisoners. **Riddled With Bullets.** 

When the car carrying the two negroes, which was accompanied by three deputy sheriffs, rolled up to the spot selected by the leaders of the mob, the latter blocked the road and demanded custody of the prisoners. Resistance was useless in the face of

NOTICE OF DISCHARGE

I, will apply to the Judge of Pro-bate for Clarendon county on the 16, day of October 1919, at 11 o'clock a. m. for Letters of Discharge as Exe-cutor of the Estate of Mattie Rhame cutor of the Last. Lunn, Deceased. W. M. Lunn, Executor.

Cotton Association's crop report gives keeping when a masked mob of about the condition of cotton as of September 25, for the entire belt, as 52.7 per cent. The indicated yield with frosts of average date is given at 9,767,000 bales, not including linters.

Columbia, Sept. 29.-The American

Early frosts will curtail this yield, the report says, while late frosts will alfalfa meal, chopped alfalfa ,and clovnot increase, it, as the top crop is declared to be extremely poor, being only 10 per cent subjects to injury by early frosts.

The acreage abandonment is placed by the report at 9 per cent. The report says: "On account of diseased usually split and stuck on nails on root system caused by poor prepara- the side wall of the pen about 1 foot tion and cultivation from shortage of above the floor. Frozen vegetables labor, also adverse seasons and due to four continuous years of nonuse of potash in South Atlantic States, the bolls opening are undeveloped. "A test of the yield of lint cotton half inch lengths, or they may be from the seed shows a marked shortbought i nthe form of meal.

today. The corrections being startlingly verified today as to accuracy.

#### GREEN FEEDS IN WINTER

Green feeds, such as sprouted oats, er hay, cabbage, and mangled beets should be supplied hens confined in small yards and also to all hens during

the winter season when no green feed is available. Cabbages may be hung up in the poultry house. Beets are can be thawed out and fed to fowls, but usually do not keep well after thawing. Clover and alfalfa may be fed as hay, cut into one-fourth or one-
