The commissioners appointed to examine into the proposed annexation have reported that all the requirements have been met. LEXINGTON COUNTY TEACHERS GET MONEY.

The teachers of Lexington County year in getting their salaries. This is due to the fact that County Superin- nerth of Broadway, when their son, tendent of Education Julius E. Sharpe in conjunction with Treasurer Smith and Supervisor Steele have borrowed funds to pay them. These funds were borrowed right here in Lexington county and the credit for it goes to the National Bank of Leesville and the First National Bank of Batesburg, through their efficient cashiers Messrs. H. A. Meetze and J. R. Unger, respectively. The first loan was put through for \$30,000.00 on October 15th, each bank taking half. The second loan was put through on December 15th, with and the amount again \$30,000.00. These banks and bankers are always ready to come to the aid of the county when money is needed and thus it is that the teachers will be paid up in full for Christmas. The loans being for a short time the cost will be very little and the schools and the county generally will be greatly benefited by having had about \$60,000.00 turned loose this fall right here at home. Some of the money is still not paid out as the pay days did not all correspond but it took practically all of this amount to pay the town schools can be readily seen that we are 11. sp nding a big sum on the most important work that we have before us. The teachers must be paid and it ought to be done. The holding up of claims causes the officers at the Court House much embarrassment. When a teacher gets his claim he feels that he ought to have his money and he ought, and the only way to give it to him during these hard times is to borrow it, for taxes are coming in slowly compared with former good
