Surprise Marriage.

A happy surprise to Dillonites was the marriage of Mr. John W. Gaddy and Miss Jennie Brunson at Florence Saturday night. Neither of the young couple's friends had had the slightest intimation of their matrimonial intentions and their numerous friends in Dillon and elsewhere were taken completely by surprise.

The bride was returning to Dillon from a visit to relatives at Sumter when, thanks to Cupid's well-laid plans, she and the groom met at Florence. Of course Cupid's plans never go awry and without much difficulty he led the young couple to the Methodist parsonage where they took the obligations that made them one.

After spending Sunday in Latta with a sister of the groom Mr. and Mrs. Gaddy arrived in Dillon Sunday night and were met at the train by quite a number of friends who escorted them to the Price Court Inn where they will reside temporarily.

The bride is a daughter of Mr. Robert Brunson of our town. She is a young lady of many graces of mind and person and will prove to be truly a helpmate and companion to the husband she has chosen to honor with her hand.

The groom is one of Dillon's popular young business men, being a member of the firm of L. C. Braddy Co., and is held in high esteem by all who know him. The Herald joins their numerous friends in congratulations.

Lost—From Wm. Hamer's place near Little Rock, bay horse about years old, scar on left hip and one hind foot white. Last seen coming toward Dillon Monday evening. Reward for information. Thos. Malloy, Dillon.

Vice President elect Sherman says he will not attempt to keep up the social pace set by the Fairbanks. Well it may be better for his political career since it was the social obligation of serving cocktails to his guests that helped to wreck the Presidential boom of the Vice-President.

Telltale Bibles.

A dealer in secondhand books advertised the other day for old Bibles belonging to three families that have lately come into prominence.

"Do they want them as heirlooms?" asked a customer who had read the advertisement.

"Not a bit of it," said the dealer. "They want the Bibles because they contain a record of births; consequently they reveal ages—women's ages, presumably. Very often dealers in old books are asked to look up inconvenient documentary evidence of that kind. Before days of affluence the family Bibles got lost in the shuffle of moving around. Nobody thought much about the loss then, but the advent of a prosperity the books could easily become a source of mortification to many a family. If they happened to fall into the hands of malicious persons, hence the attempt to gather all such books up."

WANTED—Second hand bags and burlap any kind, any quantity, anywhere; we pay freight. Richmond Bag Company, Richmond, Va.

Results are what the farmer is looking for. Read the following and judge for yourself.

Acme Manufacturing Co.,
Wilmington, N. C.
Gentlemen:—

In answer to your inquiry, I would say that I have used your Quick Step Fertilizers (8-4-4) on my farms for two years past. I used it for both cotton and corn, and it gave splendid satisfaction. Quick Step is a fine fertilizer. In fact I do not think there is any better fertilizer on the market. I have also recommended it to several parties who have used it and all of them have been highly pleased with it. I expect to use it again this year. Knowing the high character of the fertilizer and the excellent results obtained from its use, I give me pleasure to recommend it.

Yours Very Truly,
A. C. DURANT.

Mr. Durant is one of the largest, most successful and intelligent farmers in South Carolina. There are hundreds of others who will give the same testimony.

Made only by
ACME MANUFACTURING CO.
WILMINGTON, N. C.

Our fertilizers are sold by reliable dealers everywhere. If your dealer will not supply you, write us.

EVANS' PHARMACY

No Land So Rich That Fertilizer Cannot Make It Better

You use fertilizers for the profit you get out of them—and the better the land the more profitably a good fertilizer can be used on it. Do not imagine because land will produce a fair crop without

Virginia-Carolina Fertilizers

that these fertilizers cannot be profitably used on it, or that they were made only for land too poor to produce without them. If poor land will show a normal increase when fertilizer is used, good land will show at least double the increase. Use Virginia-Carolina Fertilizers to increase the *quality*, as well as the *quantity* of the crop—and you will increase the profits from your land.

"I have been using your fertilizers for a number of years" says Mr. William Fraiser, of Glasburg, La., "and find that it not only pays to fertilize, but to do plenty of it, and use the best fertilizers to be had, such as your brands. I have used a number of them and found them to be as recommended and to give better results than any other fertilizers that I have ever used."

Every planter and farmer should have a copy of the new 1909 Virginia-Carolina Farmers' Year-Book. Get a free copy from your fertilizer dealer, or write our nearest sales office.
