We have moved our office to Bennetts Stable on Main St., We are better fixed than in the past to store cotton. We request all persons wishing to store cotton to drive directly to our new office. We will sample cotton and preserve samples in our office. Then drive to warehouse and unload. We expect to be able to make loans on cotton stored at a very reasonable rate of interest.

Dr. Wade Stackhouse will be actively in cotton seed business and would thank all persons having seed for sale to see him before selling.

Inviting our friends to call on us in our new place of business and thanking you for past favors and hoping to do an extensive business on close margins, we are yours truly,

The "Moyer"

Turn of popular tide is both reasonable and logical.

Equal distribution of weight on all four points and uniformity of construction make this the leading vehicle of to-day.

Other Buggies merely pointing toward perfection, "Moyer" has attained perfection.

FALL GREETINGS

IN

FASHIONABLE MILLINERY!

The display on my opening day was merely an earnest of what will be shown at my store this fall in fashionable millinery. From now till the season closes every day will be "Opening Day" and the public is invited to come and inspect my line before making purchases elsewhere. Remember the peculiar feature of my millinery is

INDIVIDUALITY

And that is only another name for a certain style and finish that the ordinary kind of millinery does not show. Pretty pattern hats will be on display every day, and if you can't find something in the regular line to please you let us design you a piece of headwear that is guaranteed to give satisfaction.
