FINE ARTS CLUB ENTERTAINS
Thursday evening from 8 to 11 o'clock in the Town Hall the Fine Arts Club was hostess to quite a number of Conway's Young people in honor of those taking part in the play "Love in a Palace" presented by the Club several weeks ago. Thursday being April 1st a number of jokes were played on the guests throughout the evening.

The guests were met at the door by Miss Ella Sessions of the entertainment committee and presented to Mrs. E. P. Walsh "Pres." of the Club. Mrs. Bob Smith then invited them across the hall to meet the "Guest of Honor." Just as each guest reached the door Miss Nell Jones pulled aside the curtain and they were

face to face with a large mirror. This caused much laughter from those who had already been "caught." Miss Jones then gave each one a slip of writing paper and told them they would find their fortunes on these slips. There was a blank looking crowd of people as there was no writing on the paper. Finally the committee explained that when the paper was held over the candles the fortunes would appear. Each guest was next given a small piece of crepe paper, all different

colors, and several pins and told to make a "fools cap" to be worn during the remainder of the evening. Miss Lucy Spivey, Mr. John E. Watson and Dr. E. P. Walsh being the judges as to who made the best cap. The prize, an "all day sucker" was presented to Mrs. Bob Smith.

Next the entertainment committee asked Miss Bee Ambrose and Billie Barrett to choose sides; after all the guests had been chosen each person had a letter of the alphabet pinned on and a lively spelling contest was begun. As the words were "given out" the letters were to run get in place to spell the word. Miss Ambrose's side won and they were told the prize was for "them" to sing for the defeated side. This they did with great spirit. A pillow contest was next, each person on both sides to take the pillow out of the case and put it back. Mr. Barrett's side won in this and were presented with ONE slice of cake.

The guests were then seated and given a piece of news paper out of which any animal could be torn. Dr. Sasser was presented with the prize, a box of "animal crackers" for having the most in-complete animal.

Refreshments of block ice cream and cake, was then served by Misses Elizabeth Stillely, Lula Sweet, Mary A. Leath and Elizabeth Poindexter; from a table where Mrs. D. G. Spivey and Mrs. Jack Griffin presided.

There were about sixty guests of the club and all seemed to enjoy and "April Fool" party.

Death of Mrs. Rey Worley

In the early morning of March 16 the redeemed spirit of Mrs. Rey Worley of the Pleasant view section of Floyd's township was transferred from its tenement of clay to that spiritual body, heavenly and immortal. In her going the community sustained the loss of one of its choicest. For several years she was a stranger to good health. All of her bodily afflictions, her chastened spirit endured as seeing Him who is invisible. During her confinement and in her bed she constantly spoke of her Exodus which she saw rapidly approaching, and greeted without fear or dread. There was a contagion about her faith and hope which always acted upon me as a spiritual tonic. I always felt the better from my visits and conversations with her. She was indeed one of the most motherly of mothers; a veritable mother in spiritual Israel. She measured up to the description of a worthy woman as outlined in Prov. 31: 10-30. She met every requirement laid down there for a wife and mother. She looked well the ways of her household and her children rise up and call her blessed. Her husband also praised her saying: Many daughters have done well, but thou excellest them all." This scripture is a fitting epitaph for her. On the afternoon of March 17 amid a large concourse of sympathizing friends and relatives her mortal parts were committed back to mother Earth by the side of her husband and companion of years who preceded her just a little more than one year. Thus ended on earth a life of usefulness and helpfulness but she lives on in the memory of those who knew her in the good influence which she expected.
