

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises. Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment.

COUGHING SPELLS BREAK YOUR REST

Put a stop to them with old reliable Dr. King's New Discovery

That raw, hoarse throat must be soothed. That phlegm-loaded chest must be loosened. That cough must be checked so you can sleep. Dr. King's New Discovery has been relieving colds, and coughs for half a century without the least disagreeable after-effects. Your druggist has it because it is well-known and in big demand.

Try this for Constipation

Keep the bowels on schedule time with Dr. King's New Life Pills, the system freed from poisonous wastes, the complexion clear, the stomach sweet, the tongue uncoated, the breath untainted. Mild yet positive in action.

Valuable Travelling Hint.

If bottles of medicine, perfume or other preparations are to be carried when travelling, dip the tops in melted paraffin to avoid the danger of leakage.

Y. W. C. A. PROMOTES WORLD FELLOWSHIP

Will Send Industrial Commission to Meet Foreign Labor Leaders.

The War Work Council of the Young Women's Christian Association plans to send an industrial commission of women to England, France and Italy in April to meet prominent labor leaders of those countries with a view to promoting world fellowship among women.

The commission will be made up of Mrs. Raymond Robbins, representing the National Women's Trade Union League of America; Mrs. Irene Osgood Andrews, American Association for Labor Legislation; Miss Grace Drake, National Consumers' League; Mrs. James S. Cushman, chairman of the War Work Council of the Young Women's Christian Association; Miss Florence Stimmis, Miss Marie Wing and Miss Imogene B. Ireland, secretary to the commission, all of the Y. W. C. A., and Miss Mary Gilson, an authority on employment management.

Miss Florence Stimmis says in regard to the commission: "The war has forced upon us the bearing of international relationships in all things, and our touch with women in other countries has made us include in our international thinking the industrial life of women. The war has wrought so many changes in this that it seems a timely thing that women interested in the larger life of our women workers should take counsel together and express their interest with the hope that certain minimum standards which seem essential to health and welfare among women may be agreed upon and obtained."

Our War Work Council is sending abroad this women's commission from organizations in America directly concerned with the welfare and largest life of industrial women."

Improving the Bottle.

As a variation on the non-refillable bottle a New York man has invented attachments for ordinary bottles that prevent their contents being poured out if they have been refilled.

RAILROADS REMAIN IN FEDERAL HANDS

CONGRESS MAY TAKE SOME ACTION IN SUMMER SESSION IF ONE IS CALLED.

IMPROVEMENTS TO BE MADE

The Railway Administration Decision Not to Relinquish Control at This Time is Not Reversal of Policy.

Washington.—Uncertainty over the status of railroads in the immediate future was largely removed by Director General Hines' announcement, after conferring with President Wilson, that the government would not turn the roads back to private management until Congress had more opportunity to consider a permanent program of legislation.

This was generally interpreted as meaning that the railroads would be under government management for at least another year, and probably longer. If a special session of Congress is called early in the summer, railroad legislation might be taken up.

With the temporary status determined, the railroad administration will go ahead vigorously with the program for making improvements and extensions, both for the sake of the rail properties and to stimulate the demand for materials and labor during the readjustment period. Another effect will be the increased use of waterways in accordance with Director General Hines' expressed policy.

It was said at the railroad administration that the decision not to relinquish the railroads at this time is not a reversal of policy. The railroad administration has long advocated early relinquishment, it was explained, but not until Congress had had time to act on the proposed five-year extension of government control or to consider other legislation.

DOG MEAT SELLING AT TWO DOLLARS PER POUND

Washington.—Additional light on the situation in the portions of Russia under bolshevik control is given by a summary of reports secured recently from a number of refugees who passed through Helsingfors on their way from Moscow to Stockholm.

"The party at Helsingfors," said the summary, "was composed of French, British, Belgian and Italian citizens, most of them Red Cross workers. The reports all agree as to the excessive cost of all necessities and the scarcity of food. Dog meat is quoted at four rubles (two dollars) a pound, horse meat at 15 rubles a pound, pork at 60 rubles and bread at 15 rubles.

SAYS FRANCE DOES NOT WANT GERMAN TERRITORY

Paris.—The peace conference plans to reach agreements on the more important questions between March 8 and March 15, Captain Andre Tardieu, one of the French delegates, told foreign newspaper correspondents. He said the conference had four vital problems to solve—the Franco-German frontier, the Adriatic situation, the Russian frontier and the question of the freedom of the seas. All these questions probably will be completed in a fortnight.

Captain Tardieu declared France does not desire to annex the left bank of the Rhine, but only wants guarantees which will prevent Germany from using it as a base for attacking France.

EUROPEAN UNIVERSITIES GET AMERICAN SOLDIERS

Coblenz.—The American officers and men who are going to British and French universities as soldiers on detached service have been selected and will proceed immediately to the different universities assigned them. The number of applications for the British universities was large, and naturally there were some who were disappointed.

BLIZZARDS ARE REPORTED IN SEVEN WESTERN STATES

Chicago.—Blizzards were reported in Minnesota, Iowa, Missouri, Oklahoma, Kansas, Nebraska and southern South Dakota. The weather bureau predicted zero weather for Chicago.

In Minnesota a stock train stalled in the snow was struck by a passenger train, two persons killed and a number injured. Near Wausa, Neb., a passenger train with 25 persons aboard was stalled in the snow.

ANOTHER EFFORT ON FOOT TO SUBMIT SUFFRAGE AMENDMENT

Washington.—Chairman Jones, of the senate woman suffrage committee, announced that before Congress adjourns another effort would be made to secure adoption of a resolution authorizing submission of an equal suffrage amendment to the federal constitution. In making the announcement Senator Jones introduced a modified resolution giving states initial authority to enforce the proposed amendment.

Is your farm help scarce and high? Why not grow the same size crop on smaller acreage.

Furnish your home up stairs too

Dear Amy:—

Some people think that any kind of old furniture will do for the upstairs, but I don't. I have just newly furnished my upstairs, and Oh! what a difference in my feelings! Now, I am not ashamed to take any one all over the house.

I think every mother should try to raise her children in a home furnished nicely throughout. It has a refining influence on them.

Always your friend,
Lou.

P. S. I never think of buying my furniture from anyone but
