**ASPIRIN ROBBED  
OF DANGER TO  
THE HEART**

New Perfected Tablet, Called Aspitone, is Slightly Stimulating instead of Depressing to Heart. Especially Recommended by Physicians in Influenza, Severe Colds, Headache, Neuralgia, and Rheumatism.

Physicians and druggists are very enthusiastic over Aspitone, the new and improved aspirin tablets that are said to be slightly stimulating instead of depressing to the heart. They explain that severe colds, influenza, fevers, headaches, neuralgia and rheumatism are almost invariably attended by a weakness of the heart and require stimulation rather than depression. Heart failure, they say, is especially to be guarded against in influenza and pneumonia, hence they recommend Aspitone. A gentle laxative with one or two tablets of Aspitone as needed, is now the physician's favorite treatment for severe colds and threatened pneumonia. It will usually cut short a cold or sore throat over night. Aspitone tablets are also being used with splendid results for the relief of pain in headaches, neuralgia and rheumatism. The leading druggists everywhere are now supplied with Aspitone, which is sold in sealed packages, price thirty-five cents. They may be obtained locally at the City Pharmacy, T. E. Rhames, Sadler-Owens and Young's Pharmacy.

OFFICIAL TRADE MARK OF THE 1919 WAR SAVINGS STAMPS

(The picture of Benjamin Franklin reproduced above appears on the War Savings Stamps of the new series.)

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

**HOLD ON TO WAR  
SAVINGS STAMPS**

**Secretary of Treasury Urges  
Citizens to Keep Government  
Securities Until They  
Shall Have Matured.**

Carter Glass, Secretary of the United States Treasury, has issued a warning to patriotic American citizens against unscrupulous persons who advertise that they are willing to purchase War Savings Stamps. Mr. Glass does not wish to have the government securities sold at sums below their actual value.

He points out that people who are actually in need of money may take their War Savings Stamps to a post office and receive cash. Mr. Glass urges holders to keep their stamps until maturity.

He states that War Savings Stamps belong only to the individual who first purchased them and that people who offer to buy stamps at low premium are violating the letter of the law in so doing. Men and women selling stamps are not only losing money which rightfully belongs to them, but are aiding unscrupulous agents to reap profits.

**WHY ONE MORE  
LOAN IS NEEDED**

**It Will Settle Nation's War Debts and Will Care for Sick and Wounded.**

Once in a while some one asks: "What's the need of another Liberty Loan now that the war is over?"

Revenue from taxes will not be sufficient to pay all the bills, so the people will be called upon to provide the money by subscribing to government bonds. This money is going to pay off the army of producers at home—the farmers, merchants, manufacturers and others.

America had just begun to fight when the Hun decided it was time to quit. Allied leaders expected the war to last another year and the United States government was turning out ships, arms, ammunition and food to overwhelm Germany in one big drive.

Treasury officials have revealed that in 1919 America would have had a tank at the front for every seventy-five feet of line. We would have had ten tons of mustard gas ready for shipment for every ton Germany could produce. Thousands of batteries of guns would have been in action for every one America had in 1918. Everything else was being produced in proportion.

This gigantic preparation, brought an early end to the war and saved thousands of lives. Victory Liberty Bonds will pay for this work which had been contracted for and was being delivered when the armistice was signed.

There are other purposes for which money is need. Part of our army of 2,000,000 men must be kept in Europe until the peace treaty is signed. These soldiers must be fed, clothed and otherwise maintained. Then they must be brought home.

The sick and wounded must be cared for in hospitals. The army must be demobilized. There are thousands of maimed soldiers, heroes of the great war, who must be taught self-supporting trades and given an opportunity to earn their living.

This reconstruction work at home must be carried on. The job must be finished. The American people who furnished the money to win the war must supply it also to bring the nation back to a peace basis.

**CITY BASKET BALL  
LEAGUE NEAR CLOSE**

The city basket ball league comprised of the four class teams of the college, the Orphanage and the High School is about closing its season. A number of very interesting games have been played some of them ending with a very close score. The teams seem all to be very equally matched as indicated by the very close scores. Last Friday the Orphanage team defeated the High School team 12 to 7 thus tying the Junior team for the championship. The standing of the teams is as follows:

	Won	Lost	Pct.
Orphanage	3	1	750
Juniors	3	1	750
High School	2	2	500
Sophs	2	2	500
Fresh	0	4	000

The league has brought forth much good material this year and some very fast basket ball games have resulted.

At center Fulton of the Juniors and W. Sinclair of the Orphanage team deserve especial mention. They have both played a good steady game and have been valuable additions to their respective teams. At forward, Mason of the High School, Woodruff of the Sophomores, Piephoff, R. Sinclair and Bryant of the Orphanage, and Wilson of the Juniors have been the seasons stars. Mason is one of the fastest men in the league and his playing has been the shining feature of the High School teams work. The other forwards mentioned are all fast hard players and they have all shown a remarkable amount of efficiency. At guard Lawrence of the Orphanage has perhaps been the steadiest. His stellar work has been responsible for holding down the scores of the opponents of the Orphanage team throughout the season. Other guards who deserve especial mention for their excellent work are, Hunter of the High School, Simpson of the High School and Hay of the Juniors. The silver loving cup given by the business men of Clinton to the winner each year was won last year by the last years Sophomore team, this years Juniors. This year the winner has not yet been declared. The Orphanage and the Junior teams have an equal record and perhaps will have to play off the tie for the cup. The game will be a very fast and interesting one for although the Orphanage team has already defeated the Junior team once in the regular league schedule, the score was a very close one, 15 to 12 and an intense friendly rivalry is expected.

**RED CROSS INFORMATION**

1. Beginning Monday Mar. 24, we have our campaign for clothing and household articles for the Belgians. Last week it was suggested that rugs and druggets might be given. Information received later excludes these and anything in glass, or made of straw. Everything else that is serviceable will be accepted.

2. Miss Templeton will be back here about the 26th, or middle of next week to conduct another class for white pupils in the afternoon and a class for colored pupils at night. By all means let us have the full quota of twenty in each class. This may be the last opportunity in a long time and the needs may be urgent at any time.

3. It is planned to have the First Aid Class in the immediate future, and it is hoped for your sakes and for the sake of the community that this will also be a large class. These things may not be needed in a long time but when they are needed they are needed awfully badly. "Wanted, the Woman Who Knows" is a terribly urgent call when life is at stake.
