CONFERENCE DELAY HAS BAD RESULTS

MARKED CHANGE IN ATTITUDE
OF GERMAN POPULATION IN
OCCUPIED TERRITORY.

STUBBORNLY UNREPENTANT

Movement for the Establishment of a
Rhineland Republic Has Lost All
Force; Trouble is Brewing.

Coblenz.—The slowness of the peace
conference in Paris in reaching a de-
cision on the terms of peace with Ger-
many is having a marked effect on the
attitude of the population in the occu-
pied area. Whereas, late as last Janu-
ary, when the elections for the as-
sembly were held, the people of Cob-
lenz and throughout the American sec-
tor were almost reconciled to the for-
mation of a buffer state on the west
bank of Rhine and willing to accept
any terms indicated by the allies, so
long as they could get peace and food,
yet the situation now is entirely dif-
ferent.

The stubborn unrepentance of the
social rulers is reflected both in the
German press in Coblenz and in the
attitude of the population.

Interpreting the delay in Paris as a
sign of weakness and indecision, the
Germans have added an almost boast-
ful tone here and lose no occasion of
asserting their determination to re-
main German and hold the entente
strictly to a German interpretation of
President Wilson's 14 points. The
movement for establishment of a
Rhineland republic has lost all force
and the leaders here are openly work-
ing to prepare the population for pos-
sible consequences of a refusal of the
German government to sign the peace
treaty.

POLISH TROOPS REFUSE A LANDING AT PORT OF DANZIG

Amsterdam.—The allied note to Ger-
many demanding that Polish troops
be allowed to land at Danzig declared
refusal by Germany would be regard-
ed as a breach of the armistice, a Ber-
lin dispatch said. The German govern-
ment replied it could not take the
responsibility for permitting the
Poles to land at Danzig, but was pre-
pared to facilitate a landing at Stettin,
Koenigsberg, Memel or Libau.

A PROSPECT THAT POTASH MAY BE PROCURED FROM GERMANY

Washington.—Importation of potash
from Germany may be resumed at an
early date. Senator Hitchcock was ad-
vised by Bernard M. Baruch, now in
Paris, that Germany will exchange
potash for foodstuffs. The message
came through the state department.
No details were given concerning the
basis on which the exchange will be
made or the quantities of potash that
will be supplied. Neither was it in-
dicated whether shipments may be made
prior to the complete establishment of
peace and during the armistice now in
effect. Some doubt is expressed here
as to whether or not commercial rela-
tions may be resumed with Germany
until the treaty of peace has been per-
fected. It is said that this is the first
announcement of arrangements under
which any article of merchandise from
Germany may be sent to the United
States.

TIME AND PLACE OF MEETINGS OF CONFERENCE KEPT SECRET

Paris.—Increased precautions have
been taken to safeguard President
Wilson and the premiers with whom
he is in daily conference. So care-
fully have the plans been made that
even the chief of the American secret
service squad is uninformed as to
when the meetings will take place.

Up to the present some of the news-
papers have carried in their morning
editions a schedule of the movements
of President Wilson, with the result
that crowds invariably gathered to
witness the arrival of President Wil-
son and his conferees.

There has been no special incident
to bring about this extraordinary
care.

SIX UNMASKED BANDITS ROB DETROIT BANK AND ESCAPE

Detroit, Mich.—Herding fourteen
persons, including several women pa-
trons into lavatory and vault of the
westside branch of the Commonwealth
State Bank here, six unmasked band-
its robbed the institution of \$10,000
in cash and unregistered Liberty
bonds, which officials say may exceed
\$65,000 in value. Fifty thousand dol-
lars in currency had been removed
from the branch to the main office
only a few hours before the hold-up.

SPOKESMEN FOR IRISH RACE CONVENTION GOING TO PARIS

Washington.—Passports were grant-
ed by the state department to Frank
P. Walsh, former joint chairman of
the war labor board; Edward F. Dunn,
former governor of Illinois, and Mi-
chael J. Ryan, former Pennsylvania,
public service commissioner, who are
going to Paris to present Ireland's
claims to the peace conference as
spokesmen of the Irish race conven-
tion held at Philadelphia.

MONROE DOCTRINE AND REPARATIONS

PERSISTENT EFFORTS, MOSTLY
BY AMERICAN DELEGATION
SPEED UP THE WORK.

EFFECT IMPORTANT RESULTS

Certain Amendments Have Been
Agreed Upon That Are Designed to
Meet Criticism at Home.

Paris.—Persistent efforts, principal-
ly by the American delegates, but se-
conded for the most part by the British
and Italians, to speed up the work
of the various councils and commis-
sions preparing the details of the peace
treaty, resulted in better progress dur-
ing the closing days of the past week.
That most important results will be
attained during the present week is
predicted by those who are in a posi-
tion to speak, including the disposi-
tion of the Monroe doctrine and repara-
tions, the two subjects which have
been the main obstacles to the com-
pletion of the treaty.

The most stubbornly contested sub-
ject was that of reparations, and it
is suggested that the delay in this
case cannot be charged up to the
Americans, but rather to the pre-elec-
tion promises of Premier Lloyd George
and Premier Clemenceau to make the
Germans pay the whole cost of the
war, which have led to some embar-
rassment, because of the patent in-
ability of the enemy to pay more than
a fraction of the enormous indemnity
that will be required for that purpose.

However, real progress has been
made in bringing about an agreement
on the total amount of indemnity and
the terms of payment, on a basis of
painstaking studies of the exact state
of German industries and resources
at the present time and prospects for
the future made by the financial com-
missions of the conference.

Although President Wilson has stat-
ed that the league of nations cove-
nant did not delay the progress of the
treaty, because the work of the other
commissions was equally essential to
its completion, the subject has been
the subject of much anxiety and
close study during the past week. The
desire of the American delegates to
safeguard the Monroe doctrine and
to insert other amendments to meet
home criticism has temporarily pre-
vented the report of the revised cove-
nant from being submitted to a plen-
ary meeting of the conference.

THE NEW ROCKET SAID TO BE TERRIBLE ENGINE OF WAR

Worcester, Mass.—Dr. Robert F.
Goddard, professor of physics at Clark
College, acting under the patronage
of the United States war department,
the Smithsonian Institution, Clark Uni-
versity and Worcester Polytechnic In-
stitute, has invented a new rocket that
is reported to be a terrible engine of
war, with an altitude range of 70 miles
straight up into the air and a distance
range of at least 200 miles.

The Goddard rocket is propelled by
a perfected gas engine installed in
the lower part of the shell, the ex-
plosions that generate the power com-
ing from cartridges that are fed into
the chamber by a clock-like time de-
vice. The rocket does not require a
cannon to start it on its flight, the
journey beginning from any point
where a man can get. The weapon
feature of the rocket is in the head.

GERMAN OBJECTIONS MAY BE DISREGARDED BY THE ALLIES

Paris.—The Temps says that the
allied and associated governments
seem to have decided to disregard
the German objections concerning
Danzig and to land, by force if nec-
essary, Polish troops at this Baltic
seaport.

The newspaper adds that con-
cerning the question of the Polish
frontier the allied governments seem
inclined to create about Danzig a
neutral state in order to avoid attach-
ing this part of the coast either to
Germany or to Poland.

BUILDING ACTIVITIES IN SOUTH SHOW IMPROVEMENT.

Washington.—The reports to the
department of labor from its field
agents this week show a decided im-
provement in building and construc-
tion activities.

"A decided optimistic tone is found
in reports during the last 10 days."
The southeastern states show great
improvement than any other group.
New York city leads with the south-
next. It will be some days before the
south is back to normal.

"GRAVE SITUATION" EXISTS IN FOREIGN RELATIONS

Berlin.—The allied note regarding
the landing of General Haller's troops
at Danzig has created a grave situa-
tion in foreign relations, the ultimate
effects of which cannot yet be esti-
mated, says a dispatch to The Vos-
sische Zeitung from Weimar.

Before dispatching its reply, the
message adds, the government con-
sulted the party leaders, and the
are said to have given the German
answer their unqualified approval.
