

ACHES AND PAINS QUICKLY RELIEVED

You'll find Sloan's Liniment softens the severe rheumatic ache

Put it on freely. Don't rub it in. Just let it penetrate naturally. What a sense of soothing relief soon follows! External aches, stiffness, soreness, cramped muscles, strained sinews, back "cricks"—those ailments can't fight off the relieving qualities of Sloan's Liniment. Clean, convenient, economical. Ask any druggist for it.

FOR STUBBORN COUGHS AND COLDS

Dr. King's New Discovery has a fifty year record behind it

It built its reputation on its production of positive results, on its sureness in relieving the throat irritation of colds, coughs, grippe and bronchial attacks.

"Dr. King's New Discovery? Why, my folks wouldn't use anything else!" That's the general nation-wide esteem in which this well-known remedy is held. Its action is prompt, its taste pleasant, its relief gratifying.

Half a century of cold and cough checking. Sold by druggists everywhere.

Bowels Out of Kilter?

That's nature calling for relief. Assist her in her daily duties with Dr. King's New Life Pills. Not a purgative in the usual dose, but a mild, effective, corrective, laxative that teases the bowels into action and chases "blues."

TIRED, NERVOUS HOUSEWIFE TOOK VINOL

Now She is Strong and Well

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well every nervous, weak, ailing woman should try it."—Mrs. N. Edmunds, 2107 Dwight Way, Berkeley, Cal.

We ask every nervous, weak, run-down, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help them.

TRIAL OF KAISER DETERMINED UPON

\$5,000,000,000 OF DAMAGES TO BE PAID BY GERMANY WITHIN TWO YEARS.

PEACE OBSTACLES REMOVED

While the Tension Has Been Greatly Reduced It is Yet Far From Being Entirely Removed.

Paris.—The responsibility of the German emperor for the war and the means for bringing him to trial by one of the allied governments, probably Belgium, have been definitely determined upon by the council of four. This follows the definite decision on the term of reparations for war damages, whereby \$5,000,000,000 must be paid within the next two years, and an inter-allied commission assess the remaining damage for a period of 30 years, beginning May 1, 1921.

Thus, two of the great obstacles which stood in the path of the rapid attainment of peace have been removed within the last twenty-four hours, and the period of extreme tension over the inaction and the failure to secure tangible results is succeeded by revived confidence over the great advance made towards a permanent settlement.

How far these results are due to the intimations conveyed by the summoning to France of the United States transport George Washington by President Wilson is only conjectural. But it is at least a coincidence that the main difficulties began to dissolve from the time that this decision became known.

The exact nature of these difficulties are not disclosed. Friends of the President maintain they were largely of a minor character, not involving large principles, though the president's adherence to his "fourteen points" as the rigid limitation of the scope of action appears to have run all through the deliberations during the tense period of the last few days.

While the tension has been greatly reduced, it is not entirely removed, as much depends on the continuation of progress with respect to the remaining obstacles, notably the Saar Valley, the Rhine frontier, the Adriatic issue and a number of lesser issues which are still short of final agreement.

The agreement on responsibilities for the war is understood to have been a compromise between divided reports represented by the commission of which Secretary Lansing is chairman. There was a practical agreement on the general responsibility of the German emperor for bringing on the war, but division occurred on whether it was feasible to bring him to justice before an international tribunal.

TEXAS STORM TAKES HEAVY TOLL OF LIFE AND PROPERTY

Dallas, Texas.—Eighty-two lives was the toll of the storm which swept north Texas, southern Oklahoma and a section of Arkansas, according to reports received here up to 10 o'clock tonight. Many points still were isolated at that hour and the number of fatalities may be increased when full details are available, as the tornado swept through thickly settled farming communities. Of the 82 reported dead, 43 have been identified.

ENGINEERS PERMITTED TO PARADE AT WINSTON-SALEM

Washington.—The war department, through General March, consented to permit the 105th engineers of the 30th division to parade at Winston-Salem, soon after they arrive at Charleston, which will be the 14th or 15th. It is believed the parade will take place about the 17th or 18th. The arrangements was made by Frank Hampton of Senator Simmon's office.

THE MISSION TO HUNGARY HAS RETURNED TO PARIS

Paris.—The mission to Hungary, of which General Jan Christian Smuts is the head, has returned to Paris and confirms press accounts that complete nationalization is a practical bolshevik ruse.

The members reported that the de facto government was well installed, and said during the conferences with the mission it showed an obvious disposition not to quarrel with the allies but to meet them amicably.

ATTITUDE OF THE GERMAN ARMY IS CAUSING ALARM

Stockholm.—The attitude of the army in Germany is especially pointed out as causing alarm. The soldiers, dreading the moment when they have to return to work on being disbanded, are aiding with the rioters to introduce a proletarian government. In Berlin, following the disarmament of the Augusta regiment, two other regiments had to be disbanded for fraternizing with the unruly elements of the town.

FREE USE IS MADE OF GOVERNMENT AID

MONEY TO MEET FEDERAL APPROPRIATIONS BEING RAISED ON ALL SIDES.

GREAT AMOUNT IS AVAILABLE

State Highway Engineer Says That Two-Thirds of Counties Show Willingness to Co-operate.

A number of counties over the State are fully appreciative of the benefits to be derived by raising money to meet the requirements of the federal government in the matter of securing funds with which to build roads.

The Sumter county board of supervisors and the county delegation held a meeting recently and delegated authority to the board of supervisors to borrow \$68,000 with which to meet federal aid appropriations for 1919.

Allendale county will put on a special seven-mill levy to raise money to meet the government appropriation. The levy will raise approximately \$33,000 and the federal aid will give an equal amount, making \$66,000 to be used on the State highway system on roads during the present year.

Capt. J. Roy Pennell, State highway engineer, in speaking of the disposition of county officials towards the highway department said: "Approximately two-thirds of the counties in the State have shown themselves more than willing to co-operate in every way possible with the State highway department for the improvement of the highways."

Cattle Imports Increase.

One of the largest shipments of Western cows that ever came into South Carolina came through Sumter several days ago consigned to Carolina Stock Farms, Foreston. There were five cars of native Missouri and Kansas shorthorns and Herefords. All of these had been tuberculin tested by the government before shipment. Such cows are larger and have much more quality than native South Carolina cows. They will be sold as far as possible in this State after being bred to registered Hereford bulls.

Bulletin on Education.

John E. Swearingen, State superintendent of education, has just issued a bulletin on laws relating to education enacted by the general assembly at its 1919 session which he is mailing out to all school men throughout South Carolina as well as all State superintendents of education in the United States.

Fourteen laws of Statewide importance were enacted or revised by the legislature and the bulletin carries the full text of these laws, among which are the compulsory attendance law, equalization funds for needy schools, high school and rural school laws, relief from the disabilities of the influenza epidemic, vocational training, flexible tax levy in school districts and public school libraries.

Auto License Fees.

The State highway commission through the State treasurer will distribute \$240,525.40 among the 46 counties of the State from automobile license fees paid for 1919 up to April 1. In 1918 the automobile license fees to April 7th amounted to \$195,512.40. The collections in 1919 were approximately \$45,000 in excess of those in 1918 up to the same date.

Section 11 of the act approved February 20, 1917, creating the State highway commission and imposing a license tax on motor vehicles, provides that the money from the license tax shall be used by the counties "only for the construction and maintenance of roads and bridges." From reports received last year, it appears that some of the counties turned the money from automobile license fees into the general county fund and did not use it as required by law.

Appeal for Rifle Meet.

Brig. Gen. W. W. Moore, adjutant general, makes the following appeal for the organization of rifle clubs: "In view of the contemplated national rifle and pistol matches to be held this year during the month of August under the auspices of the navy department, I am exceedingly anxious that additional civilian rifle clubs be organized at once throughout the State. Every assistance will be rendered such clubs in their organization, and in furnishing the necessary rifles and ammunition for their practice."

Meeting of Fire Chiefs.

The State Firemen's Association will meet in Columbia on Thursday, April 17. The sessions will be held at the Jefferson Hotel. Chief Louis Bobrens of Charleston is sending out letters to the various chiefs urging them to attend the meeting. The firemen usually hold their conventions during the summer months and hold firemen's tournaments. This year will be discussed at the meeting of next week. About 40 delegates are expected at the meeting.

THE BEST IS THE CHEAPEST White Mountain Refrigerators

EXCEL IN EVERY WAY

"The Chest With The Chill In It"

"The Chest With The Chill In It"

Gleaming snow-white interior that will not crack, scale or chip. Massive heavy hardwood cases, perfectly smooth, no place for dirt to lodge. Perfect insulation—it preserves food—uses little ice. ALL that the BEST should be—"in a nutshell"—that's the story of the WHITE MOUNTAIN, inside and outside, top and bottom.

A solid car-load on our floors to select from. Get yours now, while the stock is complete and have it for the entire summer.

As usual, you will find our prices the lowest.
