GIFT TO LIMESTONE COLLEGE

Permission Given to Reopen Wireless Station at Gaffney For Reception Only of Messages.

Gaffney.—Dr. Lee Davis Lodge, president of Limestone College, made the announcement that James A. Carroll of Gaffney had subscribed \$25,000 to the endowment fund of Limestone College. The young ladies who have the matter of the endowment in hand are bubbling over with enthusiasm over this handsome gift, feeling that Mr. Carroll, by his princely gift has to no small extent lightened the task which they had set for themselves to raise \$100,000 for the endowment.

Harry C. Wheat, who prior to the war had erected a very powerful wireless apparatus in Gaffney, but who was required to seal same when war was declared, has been apprised that he is at liberty to reopen his station for the reception only of messages. While this was good news to Mr. Wheat, it is not his purpose to reopen the station until he is allowed to send as well as to receive messages. The station was erected by the young man man solely for his own amusement.

Killing in Dorchester.

St. George.—Charged with the killing of Frank J. Grooms, a prominent citizen of the lower section of Dorchester County, Wallace Clark is now in the county jail here. The killing occurred on the Boone Hill Road several miles from Summerville. It seems that bad feeling had existed between the men for some time, difference in connection with a tract of land having been the cause.

The men met, according to information received in St. George, at a cattle dip in the section in which both lived. Following words, Clark fired twice, both shots taking effect in the body of Grooms, who was on horseback, and after he fell from his horse as the result of the first shot Clark is said to have fired again.

Spartanburg's School Building.

Spartanburg.—Whether or not Spartanburg will in the near future have a new high school building at a cost of \$200,000 will be decided by the qualified electors of this city. The election is held for the purpose of ratifying or rejecting the bill passed by the recent general assembly giving to this district a new high school building. But little interest is being manifested in the election, and it is believed that the vote will be light. No opposition has appeared and it is expected that the vote will be overwhelmingly in favor of the proposed bond issue.

Westminster Wins Cup.

Greenville.—Westminster high school for the first time in the 12 years it has been a contestant in the Piedmont Oratorical and Athletic Association won the championship and was awarded the Jefferson cup, which it will hold for one year. This cup has never been permanently won by any high school in the association in the past ten years because the requirements were that it must be won three consecutive years by the high school which owns it permanently. Frank McMillian represented the Westminster high school and was awarded the Endel individual medal for first place.

Awarded Greek Medal.

Fort Mill.—In a letter written from Constantinople is contained the information that the Order of the Redeemer has been conferred by King Alexander of Greece upon Lieut. Comdr. Wilden A. Ott, U. S. N., son of Dr. and Mrs. A. L. Ott of Fort Mill. Lieutenant Ott has been in the service about 16 years and is about 31 years of age. During the recent hostilities he has had charge of a flotilla of submarine chasers and his boat carries the star that indicates a "known" destruction of a German submarine.

Lectures on War.

Chester.—The Rev. Bruce Benton, pastor of the First Baptist Church, of Rockingham, N. C., who has just returned from France where he was stationed near Paris at one of the largest American aviation camps, delivered an able address at the First Baptist Church on "My Experiences With Our Boys in France." He also spoke of the league of nations and told what it would mean to the world in the years to come.

Wins German Helmet.

Laurens.—For submitting the best slogan to be used in the forthcoming Victory Liberty Loan drive in Laurens, Louie Solomon of the sixth grade in the Laurens city school has been awarded the prize, a German helmet. The contest was open to the pupils of the schools of the county. Young Solomon's rallying couplet that won the trophy as offered by Mrs. R. T. Dunlap, county chairman, follows: "Make the Hun groan, With the Victory Loan."

"Challenge of Human Needs."

Greenwood.—Seeking on the subject of "The Challenge of Human Needs," E. B. Kolb, representing Furman University, was awarded first honors in the South Carolina intercollegiate oratorical contest held in the auditorium of Lander College. R. W. Wilson of Presbyterian College was given second place, while A. Stokes King of Wofford was accorded third honors. The second place winner had for his subject "Our Greater Task," while Mr. King spoke on "The Eternality of Law."

State's Victory Loan Quota.

South Carolina will be expected to raise \$24,948,000 in the Victory loan. The State's quota in the Fourth Liberty loan was \$32,425,000, or one-third in excess of the present quota.

Five counties will be expected to raise amounts in excess of \$1,000,000. Charleston holds first place by a wide margin with a quota of \$4,891,400. Richland stands next with \$3,507,000.

To Greenville will be apportioned \$1,715,000; Spartanburg, \$1,358,800, and Anderson, \$1,062,600. The following is the apportionment by counties as given out by C. H. Gerald, secretary of the State Liberty Loan committee:

Smallpox Epidemic Feared.

Smallpox has been reported recently from various sections of the State according to Dr. Jas. A. Hyde, State health officer, who said that there were cases in Lexington, Marlboro, Richland, Florence and other counties.

The disease is affecting whites and negroes in about equal proportion.

In speaking of the situation Dr. Hayne said that he was of the opinion that the outbreak of smallpox was due to the failure of school superintendents and trustees to enforce the law requiring school children to be vaccinated. The disease had practically disappeared from the State, and its absence has brought about to a certain extent the abandonment of precautions against it.

To Develop Rural Districts.

Representatives of the Southern Settlement and Development Corporation, an organization which embraces the entire South, met with Governor Cooper and representatives of Clemson College and the State department of agriculture to discuss the program of rural development and settlement in South Carolina.

The South Carolina branch of the organization was effected last December and a campaign is now going forward to enlist the co-operation of bankers, business men, land owners and railroads in one combined effort to develop rural conditions of the State. The four weeks a representative of the corporation has been in the field more than 200 land owners have joined the movement, these owning more than 500,000 acres of land. No membership fee is collected, but the members pay one cent an acre each year as annual dues. Such procedure has been eminently successful in other States.

Secretary Glass to Speak.

Governor Robert A. Cooper unites with the Woman's Liberty Loan committee for South Carolina in inviting Hon. Carter Glass, secretary of the treasury, to speak in the house of representatives in the State House April 28 with Mrs. Antoinette Funk, vice chairman of the National Woman's Liberty Loan committee. Plans are being made by the committee for an important meeting which will arouse Statewide interest and Secretary Glass' visit will give inspiration to all workers.

Tanks to Tour State.

South Carolina is peculiarly fortunate to get three tanks to be taken on tour over the State that the people may see the workings of the "whippers" that broke the morale of the German army. There has been so much of romance and of mystery about these great crawling fortresses that the people have a great curiosity to see them and they are proving a great attraction everywhere they appear.

Each of these tanks is mounted with a French one pounder gun.
